

REPORT SAYS CROPS DOWN TO NEW LOW

(Continued from Page One)

today or tomorrow in the drought area.

Forest Fires Rage
Forest fires blazed in Montana, upper Michigan and in Canada.

A wind and rain storm early today cut a path through Fort Worth and Dallas, Texas, causing damage estimated at \$100,000 to the Texas centennial exposition at Dallas. Hall accompanied the storm in many sections.

Additional deaths in Nebraska and Oklahoma, where for the most part the heat continued unabated, boosted the nation's total since July 1 to at least 4576.

Scattered rains brought some relief to parts of Colorado, Wyoming and western Nebraska, where temperatures ranged in the nineties yesterday while states to the east enjoyed a respite from the heat.

Lloyd predicted temperatures close to the 100 mark for today.

Corn futures, after a slow start, moved upward almost three cents a bushel in the Chicago pit today.

East of the Mississippi most of the nation enjoyed moderate temperatures, but the forecast for tonight and tomorrow was for warmer weather except in southern Indiana and southern Illinois. West of the river rising temperatures were to be general tomorrow except in southern Missouri, North Dakota, western South Dakota and north-west Minnesota.

Timber Ablaze

In Ontario, Canada, more than 250 fires were reported. The most serious roared over 40 acres of timberland at the headwaters of the Goulais river in the Sault Ste. Marie area. Most of the others were reported under control. Fire crews fought flames in the region of Alberta's Jasper national park.

A high of 106 was reported yesterday at Oklahoma City, although the temperature dropped to 74 during the night.

Additional showers, coupled with rains Sunday night, gave many areas in Iowa an inch or more of moisture. Crop reports said that the rain and cooler weather had halted heat damage to corn in that state.

Twenty-five persons died of heat in Oklahoma yesterday.

A stagnant mass of heat-charged air hung over southern California today, with 10 deaths.

BREAKFAST

EASE!

READY instantly. No cooking. No bother. Serve oven-fresh, flavor-perfect Kellogg's, and save time, toil, money! Made by Kellogg in Battle Creek.

Nothing takes the place of **Kellogg's CORN FLAKES**

attributed to six days of high temperatures and humidity. At Anchorage, Alaska, where lights have been virtually un-used since the arrival of 24-hour daylight with spring, illumination was necessary yesterday when a thunderstorm blotted out the sun.

SISTER SEEKS CRASH DAMAGES

(Continued from Page One)

The plaintiff continued her case in circuit court Tuesday morning in trial of the suit of Jeanne Wetherell against Tom and Angellina Garrett, her brother-in-law and sister. Medical testimony was given Tuesday as to the girl's injuries sustained in an automobile accident, the basis of the unique suit.

Miss Wetherell is a schoolgirl about 14 years old. A year ago she was injured when a car driven by her sister, Mrs. Garrett, allegedly crashed into the rear of another vehicle on South Sixth street near the Millard road junction. Miss Wetherell was plunged through the windshield, was badly cut and, her mother claims, suffered brain and heart injuries. She asks \$10,000, charging gross negligence.

Jeanne and her mother, Mrs. Lillie Wetherell, appointed guardian for the purposes of the suit, are represented in the case by Thomas Chaburn of Merrill, L. Orth Blomere and D. E. Van Vactor are attorneys for the defendants.

Judge Arthur D. Hay of Lakeview is presiding over the trial.

KLAMATH HEALTH PROBLEMS VIEWED

About 50 representatives of various civic organizations gathered at the Willard hotel Tuesday noon for a discussion of public health problems. The meeting was called by E. B. Hall, chairman of the city board of health.

Dr. Neil Black, county health officer, was introduced. Dr. Black told of the county health set-up and outlined various plans for his work. He said that the state will provide a laboratory technician when a public laboratory is set up here, and that this will probably be done when quarters can be found.

Dr. E. Deitche, city health officer, made a plea for keeping the city clean. County Agent C. A. Henderson, a member of the city health board, told of the food inspection program which has made Klamath Falls one of the healthiest spots on the public health map, so far as this line of work is concerned.

Members of the county court spoke briefly.

The group adopted a resolution thanking Hall for calling the conference.

Hay Assigned to Klamath Court

SALEM, July 21. (AP)—Chief Justice J. U. Campbell of the state supreme court announced today the assignment of Circuit Judge Arthur D. Hay of Lakeview, to Klamath Falls to try the case of Hollingsworth versus Kincaid. Judge Edward B. Ashurst of Klamath Falls has been disqualified for the case.

Leaves for Home—Mrs. W. M. Newton, who has been a patient at the Hillside hospital was sufficiently recovered Tuesday to leave for her home.

Improvement Reported—Everett Starling, who was injured in a weekend auto accident, was reported recovering satisfactorily Tuesday at the Hillside hospital.

HEAT RECORD FOR SEASON MADE TODAY

(Continued from Page One)

of the springs before it was controlled.

Fifty men were called out to stop a blaze that was set by a fisherman in the city region. It ran for about a mile on a half-mile front before it was controlled.

All Oregon was feeling the effects of the summer weather Tuesday.

Pendleton was the hot spot of the state with 106 degrees and the weatherman predicted that it would be even warmer there late today.

At La Grande, the thermometer touched a high of 103 degrees and it was 100 at Baker, giving eastern Oregon the hot weather championship of the season.

The warm spot of western Oregon was Salem, with 93.4 degrees yesterday, while it was cooler in Portland, with 87 degrees compared to 89 on Sunday. It was 92 at Roseburg.

North Bend again looked like the most inviting section of the state, with a maximum of 64 degrees.

MAYOR BACK WEDNESDAY

Mayor Willis Mahoney is expected back Wednesday from the Townsend national convention at Cleveland, Ohio. The mayor is flying west as far as Portland. He took an active part in the convention.

British Will Aid American Citizens

(Continued from Page One)

lish time) that the revolutionary movement, apparently led by General Franco, Quipo Del Llano and Mola, and supported by fascists and other rightist elements, had "assumed large proportions." He added it was impossible to obtain definite information. Wires between San Sebastian and Madrid had been cut.

Bridges Blows Up

The ambassador has dispatched telegrams to every American consulate in Spain to inquire as to the situation and the welfare of Americans. He had no assurance, however, that his telegrams could be delivered.

He reported that the Spanish government had requested all loyal supporters to arm themselves and had distributed arms at San Sebastian to the socialist youth and other republican organizations.

In San Sebastian and neighboring towns barricades had been erected and bridges blown up on roads leading to Victoria and Pamplona. The ambassador added there was sporadic shooting in the streets and roads, probably the result of weapons in inexperienced hands.

The civil governor at San Sebastian was quoted as saying the frontier was closed to all except diplomats.

Early today other reports indicating that Americans in the area affected were safe so far were made public by the state department.

Threat in Madrid, however, have been urged by the American embassy to remain indoors and arrangements have been made for their transfer to the embassy if necessary.

Madrid Break Suppressed

This information came from the American minister to Portugal, Robert G. Caldwell, who talked with the American embassy at Madrid by telephone from Lisbon at 11:30 a. m. today.

Minister Caldwell said he talked to Eric C. Wendelin, third secretary of the embassy, who informed him that the rebellion in Madrid was suppressed by government forces yesterday.

Wendelin was quoted as adding that conditions "are quiet, but serious." He said he had been unable to telephone from Madrid and was uncertain whether his telegram dispatches from the Spanish capital were being delivered.

He told Minister Caldwell that Malaga was reported to be in the hands of rebel forces and that these forces were said to be marching to Madrid.

From Gibraltar, American Consul Herbert O. Williams reported as of 9 p. m. yesterday that communications with Spain were cut off; that Algeiras and La Linea were in the hands of insurgents; that many persons were reported to have been killed at those places.

He said there were hundreds of refugees in Gibraltar and that Jay Allen of Oregon, correspondent of the Chicago Daily News, was safe and uninjured there.

No Townsend Dance—There will be no Townsend dance Saturday night at the Knights of Columbus hall to avoid conflict with the state Moose convention. Mr. Napier will be the speaker at the meeting of Club No. 1 Thursday night at the city library.

DRIVER OF DEATH CAR HELD IN JAIL

(Continued from Page One)

gent M. J. Barnes' office here on Tuesday filed reports of their investigation of the unusual accidents.

They said that Nickerson was riding at the time with a Mr. and Mrs. Porter of Silver Lake. As he crossed a bridge, laughing and talking with his friends, Nickerson saw Mrs. O'Keefe walking on the road, he told the officers.

Nickerson said he applied the brakes, but the car swerved to the right, striking Mrs. O'Keefe and throwing her against the windshield. He said he became excited and pressed the throttle instead of the brakes, traveling 222 feet after Mrs. O'Keefe dropped off the car.

Nickerson stopped, ran back, and hailed Frank G. McBroom, who was passing in his car. McBroom took Mrs. O'Keefe, who was seriously injured, into his car, and started for the hospital at Bend.

Sergeant Barnes said he was informed that Nickerson started to follow the McBroom car, and then went around it. Dant was thrown over McBroom's car, and may have been responsible in part for the second accident, involving the latter machine, he said. McBroom's car hit a culvert and wrecked, killing him. Investigators found Mrs. O'Keefe also dead in the wrecked car.

An inquest was held at Silver Lake and Nickerson, whose home is in Colorado, was taken to Lakeview to jail.

Mrs. O'Keefe has relatives in this county.

Vital Statistics

BIRTHS

HAWKINS—Born to Mr. and Mrs. S. W. Hawkins, 1336 Oak street, a daughter, at the Klamath Valley hospital, July 20. The child weighed six pounds and 14 ounces.

GOLDEN—Born to Mr. and Mrs. Clifford Golden of this city, a son, at the Hillside hospital, Monday, July 20. The child weighed eight pounds 111 ounces.

Instead of using bombs to drive ducks from their rice fields, farmers might spread on some American chop suey.

Claude Bowers, American Envoy, in Battle Zone

(Continued from Page One)

though government columns and aircraft harassed the defenders.

(Copyright, Associated Press) VERA, Spain, July 21.—All of Navarre and Guipuzcoa provinces in northern Spain, including the city of San Sebastian, were reported tonight to have fallen into the hands of rebels from Pamplona.

(Ambassador Claude G. Bowers of the United States and other American diplomats have been reported in summer residence at San Sebastian.)

The rightist rebels swept into San Sebastian after many had been killed and wounded in bitter fighting outside the city.

Martial law was proclaimed by the victorious insurgents throughout both provinces.

The occupying column of rebels numbered approximately 2000, more than 1000 of whom were cavalrymen.

The civil governors of the two provinces fled into France.

Youth Injured at Tulelake

Stanley Glick, 20, reclamation service employe, sustained injuries to a leg when helping unload a dredger at Tulelake Tuesday morning.

One of the heavy parts fell on the youth. It had not been determined whether a bone had been broken. The youth is at the Klamath Valley hospital.

Wilson's Grandson Aids Democrats

NEW YORK, July 21. (AP)—Democratic Chairman James A. Farley announced today the appointment of Francis B. Sayre, Jr., grandson of Woodrow Wilson, as president of the newly-formed Roosevelt First Voters' league.

Francois Boissier, French inventor, perfected a storage battery in which iodine is the active material.

The island of Ceylon, with an area about the size of West Virginia, has a population estimated at 5,500,000.

HARMONY KEYNOTE IN STATE POLITICS

(Continued from Page One)

terday—the exact number essential for re-election. Other votes went to Charles Sprague, Salem, 5; James Rodman, Eugene, 3; Dean Walker, Independence, 3; Walter Toose, Portland, 2; Henry McKinney, Baker, 1.

Lars Bladine, McMinnville publisher and formerly internal revenue collector for Iowa, was elected secretary, Lloyd Smith, Portland, was re-elected treasurer.

The plea for harmony was voiced by Stewart Weias, chairman of the Multnomah county central committee, who said attention of county chairmen should center on the "whole party" and not on "just those who supported."

Visitors introduced included State Treasurer Rufus Holman, Attorney General L. H. Van Winkle, National Committeeman Ralph Williams, National Committeewoman Mrs. Florence Runyon and Roy Ritner, G. O. P. congressional candidate in eastern Oregon.

Hearings Set For Tuesday Afternoon

Hearings were set for Tuesday afternoon in the cases of Willie Elston, Bob Nicholas and B. J. Settle, arrested on drunkenness charges at the negro "club" on Broad street. Police Chief Frank Hamm made the arrests.

Dolly Pete, Beatrice Tupper, Henriette Johns and Mike Barry were fined or sent to jail on drunkenness charges by Police Judge Richmond.

City police arrested George Painter on a drunk charge.

declared in Cleveland that Gomer Smith, who assailed Father Coughlin for criticizing Mr. Roosevelt would soon resign as vice-president of the movement. Smith, in New York, declared he would continue "as I always have, on behalf of the democratic party."

With national political events moving apace, a state primary held Montana's attention today.

Senator McMurray, democrat seeking reelection, has three opponents in today's vote. They are Representative Monaghan, Chief Justice Sands of the state supreme court and Associate Justice Stewart. Those seeking the republican nomination are State Senator Carroll, State Representative Egan, State Senator Larson and Jesse N. Stevanus, Great Falls publisher.

State Treasurer Rufus Holman, Attorney General L. H. Van Winkle, National Committeeman Ralph Williams, National Committeewoman Mrs. Florence Runyon and Roy Ritner, G. O. P. congressional candidate in eastern Oregon.
