# SISKIYOU DAY AT FAIR AUGUST 12

Saturday, August 12 will be Siskiyou County day at the Golden Gate International exposition with headquarters at the Shasta-Cascade Wonderland building. The date was set and all arrangements are being made with the special events department of the World's fair by the Shasta-Cascade Wonderland association at the request of the Siskiyou county board of supervisors. Although the board asked for August 12 or 19, the twelfth was selected because on that date there will be few conflicting events on Treasure Island.

This will be the third county of the Wonderland scenic region of northern California and southern Oregon to be recognized by an official day at the exposition. Shasta county was first on May 20, and Jackson county was second on June 3. The only Wonderland City day so far was that of Ashland, Ore., July 9. The Wonderland association is urging other counties to select dates for their official day as soon as possible to give ample time for the preparation of special programs of the utmost publicity and advertising benefits.

Four large paintings descriptive of covered-wagon travel across western trails of California's early development have been added to the art display in the Shasta-Cascade building at the Golden Gate International exposition. The artist is C. E. DuBois of Mill valley, noted for his work as a specialist in immortalizing in colors on canvas scenes of early California history.

# BRAND INSPECTORS NAMED FOR OREGON

A brand inspector for each county of Oregon has been appointed by J. D. Mickle, director of the state department of agriculture, in compliance with a new state law which provides that all horses, mules, asses and cattle being shipped out of the state from any county must be inspected for brands.

In addition, out-of-county inspection is required in all eastern Oregon counties and three western Oregon counties, Douglas, Jackson and Josephine.

Deputy brand inspectors have been appointed in about half the 36 counties.

The law provides that livestock owners, before shipment is made, must furnish the brand inspector or his deputy with a list of brands, age, sex, color and flesh marks, against which daylight inspection must be made by the county inspector or his deputies. Animals must be checked over for brand in groups of not more than five, this to be done in pens and not in trucks.

Provision is made for penalties ranging from $100 to $2500 against various violations, including those on part of the inspector, the owner or custodian of livestock, the common carrier or hauler.

Fees collectable are 10 cents per head up to 25 head, with three cents per head for additional stock; and 10 cents mileage one way.

YADKINVILLE, N. C. (AP)—The first time a movie house offered a "jackpot," W. Banks Horton, a lawyer, won it.

A winning name was picked the third week "W. Banks Horton."

Disgruntled yells went up.

So a fourth drawing was held in the theatre lobby.

Yep, the winnah—"W. Banks Horton."
