CCC NOTES

Captain L. B. Hanson, assistant district surgeon, Medford district, visited Camp Clear Lake Thursday, July 29, on an inspection tour. Captain Hanson pointed out a few suggestions for improving the cleanliness of the camp, adding that most of the features rated high, and concluded by saying: "Camp Clear Lake is the best camp that I have yet inspected."

At the general assembly Monday evening, the enrollees of Camp Clear Lake accepted an invitation to a general clean-up of the city of Tulelake. At a later date the boys will journey to the city some evening after mess and will assist the people in burning off a number of lots that are empty, and having an abundance of grass on them.

Every member of Company 3740 looks back with pride at this achievement in keeping Medford district prize camp flag for the third consecutive term.

Camp Clear Lake celebrated the winning of the district flag for three consecutive months with a huge bonfire. The boys had waffles, buns, ice cream, marshmallows and watermelon. The baker baked buns until 2:00 o'clock in the morning, baking about 800 for the occasion.

Camp Clear Lake's anti-grasshopper crew was disbanded Saturday, August 1. The crew, including truck driver and field leader, was composed of 11 men, namely: Leader Vullcot, Truckdriver Dennis, Stout, Boyd, Pickens, Fletcher, Rhyerson, Sloan, Taylor, Heckert and Bayless.

The crew, whose duty it was to destroy the demon grasshopper, was set into operation June 11 of this year. Six hundred acres of land were treated in June, 600 acres in July.

The barber shop, located in the south end of Recreation hall, was completed at Camp Clear Lake

last week. The installation of a new water system, also a sump which has been dug to receive the waste matter.

A baseball game was played Tuesday, July 28, between the truck drivers and the army. The army won by a score of 8-7. The game was filled with thrills from start to finish, and was enjoyed by the men more than any other game that has been played this season with any other team.

TULELAKE YOUTHS INJURED IN VALLEY

GRANTS PASS, Ore., Aug. 13 (AP)—A fire blowout late yesterday halted a fishing trip, wrecked a truck, and injured three Tulelake, Calif., boys.

Thorburn Rieben, 17, was taken to a hospital with fractured rib and abrasions on the right hand. Don Rieben, 18, had a lip cut which required eight stitches. Gilbert Osborne, 15, suffered a two-inch scalp wound. The youths were on their way to the mouth of the Klamath river to fish when the fire blew out several miles southwest of here.

Land and sea breezes are caused by differences of temperature between adjacent land and water areas. These differences are due to the fact that land areas take on heat and cool off with greater rapidity than do water areas.

At a height of 15 miles, an observer in a stratosphere balloon above Chicago could see nine states with the unaided eye: Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Kentucky, Ohio and Wisconsin.

HEARING SET ON DRIVING CHARGES

Hearing for Henry Andrew Vinco, charged with reckless driving, and driving without operator's license, has been set for Monday evening, August 17, at 7:30 o'clock. He was arrested Wednesday night by city police officers.

Officers were called to 134 Plum street at 7:15 o'clock Thursday morning, when Carl Johnson who rooms at that place, suddenly went insane.

The man, who had been brooding over a broken arm which failed to knit properly, began to act strangely, according to the rooming house manager. A doctor was called and a sedative given, which failed to quiet the man, however.

He was placed in the padded cell at the county jail pending a sanity hearing.
