## Merrill News

MERRILL, Ore.—Mrs. Scott McKendree returned Friday evening from a motor trip to Marshfield and other coast points. Their itinerary was to have included a return by way of the McKenzie pass, prevented by snow blocked roads necessitating a detour.

Mrs. O. T. McKendree's brother, Otto Clum, former Klamath Falls resident is spending his sabbatical year in America, on leave from his position as athletic coach in the University of Hawaii. With Mrs. Clum he is camping on Cedar Springs, headwaters of the Umpqua river.

Both Mr. and Mrs. Clum are natives of Ashland. Mr. and Mrs. Earl De Lap, Merrill, with Cal Adams, Pitt Ridge, and Mrs. George Brite and son, the latter weekend guests in the De Lap home, spent Sunday on the Umpqua river, one of the most scenic spots in the Cascades. The trip was made in one day and the roads are reported to be in excellent condition.

Miss Ettie Barry, daughter of Mr. and Mrs. M. P. Barry, is visiting her parents. Miss Barry, born and raised in Merrill, has a host of friends here. She is a graduate nurse practicing in Los Angeles.

Another local girl who is a guest is Mrs. Haines, formerly Miss Esther Atchinson, who is the guest of her parents, Mr. and Mrs. Howard Wynant. Mrs. Haines who is also a graduate of the local high school lives in Santa Barbara.

G. H. Ryeratt, Corvallis, is the guest of his daughter, Mrs. Ralph Lilly. Mr. Ryeratt arrived Saturday and on Sunday Mr. and Mrs. Lilly took their guest to Crater lake, returning via the Greensprings.

Miss Ione Hamilton with her sister, Miss Lillian Hamilton, both of Crescent City, have been guests in the W. C. Bailey home. The young women are nieces of Mr. and Mrs. Bailey.

Mr. and Mrs. Chester V. Barton are expected to arrive home next Sunday following a wedding trip through California and to the Hawaiian Islands.

Barton left Merrill six weeks ago for Kansas, where his marriage took place. They will make their home in Merrill.

Mrs. Chester Dese and small son left Tuesday for central Alaska, where she will join Mr. Dese, who has been north for the past two months. After having lived in the Merrill community for the past year and a half they are planning to settle permanently in Alaska on a homestead.

Reports from the district where the new home is to be located state that vegetation makes a phenomenal growth during the short growing season. Records kept on maritimum plants this year show a daily growth of three inches. The sun shines 20 hours of the 24 and those having gardens have harvested their first crops of vegetables and have a second planting well on the way to maturity.

## TWO ROBBERIES BELIEVED SOLVED

Arrest of three boys of 16 and 17 years of age early this week, solved two robberies of early June, according to reports of investigating officer Patrolman R. A. LaLonde.

Loot obtained from the A. Operud home at 2000 Vine street and valued at \$800, was found hidden in the woods after questioning of the boys. Included in this were several valuable rings and lodge emblems.

The other robbery solved by arrest of the boys was that of the C. U. Vochatz residence at 801 Darrow street. Approximately \$150 worth of jewelry was taken from this place, and was also found hidden.

The three boys appeared in circuit court Monday and were sentenced to two years in the Woodburn reformatory by Judge Edward B. Ashurst.

## Names Checked for Petitions

Checking names on state direct legislative petitions has kept the county clerk's office piled up with work the past two weeks.

Since Monday 1200 names have been checked.

Petitions circulated here have to do with the non-compulsory military training bill, the state power bill, the amendment forbidding food taxes, state bank bill, prohibiting selling on the Columbia river, limiting and reducing taxes on tangible property, and hydro-electric temporary administration.

## ODELL LAKE

ODELL LAKE, Ore.—O. D. Matthews of Klamath Falls was a visitor at the lake last Thursday.

Mrs. A. E. Davis and Mrs. Lawrence of San Francisco arrived Sunday and will occupy the Davis summer cottage during the summer months. Dr. Davis will arrive in the near future.

Mr. and Mrs. James Rackner and Mr. and Mrs. Keith Gramer of Klamath Falls were picnicking on the lake Sunday. Other Klamath Falls people to visit here over the weekend were Mr. and Mrs. Henry N. Moser, Mr. and Mrs. Collier, Mr. and Mrs. Peter Albertson, Mr. and Mrs. Glen Hout, Mr. and Mrs. Francis Olds, Mr. and Mrs. Chas. Snyder and son and Mrs. Clara Moore.

Dunn and Baker, contractors, brought their equipment for road work in last week and resumed work on the Odell unit of the Willamette highway Monday. It is believed about a month will be required to complete this unit.

Mr. and Mrs. A. C. Glenger of Chiloquin spent the weekend at their cottage here.

Dr. and Mrs. E. E. Evans with their daughters, Betty and Barbara, have arrived from Oakland, Calif., and will occupy their home here until the latter part of August.

Mr. and Mrs. E. S. Martin went to Klamath Falls Monday to remain for a few days.

A strip of "cotton road" laid in South Carolina 10 years ago, and exposed to usual traffic conditions, has required no repair attention and still is in excellent condition.

## Prisoner Brought Here From South

Deputy Sheriff Dale Mattson returned from California Friday

without John Taylor, who was wanted here on a non-support charge.

When Mattson reached Redding, where Taylor was held for Klamath county, the prisoner de-

cided to fight extradition. Governor Merrim, after a hearing, refused to grant extradition, but required that Taylor contribute \$25 per month to his ex-wife and daughter here if he wanted to

keep out of the hands of Oregon officers.

More than 700 species of mushrooms have been proved edible, and many others doubtless will

be found fit for food, according to authorities.

Widows whose husbands' war wounds at last proved fatal are still being granted new pensions.

## NOW THEY'RE EQUALS experts say...

DO YOU KNOW what it is about imported Pilsner that makes it so much tastier than ordinary beer? Beer experts say it's three things:—Delicate hop flavor—not bitter, yet not sweet.—Deep, silky-smooth collar, highly aromatic.—Sparkling "pin-point" bubbles that never seem to quit rising.

Impartial expert beer tasters found that on each of these points Brown Derby is now imported Pilsner's equal. Just as you will discover the first time you bury your nose in Brown Derby's

deep, fragrant froth. "Ah," you'll say, "this is really beer!"

Test Brown Derby today. Cool it slightly; then pour yourself a treat. You'll be wanting a case, we warn you! And remember, there's no duty to pay on Brown Derby—it brings you the real Pilsner goodness at an American beer price!

**BROWN DERBY BEER** The equal of imported Pilsner  
AT YOUR NEIGHBORHOOD GROCERY — SAFEWAY

Fresh hops give you this delicate flavor  
Brown Derby is made of the finest malt and, like Europe's Pilsner, of latest harvest hops. Its pure mountain water is remarkably like the waters of Pilsen. And every step in its brewing is carried out with old-country thoroughness.
