

## Buzz Brown Scores Decision Over Al Spina

### Three Claim World's Title

Marshall, Levin and Lopez All Say They Hold Championship.

Three wrestlers—maybe more—put forth claims to the world's heavyweight championship. One is Everett Marshall, another is a Jewish wrestler called Dave Levin, and the third is Vincent Lopez of California. Since wrestling never followed the simple rule that there can be only one champion in each division, it is generally considered that one man's claim to a title is as good as another. Eliminating all the frills of the game, Everett Marshall, the husky Colorado matman, is from the standpoint of real talent, the only one of the three who has any right to the belt. In recognizing Marshall, wrestling is returned to the wrestlers.

Dok Shikat, the mighty Teuton, slickered the promoters recently when he slammed Danno O'Mahoney, who was then the champion, to the mat at Madison Square Garden. Shikat held the title only briefly and then the strange Al Baba knocked him into the fourth row seats at Detroit. The other night Marshall licked Al Baba at Columbus, Ohio.

California, and only California, has pinned the crown on the head of Vincent Lopez. Levin, who is managed by "Toots" Mundt, makes rather left-handed claims to the championship. Al Baba beat him recently with a dropkick, and Levin claimed a foul. The fact that the New Jersey commission didn't allow the foul hasn't made the slightest difference to Levin. He still says he was dropkicked into the championship.

### Salem Defeats Title Prospect

PORTLAND, Ore., July 7 (AP)—A nine-run rally in the sixth inning gave the Salem State league ball team a 13 to 10 victory over Reliable Shoe, heretofore unbeaten in the Oregon semi-pro baseball tournament. Five hits, an error and three fielders' choices paved the way for the capitol city win after the Portland Shoemen were leading 7 to 4 with the game more than half over. Moyle, pounding out two doubles and a single in five times up, was a big noise for the Salem batters. Beard for the Salemites and Blacone for Reliable Shoe blasted out three-baggers. Wilson, working seven innings for Salem, fanned 11 men. In the preliminary game, the Old Timers relegated Briday Vell to the "also ran" category with Cornelius by pounding out a 6 to 4 victory.

### Employees Return To Seattle Shops

SEATTLE, July 7 (UP)—Employees returned to work Monday in 30 automobile repair shops, closed five weeks during the deadlock between the dealers and the union over the question of the closed shop. The first break in the deadlock that has tied up most of Seattle's auto repair shops and resulted in several outbursts of violence, came through a temporary settlement, drawn up by the mayor's conciliation committee.

### FAVORITE WINS BY BIG MARGIN

Winner Becomes Northwest's Leading Featherweight.

PORTLAND, July 7. (AP)—A rapid-fire, 10-round slugfest with Al Spina left "Buzz" Brown atop the heap of Pacific northwest featherweights today. Brown, favorite of the Portland Irish and formerly of St. Paul, Minn., needed all his experience to pound out a decisive victory over the game Italian here last night. The two Portland boys put on the fastest bout seen here in years in Portland's first outdoor flistic show since 1934. The open air bout drew an estimated 6,000 persons.

Weight Made Easily Brown made the weight deadline and then some. He had to weigh in at 126 pounds or under or forfeit 25 per cent of his purse. For good measure, he tipped the scale at exactly 123. Spina came on at 122 1/2.

The Irish boy started out strong and built up a commanding lead in the early rounds. Spina gave little ground and proved himself a game sportsman but couldn't quite match Brown's punishment. The latter's experience in 160 professional battles stood him in good stead.

Brown went to the ring the favorite despite Spina's victories over such outstanding challengers as Young Tommy and Speedy Dado.

Spina Gets One Round Several times the Italian boy staggered Brown with hard rights but in only one round was he given a marked edge. Two were even.

Other results: "Midnight" Bell, 151, Portland, won an eight-round decision from Dick Johnson, 154, Portland; "Chalky" Wright, 129, Tacoma, took a six-round verdict from Eddie Spina, 129, Portland; Tiny Cooper, 132 1/2, Hubbard, Ore., knocked out Mel Reimor, 173, Tacoma, in the second round; Jack McComber, 172, Tacoma, took a four-round decision from Tony Accurdia, 173, Portland; knocked out Al Mestola, 127, Clatskanie, Ore., in the first round.

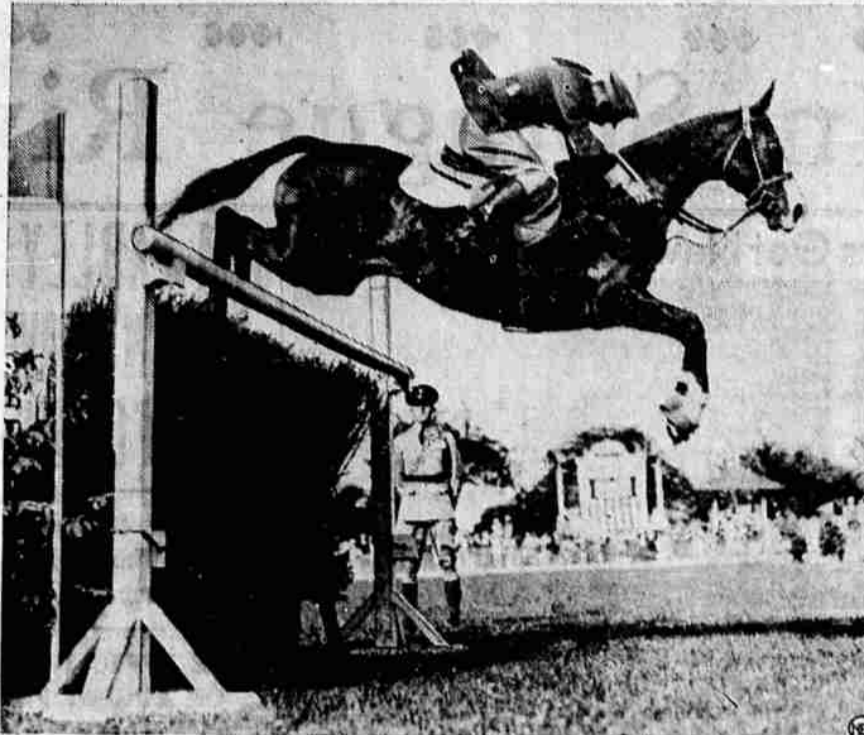

### California Crew Member Held For Automobile Death

NEW BRUNSWICK, N. J., July 7 (UP)—Ball of \$1,500 was set Monday for Carroll W. Brigham, No. 2 on the University of California crew, after a negro woman died from injuries suffered when her car and one driven by Brigham collided. Two other members of the California crew, who were in the car with Brigham—Ewald Swanson, No. 4, and Lawrence Arpin, No. 5, were injured. Arpin was discharged from Princeton hospital after being treated for cuts and abrasions. Swanson was kept for observation. The technical charge against Brigham was "causing death with an automobile." New Jersey has a special statute covering such matters, and for that reason Brigham must await action of the Middlesex county grand jury. If the grand jury hands up an indictment Brigham will have to return and stand trial. He was released in the \$1500 bail.

### DESTROYERS MOVE OUT

BELLINGHAM, Wash., July 7. (UP)—The destroyers Perry, Trevor, Wasmuth and Zane, comprising division 11 of the United States destroyer force, left here Monday for Port Angeles.

### Hurdling Hedge Into Olympic Picture

Right into Olympic competition went Capt. C. C. Jadwin, rider, and Joe Aleshire, horse, as they hurdled a difficult jump in team exhibition at Blind Brook Club, N. Y., over the difficult Prix de Nations course. Rider and animal, U. S. army entrant, are en route to Berlin, where they will condition themselves for equestrian events.

### Briton Sets Double Auto Speed Mark

BONNEVILLE SALT FLATS, Utah, July 7. (UP)—Two world records fell Monday before the thundering onslaught of Capt. George E. T. Eyston's blunderbuss racing automobile. Speed of the Wind, streaking like a thunderbolt across Utah's wind-swept salted speed cradle. For a solid hour, the debonair Englishman flashed his streamlined red racer around a 10-mile circular course on the gleaming flats at an average speed of 162.539 miles per hour.

Better by Three Miles Four AAA timers, employing an "electric eye" timing device, caught his mark and made it official. The record bettered by 3.229 m.p.h. Eyston's old mark of 159.30 m.p.h., established last year with the same car on the Utah course.

After lengthy computation, A. C. Pillsbury, heading the AAA staff checking the runs, announced that Eyston also had surpassed his own world record for the 200 kilometer distance with a speed of 162.42 m.p.h.

24-Hour Test Today Somewhat disappointed because he failed to beat the 164.04 100-mile record established by the German driver, Von Stuck, Eyston expected to roar away from the starting line some time tomorrow morning in pursuit of the 24-hour and 12-hour records he set on the flats last year when he was clocked at 140.52 m.p.h. and 143.98 m.p.h. for the respective racing periods.

Beside him as co-driver and mechanic when he begins his grind will be Bert Denly, one of the camp of eight men who accompanied Eyston here from England.

The pair also will be gunning for John Cobb's six-hour record established last year at 144.64 m.p.h.

### SPORT SHORTS

By EDDIE BRIEZE

Associated Press Sports Writer BOSTON, July 7. (AP)—Boston is chock full of the world's series atmosphere today. The outstanding stars of the two major leagues are home. . . . Every body is lionizing the celebrities on the squads led by Managers Charlie Grimm and Joe McCarthy. It's the nearest thing to a world's series Beantown fans have had a peek at since Ed Barrow, now of the Yankees, piloted the Red Sox to a flag in 1923. . . . Judge Landis arrived early to boss the show. . . . He roars for good weather.

The American leaguers will be going after their fourth straight victory. . . . They have had such an easy time in the past that Henry P. Edwards, the league's demon publicity man, says Joe McCarthy is thinking of starting his second team. The Nationals have a decided edge in pitching, but the Americans have it on them in power.

Tom Yawkey came up from New York to see the game. . . . But wishes he hadn't come so early. . . . He has been kept busy trying to explain to disappointed Beantowners just what happened to his gold plated Red Sox. . . . Mr. Yawkey wishes he knew. . . . "I am so tired talking, I can't think," he said. . . . Messrs. Joe Cronin and Jimmy Fox also are in town, but you didn't see much of them on the boulevards. . . . They were quite content to let Mr. Yawkey do whatever talking was done.

Lou Gehrig, the Yankee power-house, has played in all the previous all-star games, but he'll be looking for his first hit today. National league fans are anxious for a peek at Joe DiMaggio, a sure starter for the McCarthy forces.

### HIT BY BOLT

BUTTE, Mont., July 7. (UP)—LeRoy Burns, 14, was in a hospital Monday suffering burns and shock received when he was struck by a bolt of lightning during a torrential thunderstorm here today.

In one convention item, "a grin lit up Farley's face." Which is quite a feat of illumination, considering how far back his face extends.

### MONEY NEEDED FOR U. S. TEAM

Drive Started to Get Funds for Berlin Olympics.

NEW YORK, July 7. (AP)—The Olympic financial market turned bullish today as the drive for funds, inspired by Sunday's announcement that \$150,000 more was needed to seed a full American team to Berlin, got under way.

A difference of opinion as to the cause of the shortage turned up as Jeremiah T. Mahoney, former A. A. U. president and leader of the Olympic "boycott" movement, said it was caused by the strong sentiment against participating in the games in Nazi Germany.

Contributions Are Smaller Gustavus T. Kirby, treasurer of the American Olympic committee, promptly denied the statement.

Mahoney said: "The shortage of the Olympic funds shows very clearly that the American public will not support any team that is going to take part in such Nazi propaganda as these games are."

Kerby answered: "We have approximately the same number of contributions to the Olympic fund as we have always had in the past. The big difference is that they are not giving as much. Men who used to hand over \$500 now have come through with only \$50."

Trials Bring Sellout There were indications of a sellout, bringing in \$47,000, for the final men's track and field tryouts at the Randall's Island stadium Saturday and Sunday.

The University of Washington crew, which won the Olympic berth Sunday, received word from Seattle that the \$4,000 needed to finance its trip had been subscribed by Seattle citizens.

Avery Brundage, A. O. C. chairman, pointed out before leaving for Chicago that the track tryouts should provide a surplus as expenses will be only \$1,200. The New York park department is giving the stadium without charge. Brundage also said about \$25,000 was from special committees in various sections.

Bill Bingham, the track committee chairman, said a prominent athletic club had promised \$3,000 for the track and field team, but he would not name the club for fear some other committee chairman might beat him to the money.

Word also was received of special funds being raised for the expenses of Glen Morris, Fort Collins, Colo., decathlon winner, and Dathlyn Kelly, South Carolina high jumper who was named as an alternate when the women's track and field team was cut to four members.

NO BASEBALL NEW YORK, July 7. (AP)—There were no major league baseball games scheduled for Monday. Standings of the teams remain unchanged. No Coast league games Monday.

The mule deer is the largest found in the United States.

### OWEN'S UP

Marvin Owen, shown at the finish of his swing, has silenced the critics who had the Detroit club disposing of him following his batting flop in the world series last fall. Hitting 30 points above his 1935 average of .263, the third baseman has taken to clouting home runs.

### Legion Rifle Club Granted National Rating

The American Legion Rifle club of Klamath Falls has been granted a charter by the National Rifle association, the national governing body of rifle shooting, according to an announcement made at the headquarters of the association in Washington, D. C.

The officers are John T. Twidwell, 275 Plum street, president; Henry Conradi, 1028 Jefferson, vice-president; E. O. Sha, 1955 Esplanade, secretary - treasurer, and Carl K. Cook, 79 Pine street, executive officer.

This club is one of about 2600 active rifle and pistol shooting clubs affiliated with the National Rifle association.

### Seal Outfielder Leading Batters

LOS ANGELES, July 7 (AP)—Joe Marty, Seals outfielder, kept his batting leadership of the Pacific Coast baseball league, averages compiled today showed, during a week which saw but one shift among the five pace-setting sluggers.

Ten points behind Marty in second place was Norman Kies of Oakland with a percentage of .360. Kies did not see any action last week.

Gaining 11 points, John Frederick of the Portland Beavers jumped from seventh to third position, supplanting Fern Bell of Oakland who dropped a notch. Chris Hartje of Oakland retained fifth place.

### COAST LEADERS FACING THREAT

Second Division Clubs Show Inclination to Climb.

By the Associated Press Oakland leads in the Pacific Coast league standings today, followed by Seattle, San Francisco Mission and Portland in order, but do not be surprised if one of these teams is crowded out of the first division in the remaining 10 weeks of the season.

With the Shaughnessy playoff plan officially decided upon, giving the four top teams a crack at the championship and \$7,500 in series money, Los Angeles looms as the club which may edge one of the higher-ups right out of the pennant picture.

Schedule Favors Ducks It might even be the Oaks, who hold a game and half edge over Seattle at present, but who must play six out of the 10 remaining series on the road. The Acorns have faltered badly on strange lots in late series, and for the season have a win record of 13 against 23 losses on the road. They play their last three series away from home.

Portland, fourth-place club, is favored by the schedule, playing six home series including the last three of the year, at home, as well as a number of postponed contests.

All remaining clubs have equal numbers of games at home and away, postponed games excepted, but the Angels get a break by meeting their sternest foes at home in a majority of the series. The Scraps play a short series in Oakland, and seven games in Portland, but—other tough series are at Wrigley field.

Oaks Face Padres Oakland entertains San Diego in a series opening today, and with a terrific shattering of three weeks ago still a painful memory, the Acorns will be bearing down on the Padres, who were treated roughly last week by Los Angeles.

The Missions travel to Sacramento to meet the pestiferous Solons, who are a greatly improved team. The Solons are getting good pitching, and go down fighting in a large number of close contests. They are due any time for a winning streak.

Manager Dutch Kuether's Indians face a hectic week in Los Angeles, while the prospects are brighter for Portland, which meets the Seals in San Francisco. The Beavers are the only club in the league that has broken even on the road.

Detroit—Billy Weldner, 174, San Francisco, defeated Gedre Duasette, 174 1/2, Boston, two out of three falls.

Nan Glindele, of Chicago, holds the world javelin throw record and will be mighty tough to beat in Berlin. Her mark of 153 feet 4 1/2 inches is more than 10 feet better than Lilian Copeland's Olympic mark, set in 1932.

## FRANK FISHER RECOMMENDS THIS DIFFERENT TOBACCO TO HIS BROTHERS IN THE PIPE-SMOKING FRATERNITY!

"I OWN ENOUGH pipes to stock a store," says Frank Fisher. And he's been smoking Prince Albert in 'em going on 15 years. "You can smoke Prince Albert from morning till night, same as I do, and you'll never find one single trace of 'bite' or rawness. I figure that's due to the P. A. 'no-bite' process." No matter how much P. A. you smoke, every pipeful tastes cool, fresh, and flavorful.

"BEING 'CRIMP CUT,' Prince Albert is cooler and slower-burning," Frank says. "Seems impossible that any tobacco can be so good."

"I GET SOMEWHERE around 80 pipefuls out of each P. A. tin," Fisher says. Load up your pipe with this mild, fragrant smokin'."

Here's how to try P. A. at our risk—you must be pleased!

Smoke 20 fragrant pipefuls of Prince Albert. If you don't find it the mellowest, tastiest pipe tobacco you ever smoked, return the pocket tin with the rest of the tobacco in it to us at any time within a month from this date, and we will refund full purchase price, plus postage.

50 pipefuls of fragrant tobacco in every 2-oz. tin of Prince Albert

"ROLL-YOUR OWNERS" specify up "Prince Albert" in a mild, tasty tobacco, made for quick rolling. It stays set in the paper," says George F. Smith.
