LIQUIDATING SALES SEND WHEAT DOWN

CHICAGO, Nov. 21 (AP)—Ignoring comparative firmness of values in Liverpool, the Chicago wheat market declined 1/2 of a cent today, influenced largely by month-end liquidating sales here. An increase of 719,000 bushels in the United States wheat visible supply total contrasted with 4,352,000 decrease a year ago. A moderate quantity of United States wheat in store at Antwerp was sold today at relatively low prices.

At the close, Chicago wheat futures were 1-1/8c lower compared with Saturday's finish, Dec. 28c-62c. May 65-1/8c, corn 1 1/2c down, Dec. 45-1/4c, may 50c-50 1/2c, and oats unchanged to 1/8c off.

Stock Market Quotations

NEW YORK, Nov. 21 (AP)—Aircraft proved popular in today's stock market, but most other groups had difficulty in attracting even mild support. Business news, on the whole, continued moderately cheerful, and some comfort was found in the apparent easing of foreign tension, but speculative forces generally exhibited little appetite for the buying side pending more conclusive evidence the market has completed the "corrective" movement following the lengthy upturn.

Gains ran to 2 points or so among scattered favorites, but numerous stocks were unchanged and minor losses were plentiful at the close.

Encouragement was derived from the fact selling was exceptionally light throughout. Transfers approximated 900,000 shares. Closing quotations:
