**Stock Market Quotations**  
NEW YORK, Sept. 25 (AP)—Attempts to rally the stock market today met with further resistance. Recoveries running to two points appeared shortly after the start, but leaders soon ran into sufficient offerings to halt the comeback, and improvement was cancelled in many instances or converted into declines.  
Activity occasionally was pronounced with the ticker tape bunched as speculative forces battled to mixed positions. Trends were established at the close.  
The news picture provided little incentive either way. Additional moderate selling was reported from abroad, based partly on "hot money" discussions between Britain and authorities at Washington. Some overseas buying orders, however, were also in evidence.  
Although some thought the market had been oversold, others remained skeptical pending a cleared outlook on business, earnings, dividends and politics. The far eastern war was thought to have been a minor influence.  
Transfers were around 1,300,000 shares.

**RECOVERY STAGED BY CHICAGO WHEAT**  
CHICAGO, Sept. 25 (AP)—Wheat prices staged a recovery today when the market developed a steadier tone in the final hour, and the day's losses in deferred contracts were eliminated.  
Weakness in Liverpool wheat was an unsettling factor here, as was a further decline in securities. Houses with eastern connections were reported sellers early in the session. The recovery in stocks was reflected here later, however, and there were reports of a fair export demand for North American wheat.  
October corn rose 1/2c to the close.  
Wheat closed 1/2c lower to 1/4c higher compared with Friday's finish, December \$1.05 1/2 to \$1.05 1/2, May \$1.06 1/2 to \$1.07, and corn was 1/2c to 2/3c up, October 7 1/2c. December 6 1/2c to 6 5/8c, May 6 5/8c to 6 5/8c. Oats were 1/2c lower to 1/4c higher.

**STORK DEALS DOUBLE**  
BEDFORD, Ind., (AP)—There was harmony today in the home of Bedford's proud mayor, Henry Murray.  
The mayor had wanted a boy, his wife a girl. The stork came with twins—a boy and a girl.  
Approximately 6703 acres of parks and open spaces are maintained by the City of London, only three acres are actually within the city limits.
