BLINDFOLD DRIVER PLANS EXHIBITION

Captain DeZita, ex-officer of the French Foreign Legion, will make his blindfold stunt through the streets of Klamath Falls on Saturday. He will start and finish at Magill's drug store at 528 Main street. The drives are scheduled for 1:00 and 3:45 p. m. Saturday, and a large crowd is expected to witness the stunt.

The captain will drive a new Chrysler automobile from the Armstrong Motors, Inc.

Twelve commands for motorists were given today by Captain DeZita. They were listed as follows:

1. Use courtesy and consideration for the rights and privileges of others.
2. Keep your mind on your driving so you may anticipate any emergency and above all—keep calm.
3. Keep your car under control at all times; make it obey you.
4. Obey all traffic and parking regulations. It will eliminate payment of fines and the jeopardizing of lives.
5. Keep to the right of the road and comply with all markings on the road or street.
6. Signal your intentions when turning a corner or stopping. The motorist behind you is not a mind reader.
7. Slow down at all intersections, crossings, schools, corners and other danger zones. It will save your brakes and your nerves.
8. Never pass another car on a hill, curve or railroad crossing; be extra careful when you pass a car to the right in cities.
9. Adapt your driving to road conditions, especially in bad weather.
10. Don't take your right-of-way too seriously. It may cost a life or two.
11. Give the pedestrians courtesy; you are one yourself at times.
12. Remember these rules, and help the police and traffic officers. Traffic laws were made for YOUR protection.

DeZita has offered \$100 to anyone who can duplicate his blindfold stunt, using cotton tape and bandage, and driving perfectly, obeying all traffic rules.

INTEREST HIGH IN BIG CONTEST

Who will win the first of those 19 new Westfield bicycles, or the Ford V-8 sedan now on display at the contest headquarters, or the many other valuable prizes offered in the merchants' Trade and Win contest? This seems to be the topic of the day among the many candidates who have already joined the campaign.

Contest headquarters at telephone company are busy—door bells are busy with the parents and candidates phoning or calling on their many friends to help them in the race. Those who have not registered and wish to do so, are urged to do so now. Ten thousand free votes are being offered to candidates who register before Saturday, August 15. Competition in this campaign is open to any boy or girl between the ages of 10 and 22 years regardless of place of residence. A list of all campaigners already registered will appear in Thursday's issue of the Evening Herald and Friday's Klamath News. Remember, besides the 10 bicycles and the choice of first prize, the Ford V-8 sedan or the Farmall tractor, there are also many other prizes including a Leonard refrigerator, Delta power tool set or Johnson outboard motor, wrist watch, camera and five cash prizes.

While the contest is just 10 days old, indications are that this will be a memorable event for the juvenile population of Klamath Falls.

Monday this week started the second week of the contest. Candidates have until Saturday night, August 15, at 5:30 o'clock to turn in their votes for the second bicycle. The announcement of the winner of the first bike will appear in Thursday's Herald and Friday's News, August 13th and 14th.

SPRING LAKE

SPRING LAKE, Ore.—Mr. and Mrs. Armin Otto returned last Wednesday from a two weeks' trip to Santa Cruz, Cal.

Two new pickups found owners in Spring Lake. Armin Otto and Howard Curry each bought one of these cars, which are growing very popular here.

Harvey Phipps and son, L. A. Phipps, are combining rye for ready to cut. Yields are very good this year. The rolling hills of ripening grain give a striking picture.

All the apud growers are busy irrigating. In many fields the vines are so big it is impossible to see the rows.

The second haying will also soon commence, with several farmers getting ready to cut. Leonard Thoma, manager of the Earl Mack ranch, is nearly through haying his second crop. At Johns and son Louis have finished combining for John

Pach and are now harvesting wheat at their ranch on the south slope of Miller hill. Their crop is the best in years, largely due to the wet spring that prevailed this year.

Born brothers are starting binding grain at their ranch. Also the poultry house is undergoing remodeling in preparation for their flock of pullets being raised this year.

The large flock raised by Mr. and Mrs. A. Otto is already laying nicely.

Audrey Alger is driving grain truck for Al Johns.

200 BOYS ATTEND CAMP ON SPENCER

Approximately 200 boys attended the camp conducted on Spencer creek by Carl Cook, city juvenile officer, he stated Tuesday at the end of the last camp period.

The boys were taken to camp in relays. Each youngster spent three to four days in camp. Three or four boys stayed for the entire camp period.

Swimming, hiking and camp activities kept the boys busy. Cook is making more elaborate plans for next year's camps.

Cook left Tuesday for Roseburg to attend the Legion convention. From there he and Mrs. Cook will leave for North Carolina. On their return they will spend two weeks in Chicago, where Cook will study recreational and juvenile work. He particularly will observe juvenile court procedure in the Windy city.

Cook will return to Klamath Falls about October 1.

BUYERS' GUIDE READY FOR USE

The second edition of the Buyers' Guide, sponsored by the central committee of the Pacific Wooden Box Prosperity Movement and advertisers, is completed and distribution of the guide will start at the meeting of the committee and managers, which is to be held at the Willard hotel Friday evening at 7:30 o'clock.

The front covers carries a beautiful pine scene taken in Klamath. Inside the front cover is a short foreword by L. J. Bean, managing director of promotion work in this area. While the foreword is short it tells the story. The back cover lists the operations assisting in sponsoring the movement.

The remarkable thing about the guide is the improvement over the first issue, in the amount of goods now coming in to this territory that are

procureable packed in wood containers. The guide is printed in four colors, which makes it very attractive. A new departure is made in the binding, the first to appear here, which gives a flexibility not attained in other binding.

In speaking of the improvement, Bean is quoted as saying that the gains made have only been possible through the wholehearted cooperation of employees, management, and merchants.
