We know that the ingredients put into our leading products such as ANCHOR and CRATER LAKE brands are the finest to be had, world famous home grown wheat, full-flavored.

MARTIN BROS.' flours are made under the most sanitary conditions.

But the true test is whether the thrifty housewife likes these brands. Both Crater Lake and Anchor are the largest sellers among numerous brands of flour offered in the Klamath basin.

They compare favorably with other makes, nationally advertised, selling at a much higher price.

There's more food value in every slice of bread made from such popular brands of Martin Bros. as CRATER LAKE and ANCHOR.

Baked products from these brands are tasty and wholesome and contain more than the usual amount of health-giving ingredients that especially growing children need.

Buy MARTIN BROS.' flour because it builds up their energy; BUY it because they will like the tastiness of good things made with it.
