

LANDON, AIDES LAY STRATEGY FOR CAMPAIGN

TOPEKA, Kans., July 13. (UP) Gov. Alfred M. Landon Saturday rested at the home of a friend, "somewhere in Kansas," in preparation for one of the most strenuous weeks since he was nominated for president.

Landon cancelled his afternoon press conference in order to escape century-degree weather in Topeka. He announced he was going to the farm of a friend, "somewhere in Kansas," to spend Saturday night and Sunday.

Last Real Rest

"It may be my last real rest until after the nomination," he added, "so I want to make the best of it." He declined to say if he planned to fish.

Next week Governor Landon's duties will be many and varied. He will hold a number of important political conferences, principal among which will be that Wednesday with Col. Frank Knox of Chicago, republican vice-presidential nominee. There will be other conferences with national leaders on campaign problems.

Speech Nearly Finished

Governor Landon also is expected to finish his acceptance speech next week. The speech has been written and revised several times but Landon plans a final checking up of technical details with his three advisers, Charles P. Taft, expert on relief and security; Ralph W. Hobe, authority on economics, and Earl H. Taylor, farm adviser. Several other persons close to the governor are expected to aid him in the final draft of the address.

Landon conferred today with Holmes Meade, Topeka, general chairman of the committee on arrangements for the notification. Meade said the final program has not been completed.

Family to Return

The Rev. Francis Johannes, Kansas City, Kans., bishop of the Catholic church for Kansas, will deliver the invocation at the notification ceremony. John D. M. Hamilton, republican national chairman, will deliver a short address and then introduce Bertrand Snell, permanent chairman of the republican national convention at Cleveland, who will introduce Governor Landon.

Following Landon's speech, the benediction will be pronounced by the Rev. Charles L. Meade, Kansas City, Mo., bishop of the Methodist Episcopal church for Missouri and Kansas.

Landon's family will return from Estes Park, Colo., for the notification. They plan to go back to Colorado immediately afterward and will be followed by Governor Landon within a week. Landon will remain in Estes Park about two weeks before he plunges into the campaign.

Outlook for Klamath Basin Crops Excellent at Present Time, County Agent Finds

Crop prospects for this season in the Klamath basin are excellent at the present time, according to County Agent C. A. Henderson, who reported pastures are exceptionally good, which is important at a time when there are great shortages of food in the middle west.

The Klamath basin pastures could handle more livestock than there is in the territory, Henderson stated.

The county agent received a letter Saturday from the head of the livestock information service at Miles City, Mont., indicating that a large number of cattle in that district must be moved at once because of a shortage of food.

These cattle, mostly Herefords and well bred types, are being offered for sale, the letter stated, with cows and calves being offered at \$40 and under, steers at six cents and heifers at five cents. These yearlings weigh

Plane Brings Stabbed Ship Captain Help

SAN JUAN, P. R., July 13. (UP)—A United States marine airplane flew 200 miles out to sea Saturday to bring ashore the captain of a passenger liner who had been stabbed in the throat by a member of his crew.

Weak from loss of blood caused by a four-inch gash in his neck, Captain Terence Burrows, skipper of the A. H. Bull Steamship company's liner S. S. Catherine, was transferred from his ship to a Douglas amphibian plane in treacherous rolling seas.

Three-Way Radio

A three-way drama of radio communication was carried out for two hours as the marine plane, dispatched from St. Thomas, Virgin Island, sought to find the Catherine before her ship was lost to death.

From ship to shore, and back to rescue plane, sped messages of encouragement to the captain, of changes of position of the speeding vessel, and of frantic directions to the rescue plane.

Ship Lays Smoke Barrage

At first unable to locate the Catherine, Lieutenant Colonel James T. Moore, of the U. S. Marine Corps, who had taken off for the 165 mile flight to sea to the Catherine and back 200 miles to San Juan, instructed the ship to lay down a heavy smoke barrage. By the trail of smoke he located the ship.

Once the ship was reached, Dr. T. H. Boling, U. S. public health physician who volunteered for the flight, administered first aid to Captain Burrows, who had lain for six hours without adequate attention, and was weak from loss of blood.

Fireman Slashes Officer

High seas were rolling, and it was at first thought impossible to transfer the stricken captain to the amphibian. Finally Colonel Moore took a rubber boat from his plane, floated it on one of the Catherine's own

MILLIONS SPENT ON PACIFIC COAST

Montgomery Ward spent approximately \$11,000,000 in the three west coast states, Oregon, Washington and California, last year for merchandise purchases and it was announced here today by R. Proebstel, Ward's store manager, who has just received the information from the company's Chicago office.

"We are proud," said Proebstel, "to be able to show to what an extent Montgomery Ward is a west coast institution. A company selling a wide variety of merchandise over a wide area must also make purchases over a comparable area and a large amount of these purchases center on the west coast."

In addition to these expenditures, the company will expend substantial sums in connection with the operation of the mail order house and retail store in Portland, the mail order house and store in Oakland and the other stores throughout the three states. These sums will include money for taxes, rental, wages, advertising, heat, light and water and many other items.

Condition Critical

Leaving the liner at 4:05 p. m. the marine plane landed here at 6 p. m. Captain Burrows was taken by ambulance to the Seaman hospital. He was reportedly in critical condition.

The Catherine, bound for its home port of New York, from Puerto Rico, was 258 miles at sea when the captain was wounded. It immediately turned toward San Juan, the nearest port, but sent its wireless for help when it was feared the captain might die from loss of blood before the ship could make port.

Storekeeper Denies Traps Set For Kids

SAN FRANCISCO, July 13. (UP)—Hyman Gornitz, 36, "Skidway" storekeeper, who assertedly used imitation dimes to bait wolf traps placed where children played, Saturday pleaded not guilty to a charge of assault to do great bodily harm.

Municipal Judge Daniel S. O'Brien, after examining the trap and seeing it splinter a pencil by a snap of its shining jaws, fixed bail at \$2500 or \$5000 bond. Gornitz returned to his jail cell.

Complaint against the storekeeper was signed by parents of neighborhood children who Gornitz claimed "robbed" him and destroyed his property.

Barber to Mount Stand This Week

LOS ANGELES, July 13. (UP)—Robert S. James, much-married barber on trial for the murder of his young wife, may be brought to the witness stand in his own

Christian Science Church

"Sacrament" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 12.

The Golden Text was, "But to do good and to communicate forgot not; for with such sacrifices God is well pleased" (Heb. 13: 16).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And when the hour was come, he sat down, and the 12 apostles with him. And he took the cup, and gave thanks, and said, Take this, and divide it among yourselves; And he took bread, and gave thanks, and brake it, and gave unto them, saying, This is my body which is given for you; this do in remembrance of me" (Luke 22: 13, 17, 19).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The true sense is spiritually lost, if the sacrament is confined to the use of bread and wine. The disciples had eaten, yet Jesus prayed and gave them bread. This would have been foolish in a literal sense; but in its spiritual significance, it was natural and beautiful. Jesus prayed; he withdrew from the material senses; he refresh his heart with truth, with spiritual views" (p. 32).

Sentence Imposed, Man Runs Amok

S. Hermanovich, sentenced to pay a fine of \$100 and to spend 40 days in jail on vagrancy charges Saturday morning, ran amok suddenly after sentence was imposed, according to police officers, and refused to be separated from Police Judge Richmond, whom he called his "savior."

Diplomacy was needed to lure the demented man to the county jail, and the police judge was the only person Hermanovich would allow near him.

The judge and prisoner walked from the city hall to county jail arm in arm, but close behind followed two police officers who eventually clapped the man into a cell to await a sanity hearing.

The people must become actively imbued with the idea of a co-operative society, receptive of the general purpose and possibilities of a co-operative commonwealth.—Secretary of Agriculture Henry A. Wallace.

All this in a smart, handsomely styled car, with gleaming chromium etching the sweeping lines from radiator to roomy, built-in trunk.

De Soto alone offers all these features for \$695 and up, list at factory, Detroit. Time payments to fit your purse. Ask for the Official Commercial Credit Company 6% Plan.

Gravel Pit Takes Little Boy's Life

BALEM, Ore., July 13. (UP)—A boy's fishing trip for crawfish ended fatally Saturday in a water-filled gravel pit.

Howard S. Carpenter, 10, of Parkdale, near Hood River, Ore., fell into a pit near Monitor and was drowned. He was fishing with two other boys.

The body was recovered late today.

Tempting cold dishes—created by the chef of the famous Hotel Shoreham in Washington, D. C.

The appetizing array of cold cuts shown below is a feature of the July menu in the fashionable Louis XVI Dining Salon of Washington's Hotel Shoreham. Here Camels and good food go together. As Robert, watchful *maitre d'hôtel*, observes: "Camels are the outstanding favorite at the Shoreham."

MACHINE-SHOP FOREMAN. John A. Merritt (on right) says: "When I've finished my meal, I shove back my chair, take out another Camel, and enjoy myself. Camels set me right! They've got everything!"

Camels add zest to eating—they set you right. No wonder smokers say:

"For Digestion's Sake... Smoke Camels!"

MOST VALUABLE PLAYER in the National League last season—"Gabby" Flannery. "I can smoke as many Camels as I like," he says. "A Camel with meals and after sets my digestion right!"

ON THE GO. Bill Ferguson, star salesman (right), says: "Camels give me an extra sense of well-being."

MISS UVA KIMMEY, daring girl parachute jumper. Miss Kimmey says: "I'm a Camel smoker. I like to smoke Camels at mealtime. They make food taste better and encourage digestion in a pleasant way. Camels don't jangle my nerves."

M EALTIME often finds us in a state of rush and tension. The excitement and nervousness slow down the flow of digestive fluids. Remember, then, to pause for a Camel. When you smoke Camels at mealtime, the flow of digestive fluids is helped back to normal. Alkalinity is increased. You experience the well-being that follows a meal well digested.

Camels are gentle on your throat and they never get on your nerves. Enjoy them often for their cheery "lift"... for their unequalled taste... for digestion's sake. Camels set you right!

COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.
