

HELD FOR KILSO
Harold Shirley, arrested by city police at a local lumber plant, is wanted at Kelson, Wash., on a charge of contributing to the de-

liquency of a minor, it was stated at the police station Thursday. Shirley was transferred to the county jail Thursday. Shirley indicated he would fight extradition.

Police Officers Here—Captain Lee Bown and Lieutenant A. G. Dunn of the state police office at Medford, were in Klamath county Wednesday on an inspection trip.

KLAMATH MAN, WOMAN GIVEN PRISON TERMS

MEDFORD, July 17. (AP)—John J. Angland, Klamath Falls' taxi-cab driver, was sentenced to serve not less than fifteen years in state prison, and his companion in the assault and robbery of John L. Little, Williams' Creek district miner and veteran, Ruth Talbot Merrill, was sentenced to serve not less than ten years by Circuit Judge H. D. Norton this morning.

Both defendants entered pleas of guilty.

Little, the victim, is now in the veterans' hospital at Roseburg suffering from a broken arm and head injuries sustained in a fierce fight with Angland on a secluded roadside near Gold Hill. Little was robbed of \$192, part of his bonus money.

Letters read by the district attorney indicated that the pair contemplated preying on southern Oregon veterans and others with money and that Little was the first on the list. A Klamath county potato grower and a Crater lake park construction worker were also listed.

Little and the Merrill woman "talked of marriage," the district attorney said.

The court in passing sentences said "the crime was organized and premeditated and has no element of leniency."

The husband of the Merrill woman is now serving time in state prison for burglary committed in Multnomah county, the district attorney told the court.

DOMESTIC WOOL WILL BE STEADY

PORTLAND, July 17. (AP)—Domestic wool prices in the next few months "will probably be fairly steady" if mill consumption continues approximately at present levels, the division of crop and livestock estimates of the U. S. department of agriculture said today.

The division estimated an available wool supply for the country this year "much smaller" than last year because of the small carry-over into the current season. However, mill consumption also declined.

Reviewing the market over a period of several months, the division found that a decline in the margin between prices of domestic and foreign wool since March has been accompanied by a "sharp decline" in imports of apparel wool.

There was a slowing down in the industry in the United Kingdom in May and early June, although consumption remained satisfactory but a rather general lull appeared in continental European wool textile mill activity in the same period, said the summary.

Preliminary estimates of wool production in Australia do not alter previous predictions that the 1936 figure would show little change from 1935, and the carryover of wool in the southern hemisphere will show a material reduction compared to a year ago, said the division.

STATE INDUSTRIAL ACCIDENTS MANY

SALEM, July 17. (AP)—Industrial accidents reported for the past week neared the one thousand mark, with injuries proving fatal to three, the state com-

mission announced today. The total accidents reached 980. Fatalities were: Ray Jacobson, Roseburg laborer, injured at Grants Pass July 7; John M. Kingston, Elkhart logger, injured at Reedsport July 11; and Logan Williams, Klamath Falls truck driver, injured at Dairy June 22.

Ospreys, as well as some other birds, carry water in their feathers and shake it over their nests, to keep the eggs moist.

Youth Saved by "God's Warning"

BIEBER, Cal.—William Hayes' transcontinental search for his brother-in-law, Joe Jackson, was extended from Crater Lake park and Yreka to Bieber, Wednesday. William said here that he was 16 and had been three months working his way from Miami, Fla., to these parts. Local authorities could not immediately call to mind such a Jackson.
