meet that test. It is an admirable selection."

Frank Smith, Illinois member said:

"As the member from Illinois I did not place either the name of Brooks or Lowden in nomination as neither was a candidate. Of course, either would have served if he had been drafted."

"Both, I am certain, are satisfied with the action of the committee."

Senator's Record Good

Stelwer has opposed most of the new deal measures, but has not been uncompromising. He voted for such measures as the TVA extension, the labor disputes act, and the AAA amendments.

He opposed the work relief bill, the utilities bill, the tax bill and the Guffey coal bill. Stelwer has been active in soldier legislation, including the bonus.

Members of the committee said they understood he would be satisfactory to the supporters of the presidential candidacy of Senator William E. Borah of Idaho.

toward the mountains to take up stations for the anticipated battle.

In event the Italians are not halted in the mountains, the Ethiopians are expected to carry on guerrilla fighting.

The Addis Ababa radio station communicated today with the government's wireless station at Warra Halla, in the presence of an Associated Press representative, and established that the Italian army cannot be more than 30 miles south of Desaya, which it captured last Wednesday and left immediately afterward in a dark toward the capital.

Italians in Flight

This indicated a possibility the Italians may be taking the longer eastern road via the Danakil desert, which leads to Addis Ababa via Ambober and also to Hawassa, the site of the Ethiopian railway's biggest bridge.

The flight of natives from the capital continued.

Many foreigners slept last night in legion grounds where soup kitchens have been functioning.

Capt. John Meade, American military attaché who spent nine months with the Ethiopian armies in the north, will entrain tomorrow for Djibouti.

The government reported the Ethiopians still held Daggah Bur and Sasa Bahak, on the southern front.

There were no serious consequences of yesterday's run on the Bank of Ethiopia, as the bank had virtually complete silver cover.

In addition, no person has been permitted to take out of the country more than five silver thalers.

The bank, however, was proceeding with plans to close Thursday.

As Roosevelt Fired Opening Gun of 1936 Campaign

"I say do something... and if it does not work, do something else!" was the ringing keynote on which President Roosevelt opened his campaign for re-election in a speech before 20,000 young Democrats in Baltimore. At left he is pictured exhorting his audience to support of his social reform program, and is pointed out by the circle in the general view.

RODENT CONTROL PROGRAM STARTS

The Klamath basin rodent control program swung into full action Tuesday morning with the U. S. reclamation service, the county agricultural agent's office and CCC crews cooperating to make the campaign against noxious rodents more effective than ever before, according to an announcement from O. K. Beals, acting agent.

W. F. Hanan of the U. S. B. S. in charge of a crew of 12 CCC workers from the Merrill camp, started squirrel poisoning operations on government land and ditch banks in the Midland district Tuesday morning.

The men will work in that area for several days, moving to Worden and working back up the Keno road. Farmers on lands adjacent to government lands upon which the poisoning crews are working are urged to carry on similar operations at the same time in order to obtain best results.

Similar crews from the Bonanza CCC camp working under a U. S. biological survey employe will start work in that area within a few days it was stated Tuesday.

The reclamation service is furnishing poison, the U. S. biological survey providing the men in charge of CCC crews, and the county agent's office is carrying on the administrative work for the cooperative poisoning campaign.

Third Man Dead

Michael Dwyer, Nova Scotia minister of mines, who is directing the work, said he hoped rescuers would break through soon, but he would not estimate the time.

Robertson and Scadding are suffering from inertia as they await release. Their companion, Herman Magill, died early yesterday of exposure and privation.

MOOSE RIVER, N. S., April 21. (AP)—Although the two men trapped in a gold mine had indicated they were prepared for death after nine days of suffering, hope that they yet might be rescued alive before nightfall was expressed at noon today.

Michael Dwyer, Nova Scotia's minister of mines, who personally is directing rescue efforts, stated: "A few hours at the outside should suffice to reach the men."

However, he disclosed that 20 feet of fallen material still lay between the rescuers and the imprisoned men.

From 141 feet below the surface, Dr. D. E. Robertson, Toronto surgeon, had given what was believed a farewell message for himself and Charles Alfred Scadding, trapped with him in the depths since Easter Sunday night.

KENO ITEMS

KENO, Ore.—Cora Snogoose returned home Friday afternoon from a week's visit at their Clinton Morrow family at their new home near Redding, California. The Morrrows moved just recently from their ranch near the Van Valkenberg ranch. The track meet between Chiloquin high and Keno high ended in a win for Chiloquin, the score being 64 to 31.

Mr. and Mrs. Kendall have moved to the Pine Tree camp grounds. Kendall is employed by Big Lakes.

Mr. and Mrs. Brownlee and two children left Friday evening for a weekend visit with Mrs. Brownlee's relatives near Medford.

Betty Olin and Betty Kilpatrick attended the students special "Midsummer Night's Dream" matinee Saturday.

Mrs. George Elliott has as her guests her mother, Mrs. Gynn and her sister and niece, all of Puyallup, Washington. Mrs. Gynn arrived Easter Sunday, bringing Mr. and Mrs. Elliott's little daughter, Jean with her. Jean has been spending the winter months with her grandparents in Puyallup.

Ab Bush has moved into the John Croslin house.

Isle of Man Editor Visits in Klamath Country

A Cecil Teare, editor and proprietor of the Ramsey Courier, of the Isle of Man, is a Klamath county visitor. He has been for several days at the home of his brother, R. Malcolm Teare, farmer of the Bonanza district.

Accompanied by Mrs. Teare, the British publisher is on a three-months' tour of the United States. They were to leave at mid-week for Los Angeles, and will be back later.

On their way home they will pass through Canada, and will sail for England on the huge new British ship, the "Queen Mary," when it returns from its maiden voyage. The sailing is set for June 5.

Teare paid a visit to the plant of The News-Herald, and was particularly interested in the photo-engraving department recently established by this paper.

ROME CELEBRATES FOUNDING OF CITY

(Copyright, Associated Press)

ROME, April 21.—Premier Mussolini proclaimed today to thousands of cheering Romans, celebrating the 2,689th anniversary of the founding of Rome, "our ship has arrived in port with all sails spread."

Il Duce spoke from the balcony of his offices in the Piazza Venezia, where a great throng gathered to observe the holiday, corresponding to America's Labor Day, while other crowds celebrated the occasion throughout the kingdom.

"Today in the city of Rome we celebrate the double festival of labor and victory," Il Duce declared. "After difficult navigation, our ship has arrived in port with all sails spread, as it always will, to carry there the power, justice and civilization of Rome."

HENLEY SHEEP CLUB MEETS ON SATURDAY

Meeting of the Henley sheep club met on Saturday with the president, Marjorie Fairclough, at the home of Earl Reynolds, local leader. Roll call was given by the secretary, Lee Chase, and every member was present. There are 11 members in the club.

The song leader led the members in singing "Hail, Hail the Clubs All Here," after which they repeated the club pledge in unison. Garret Dean Hilyard and Shirley Fairclough presented a discussion of Shropshire sheep, telling where the breed originated, purpose and general usefulness in the sheep industry. Marcell Reynolds led a discussion on Southdowns, touching on the history, development and general purposes. A general discussion on sheep judging and the use of scorecard in learning to judge livestock was held, after which the club members went out and scored two purebred Hampshire yearling ewes from the leader's purebred flock.

The meeting closed with refreshments of ice cream and cake, served by Mrs. Reynolds. While Reynolds, local leader, was present throughout the entire meeting, the program was arranged and led by officers of the club and actively participated in by all of the club members. Thus carrying out one of the objectives of 4-H club work, which is the development of leadership and initiative on the part of the individual club member.

League Plunged Into Pessimism

public session last night, that the nations must expect no help from Britain if they became involved in difficulties unless they would be prepared to take combined action now against the adjudged Fascist aggressors.

Britain May Lose Faith

He warned, also, that Britain might lose its faith in the value of the league and turn to other ways of safeguarding its own interests unless the nations fulfill their duties under the collective security guaranteed by the league.

His words were interpreted as an indication that Great Britain, one of the leaders of the league, might withdraw from Geneva one day, just as Japan and Germany have withdrawn.

The Ethiopian delegate, Wolde Mariam, addressing the council, which seven months ago solemnly condemned the Italian warfare, asked of the last resolution addressed to Italy:

"Is this the effective assistance to which the member states obligated themselves in signing articles XVI of the pact? (This article provides for sanctions). Is this fulfillment of the promise made by the league of nations

in October, 1935, to the victim of aggression?"

Modestly reminding the league council that Ethiopia had fought for seven months against extermination not only of its political existence, "but of the very lives of its inhabitants, old folks, women and children," Emperor Haile Selassie's spokesman expressed regret at mere adoption of such a resolution.

He implored the council to tell him "if it would be content with addressing to the Italian government, which has hurled all the league of nations and all the world the challenge of might against right, a new appeal, supreme and platonic, for cooperation in maintenance of peace."

Police Announce Drive Against Parking Violation

Bad news for motorists who leave their automobiles parked in one place from the time they go to the office in the morning until they check out for the day!

The police department is starting its annual check of overtime parking, according to Chief of Police Hamm, and red tickets will be decorating many an automobile for the next few weeks.

Parking limits, to refresh the minds of motorists, are announced by Chief Hamm: On Main Street and all side streets from Second to Twelfth street, one hour parking limit, and on Pine and Klamath avenue, two-hour limit.

Waterfront Treaty Ratified Tuesday

SAN FRANCISCO, April 21 (AP)—Waterfront employers today ratified a tentative agreement with the International Longshoremen's association over a labor dispute, but observers said it was doubtful whether Harry Bridges, longshore leader, would agree to the terms.

\$12,000.00 SAVED

Mae K. Short pledged a reduction of expenses in operating the County Clerk's Office. Has she kept her pledge? Here are the figures taken from Auditor's reports which are open for public inspection for the three years Mae K. Short has been in office compared with the last three years under her predecessor:

| | |
|--|--------------------|
| SALARIES—Clerk and Deputies | |
| Under Predecessor, 1930—1931—1932 | \$38,246.80 |
| Under Mae K. Short, 1933—1934—1935 | 32,968.21 |
| SAVING UNDER MAE K. SHORT | \$5,278.59* |
| (* Includes \$866.58 Salary Reduction by Legislature) | |
| PRIMARY AND GENERAL ELECTION COSTS: | |
| Under Predecessor, 1932 | \$10,753.72 |
| Under Mae K. Short, 1934 | 8,959.59 |
| SAVING UNDER MAE K. SHORT | \$1,794.13 |
| SPECIAL ELECTION COSTS: | |
| Under Predecessor (Last Special Election, 1927) | \$ 4,261.80 |
| Under Mae K. Short, 1933 | 3,327.52 |
| SAVING UNDER MAE K. SHORT | \$ 934.28 |
| Paid Out for Election Work in Years No Election Held: | |
| Under Predecessor, 1931 | \$1,178.45 |
| Under Mae K. Short, 1935 | 82.15 |
| SAVING UNDER MAE K. SHORT | \$1,096.30 |
| Total Saving Under Mae K. Short for 3 Years | \$9,103.30 |

This saving of over \$9,000.00 in three years was accomplished in spite of an increasing volume of work in the county clerk's office. In 1933 the relief work was handled by this office without additional help. Registrations are heavier and the number of votes cast at elections greater. Based on the saving already made the first three months of this year, an additional \$3,000.00 will be saved in 1936.

BY THE END OF 1936 MAE K. SHORT will have saved the people of Klamath County TWELVE THOUSAND DOLLARS during her four year term.
