

WALTONS HIT OPENING OF DOE SEASON

The first official action of the newly organized Klamath-Modoc chapter Isaac Walton League of America was to go on record opposing the opening of the mule deer doe season at the Klamath-Lake deer refuge. The Isaac Walton League met Thursday evening for a dinner meeting, elected officers, signed their new charter and outlined an activity program for the year.

John Ehinger was elected president; Charles H. Mack, vice president; Ed Hollingshead, secretary; Burge Mason Jr., treasurer; Matt Finnigan, Lloyd Low and O. D. Matthews, directors.

Action on the doe season came after discussion of the feed conditions on the deer passes and range. Members believed there was not sufficient shortage of feed for deer or domestic livestock to warrant a season on does at the present time. A conservation committee was appointed to follow up the opposition with the state game commission.

Other matters of game conservation were discussed but no official action taken.

The first Wednesday of each month was voted as the regular meeting time for the Klamath-Modoc chapter. The 26 charter members of the local Isaac Walton League are: Verne Moore, Bert Schmitt, Ivan Kesterson, Fred Hoagland, John Kusick, Chet Moore, H. L. Evans, Arthur Schupp, Hardin Blackmer, Clarence Ough, Hal Ogie, Paul Winter, Jim Burness, Charles Riley, Ed Hollingshead, John Ehinger, Herb Ryan, Ted Balcolm, Lloyd Low, O. D. Matthews, Jerry Thomas, Matt Finnigan, Charles Mack, Burge Mason Jr., John Shaw and Forest Loese.

KLAMATH STUDENTS TAKE PILOT TESTS

Klamath Falls airport was a busy place Friday with eight flying students being examined by Inspector Charles L. Walker, federal aeronautics authority for the state of Oregon.

Those taking examination for solo permits were Don Miller, Buzz Thompson, Archie Laine, Cliff Baxter, Henry Jensen and Jack Lambert, all of Klamath Falls.

Out-of-town students included Doc Kelly of Lakeview, flying his own Taylorcraft plane taking solo examination, and S. D. Begley of Tulelake. Begley is the only student in this month's examination at Klamath Falls to secure a private pilot's license which entitles him to fly at any time and to carry passengers.

Today's visit is the first here for Inspector Walker as he has just been transferred from California to Oregon, where he expects to remain for some time. He was very complimentary in speaking of the Klamath airport and condition of ships being used here.

Twenty-eight states of the Union have women in their legislatures this year, as compared to 23 states in 1938. The number of women legislators this year is 130, compared to 149 a year ago.

A rainbow may be seen all day long in a cloudless sky, in the coldest parts of Siberia. The rainbow is due to the reflection of the sun on fine particles of snow in the air.

Cinder tea, made by dipping a red-hot cinder in hot water, still is given children as a remedy for stomachache in some English villages.

The young of the condor cannot fly for 12 months after being hatched.

Goes North

Harold Klepper, manager of the downtown store at the J. C. Penney company since its opening here, has been promoted to the position of manager of the shoe department of the Penney store in Tacoma, it was announced by C. S. Elliott, Penney manager here.

The Tacoma store rates along with Seattle as one of the largest Penney stores in the northwest, it was learned. Mr. and Mrs. Klepper left to make their home in the north Wednesday.

WORKING WIVES AID TO BUSINESS, SPEAKER DECLARES

WASHINGTON, July 21 (AP)—Men may suffer as much as women if they succeed in preventing married women from working, Mrs. Dorothy Sanford Wilson, Portland, Ore., declared in a speech prepared for a "Women's Independence day" celebration Wednesday.

If the wives stayed in the kitchen, she declared, "bakeries, restaurants and other industries employing men" would encounter a slump that would put men out of work.

Mrs. Wilson heads the League of Professional Women, Inc., of Portland, organized to fight legislation discriminating against married women workers.

PROSTITUTION CASE DISMISSED HERE

The case of the city vs. Judy Myers, charged with vagrancy, being a common prostitute, was dismissed in police court Friday morning when the city's witnesses failed to prove the charges against Miss Myers.

Ball of \$25, posted by Miss Myers following her arrest at "The Iron Door" early Monday morning, June 25, was returned and Police Judge Carl K. Cook stated Friday that other bonds posted by Patricia O'Neill of the Palm hotel, and Pearl Anderson, said to be the landlady at "The Iron Door" on Spring street, as well as six other young women, would be returned. Miss O'Neill and Miss Anderson posted \$500 ball following their arrest, and the girls posted \$25, officers stated.

Chief of Police Frank Hamm was the first witness to be called in the case. He said he had "common knowledge and hearsay" that Miss Myers was guilty of the charge, however the court pointed out that hearsay evidence did not constitute prostitution and therefore could not be accepted according to the Oregon state law. Other officers, involved in the raid, also advised the court of a similar situation.

Chief Hamm stated he arrested Miss Myers, along with others at the Spring street house, in a raid which occurred at 2:50 o'clock the morning of July 26.

E. E. Driscoll represented Miss Myers, the city was represented by D. E. Van Vactor.

DEFENDANT WINS ACCIDENT CASE

A jury in Circuit Judge Edward B. Ashurst's court returned a verdict for the defendant in the case of Ethel Millar versus E. D. Potts and Dyke Potts.

The case grew out of an automobile accident, the plaintiff having sued for damages.

Arthur Schupp and Lynn Moore represented the defendant.

NORTHWEST CAR LOADINGS GAIN

SEATTLE, July 21 (AP)—Railroad shipments of Pacific northwest commodities climbed to \$5,745 carloads last month, exceeding last June by 14,958 cars and the best June in the past five years excepting 1937.

The year's total to date, R. E. Clark, secretary of the Pacific northwest advisory board, reported today, was 482,324 carloads. Only the similar period in 1937, when 493,463 cars were shipped, has been better since 1933.

HOPEFUL TONE NOTED AMONG STOCK ISSUES

NEW YORK, July 21 (AP)—With both foreign and domestic news exhibiting a more hopeful tone marketwise, leading stocks today pounded out recoveries of 1 to more than 3 points.

The list joggled along at comfortably higher levels until around mid-day. Then, following advice from Berlin officialdom decried war talk and indicated a peaceful settlement of the Danzig question was expected, a burst of buying hit the ticker tape with such force the recording machinery fell behind floor dealings for a while. Steels, motors, rails, aircrafts and specialties were in the lead. There was an assortment of new year's highs.

Despite frequent quiet intervals, transfers for the five hours approximated 1,300,000 shares.

The market refused to falter when President Roosevelt at his press conference contended recent shelving of neutrality legislation would hurt business. Wall Street opinion, generally, was to the contrary.

WHEAT CLOSES AT SMALL NET GAINS

CHICAGO, July 21 (AP)—Wheat prices closed with small net gains today but were slumped about a cent to new six year lows.

The recovery movement in wheat, which was in evidence in other leading world markets, reflected to some extent purchasing of commercial and speculative interests attracted by the low prices established yesterday. Strength in securities also was a factor but most attention in the wheat trade was centered on the government export subsidy program. Federal officials denied rumors that this would be discontinued and indicated sales might be on a large scale soon. The government was reported offering wheat to exporters on a flat price indicating a substantial subsidy.

Wheat closed 1/2¢ higher than yesterday, July 21-24¢, September 24 1/2-2¢; corn 1/2¢ down, July 24-23¢, September 40 1/2-1¢; oats 1/2¢ lower.

PRICES STRONG ON BOSTON WOOL MART

BOSTON, July 21 (AP-USDA)—A good volume of business was being transacted today on the Boston wool market at strong prices. Fine territory wools in original bags were bringing around 68 cents, secured basis, for good French combing lengths and 65 to 66 cents, secured basis, for average to short French combing lengths. Twelve months Texas wools in original bags were bringing mostly 67 to 70 cents, secured basis, with prices tending to the high side of the range. Some houses were refusing bids of 33 cents, in the grease, for graded combing, quarter-blood bright fleece wools.

CHICAGO LIVESTOCK
