

DULLNESS NOT IN EVIDENCE THIS AUGUST

NEW YORK, Aug. 21 (AP)—General business activity during this week was only slightly less than that of the usual August dullness. Dun & Bradstreet said today in its trade review of the week.

Consumer buying assumed a more leisurely pace, the agency said, the hot weather making for less interest in fall merchandise, but remaining stocks of summer items moved out rapidly.

Wholesale volume was about the same as in the preceding week with more attention devoted to higher priced items. With the unexpected rebound of industrial operations, some of the heavy goods divisions were near the high rate for the year, the review said.

"Record high temperatures in some districts, as the heat wave worked its way across the country, reduced distribution at most cities by 3 to 8 per cent for the week," the review said. "This shortened the estimated increase of retail sales to 10 to 12 per cent over the corresponding 1935 volume, taking the country as a whole."

The rise from last year's total in the New England states was 8 to 12 per cent; in the east sales averaged 12 to 15 per cent above a year ago; retail volume in the mid-west ranged from 10 to 20 per cent higher than in 1935, while the increase in the south and southwest was 20 to 25 per cent. On the Pacific coast it was 15 to 18 per cent higher.

Tulelake Briefs

TULELAKE, Calif.—Mr. and Mrs. A. L. Powers and Mr. and Mrs. Crum have returned from a fishing trip on the Klamath river. Mrs. Hans Nelson and Mrs. French Johnson have returned from a week's visit in Eugene.

Mary Frances Johnson, who has spent several weeks with an aunt in Los Angeles, has returned for the opening of school.

Mr. and Mrs. C. C. Spears are spending a week in Portland. George Reiben is assisting in the hardware store during Spears' absence.

A wide cement sidewalk on Front street and graveling of the street is to be an addition to the appearance of the new addition to Clyde's hotel, now under construction by Clyde Barks. The building is rapidly nearing completion, and with the arrival of the new switchboard for the local telephone exchange the company will effect an immediate move.

L. J. Horton was in Tulelake Tuesday from his home in Poa Valley, where the family has been spending the summer.

Mrs. William Weltkamp and Mrs. Clyde Barks were co-hostesses at a delightfully arranged evening of bridge at the home of the former Saturday evening for members of the 31 Bridge club.

High scores went to Mrs. Luke McAnulty and C. C. Chamberlain, and low awards went to Mrs. Rose Crawford and Mr. Crawford. Dainty refreshments were served at the close of four tables of play, and the group will discontinue sessions until after harvest.

Dr. J. R. Barr is spending the week in Portland, and expects to return to Tulelake August 24.

Ardina and Betty Cox, Betty Crawford, Artis Brown, Maxine Barks and Phyllis Sutton, Tulelake girl scouts, are spending the week as the scout camp at Lake of the Woods. The camp (Camp McLaughlin) has been occupied a greater part of the summer. Boy scouts in camp for a four-week period, relinquished the camp grounds to the girl scouts for two weeks. Their period will expire this week. The local girls taken to camp last Sunday by Mr. and Mrs. Clyde Barks, Mr. and Mrs. Sutton and Mr. and Mrs. Campbell, will return home next Sunday.

Mr. and Mrs. Jack Carlisle are returning this week from their former home in Salinas, Calif., where they went to ship household goods to Tulelake. Carlisle is now part owner of the barber-

shop formerly operated by Mr. Dunlap.

Lynn Kellar, new agricultural instructor, who will take up his work in the Tulelake high school on August 31, is scouting among the ranchers of the district for agricultural exhibits to be sent to the state fair at Sacramento in early September. Unusual garden produce, grains, grasses, potatoes and other field and garden crops are all eligible for entry.

The program committee of the Tulelake Parent-Teacher association met in the White school house Wednesday afternoon to perfect plans for the contemplated pro-

grams to be given during the coming school year. Mrs. Addie Meschke is program chairman, and a full and interesting schedule is promised by those assisting. The entire year's program will be published at an early date. The group has been meeting in the past on the first Friday of each month.

Mr. and Mrs. Ival Wolfe have had as their house guests, Mrs. Wolfe's sister, Mrs. Dwight Sands, Mr. Sands and three children of Martinez, Calif. The party enjoyed Crater Lake and numerous coast points on their trip here. They left Tuesday for their home. Other guests in the Wolfe home

shop formerly operated by Mr. Dunlap.

MAPS DEPICT PHASES OREGON FOREST PROBLEMS

The above chart maps graphically depict two phases of the forest situation in Oregon, as described in a report to the state planning board. The upper map shows the economical availability of standing timber in the state. Timber operable under normal conditions is indicated by the heavy diagonal bar lines; timber which may become operable under more favorable conditions is shown by perpendicular lines; and timber that is of low quality or inaccessible is indicated by horizontal lines. The dotted areas are cut-over or burned and those not marked are non-forest areas. The peculiar nature of the problem of the re-vested O. & C. lands may be noted from the lower map. The black areas represent the total acreage and approximate location, although it was necessary to generalize the actual checkerboard pattern in order to avoid the impression of a mere dotted area.

News of Oregon

PORTLAND, Aug. 21 (AP)—A thief, after looting a gasoline service station, left this note behind: "Wouldn't it be safer to lock the door at night?"

CORVALLIS, Aug. 21 (AP)—Problems and prospects in Oregon's rapidly growing turkey industry will be emphasized in the first statewide turkey industry convention, to be held at Oregon State college Tuesday, August 25.

The convention has been arranged by the college at the request of turkey growers, and if it proves successful, may become an annual event. H. E. Cosby, head of the poultry department, said.

PORTLAND, Aug. 21 (AP)—Mary Olivia Cameron, 17, and her sister, Ruth, 11, will have a chance to become American citizens.

Roy Norene, district immigration officer, said the girls, whose father, a former Cottage Grove minister, was deported, will be re-admitted to the United States. The girls were permitted to withdraw from the United States voluntarily and the approval of their application for re-entry will enable them to go to a Eugene home.

ONTARIO, Aug. 21 (AP)—Martin Kane, sheepman, and 15-year-old Warren Atherton, both of Ontario, are in a hospital here with groin wounds sustained when each was accidentally shot.

Kane struck the hammer of his rifle in pulling an ax from his kit while camped on Bear creek divide, 120 miles northeast of here. A shepherd traveled 15 miles to a telephone and with the aid of a forest ranger and three CCG men carried him out of the hills.

Atherton was shot by a hunting companion, in an "empty gun" accident. Both are believed to have a good chance of recovery.

LA GRANDE, Aug. 21 (AP)—Fifteen acres of shocked land and two acres of alfalfa were destroyed by a grass fire at Elgin late Wednesday.

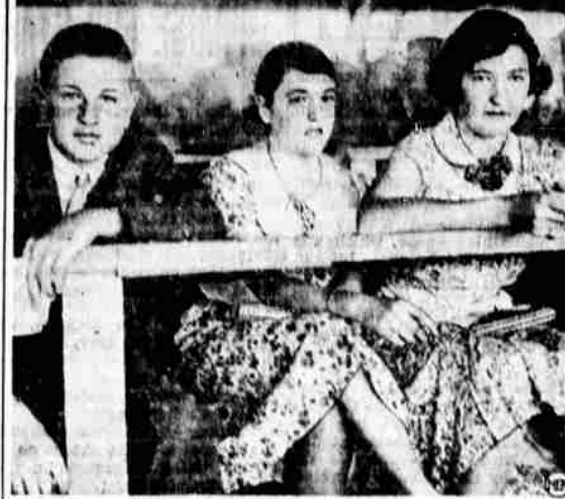

The fire was on the property of Bernal Hug.

MEDFORD, Aug. 21 (AP)—Articles of incorporation for the Rogue Elk Lumber company were filed here. The papers listed W. H. Harwood as president.

PORTLAND, Aug. 21 (AP)—Twenty-two Pacific northwest boys today joined the United States navy at San Diego and immediately started work at the naval training base there.

The recruits included Harold Guy Hamilton, Grants Pass; Theodore Julius Smith, Klamath

A Morgan and Two Harrimans

To a marked degree has the "Morgan look" come down to Henry S. Jr., son of Henry Sturgis Morgan and grandson of J. P. Morgan. The lad is shown as he attended the Grand Circuit meeting at the historic Good Time track in Goshen, N. Y. And the girls with him bear a name almost as famed in financial circles as that of Morgan. They are Phyllis, left, and Elizabeth, right, daughters of Mr. and Mrs. E. R. Harriman, granddaughters of the late E. H. Harriman, famed railroad magnate and banker.

Falls, and Raymond Lawrence Segarback, Silverton.

ONTARIO, Aug. 21 (AP)—The longest large aqueduct yet built by the U. S. bureau of water reclamation had its first flow of water yesterday.

It is the 4 1/2-mile siphon in the Dead Ox flat section of the Owyhee project, which cost \$708,000 and is six feet, seven inches in diameter.

Water will continue to flow through it for the remainder of the season to puddle the banks of the big canal across the northern portion of the project which will be farmed next spring.

PORTLAND, Aug. 21 (AP)—The German fruit steamer, Kaurerun, current storm center of the Spanish revolt, paid two visits to Portland last year, local shipping circles recalled.

The little vessel was here in January under the flag of the Hamburg-American line and again three months later in the service of North German Lloyd.

PORTLAND, Aug. 21 (AP)—Ten years ago, C. H. Soll, East Stanwood, Wash., shiner, sent his world war bonus certificate to the Shriners hospital for crippled children here. He instructed the board of governors to use the funds for the benefit of young patients when it was cash-

Red Rifles Guarding Spanish Nuns

Every story has two sides—even that about Spanish Communists pillaging convents and executing nuns. In contradiction Reds offer this picture, showing armed men and women protecting nuns in a convent at Madrid. Two nuns hold arms raised in radical salute.

this week are Mr. and Mrs. Lester Turnbaugh and two daughters, who are returning to their home at Chowchilla, Calif., after an extended motor trip through Pennsylvania, the New England states and other eastern points. They have also been guests in the home of Turnbaugh's brother, D. W. Turnbaugh and family. Lester Turnbaugh is principal of Chowchilla school, and the party is leaving Friday for home.

Miss Helen Wolfe, daughter of Mr. and Mrs. Ival Wolfe, who graduated last spring from Sacramento junior college, plans to enter the University of Oregon at Eugene in September. Miss Wolfe has spent the summer here with her parents, and will leave for school September 19.
