Narrow escapes from death have marked a series of accidents on nearby highways the past few days.

Lawrence E. Neely, 35, and Luella E. Neely, 32, were injured in a crash on Greensprings highway near Pinehurst that sent Arthur Hertager, also of Klamath Falls, to jail on a drunken driving charge.

In justice court at Ashland, it was stated Hertager was highly intoxicated and driving recklessly when his machine crashed that occupied by Mr. and Mrs. Neely. The Neely car was toppled into a ditch and Hertager's machine rolled on down the road.

Judge T. Burns of Ashland sentenced Hertager to pay a \$100 fine and to serve 90 days in the county jail.

A car driven by Mabel Wilbur of Chiloquin collided with a truck of the Updegrave Trucking company on a private logging road in the Yellow Pine tract near Fort Klamath Monday.

Jack Ruegg was the truck driver.

Both truck and car were badly damaged, but no serious injuries resulted. Logs on the truck slid into the heat boards and barely missed going right through the cab. Mrs. Wilbur and a woman companion were shaken up and slightly hurt.

William Updegrave of the trucking company discussed the accident with county authorities Tuesday. He explained that roads in the logging tract are for private use, and that trucks operate on the left side in order that loaded trucks will not be close to the open sides of the road.

Three Rogue River people were injured in an accident Monday on Greensprings highway. They were Mr. and Mrs. F. W. Gibler and A. J. Ballard. They were driving from Klamath Falls in a machine driven by Ballard. A front tire blew out and the car turned over.

Candidates for Queen of Lakeview Roundup Chosen

LAKEVIEW, Ore., (Special)—The race is on for queen of Lakeview's twentieth annual roundup and the interest is keen with the selection by the committee of five of the county's most outstanding girls to take part in the contest.

Fall brunettes, blue-eyed Eileen Barry will represent the breath of old Ireland which is so prominent in the county. Eileen is a student at Oregon State college and is very popular among the younger group as well as a favorite among the more mature residents of the county.

Mina Proctor, the diminutive miss who is being backed by the Wooden Box association, bids fair to be a strong contender; not only because of the strength of her backers but of her popularity as a student in the local high school. Mina is another brunette.

Bernice Keller, backed by the East Side grange, is a beautiful tall and stately young miss, who lists horseback riding as one of her chief accomplishments. She also likes to swim; has lovely black hair and arresting brown eyes.

Probably the most outstanding one of the group for ability to handle horses is Beatrice Kennerly of Fort Rock. During the past year Beatrice has lost

TUGMAN RESIGNS CHILOQUIN POST

CHILOQUIN—Word was received here today that Mr. Robert Tugman, teacher and debate coach in Chiloquin high school has resigned from his teaching position as teacher in the Chiloquin high school to accept a position as assistant manager of the Retail Credit company in Spokane, Washington, at a salary of \$2400 per year.

Mr. Tugman made an enviable record as a teacher of the art of speech, and as a debate coach. Through his untiring efforts, his pupils in speech and his tenets in debate brought home a number of records and medals won in hotly contested matches, thereby adding to the honor of Chiloquin high school. The citizens of this community freely admit that the plays produced under the direction of Mr. Tugman exceeded those produced here in former years, and paid their tribute to his work by their generous patronage of plays given under his direction.

According to the high school students, Mr. Tugman was a dynamo of energy, and had the faculty of inspiring his pupils to try to keep the pace he set in his work, their only complaint being: "Oh! How we have to work!"

Mr. Tugman was a graduate of Whitman college at Walla Walla, Washington. His unceasing work and his achievements with the students of Chiloquin high school have made him a host of friends who declare that his successor will find it difficult to equal the record of Mr. Tugman.

DIGGERS FIND ANCIENT GRAVE

LONDON, Aug. 1 (UP)—Archaeologists have reported the discovery of a grave of an ancient Anglo-Saxon chieftain near Ipswich.

According to Ipswich museum authorities the grave was that of a chief who died about 13 centuries ago, around 600 A. D.

The remains of an 82-foot rowing alley in which the chief was buried were found. Also in the grave were jeweled ornaments, a gold sword and vessels of silver and gold.

Antiquarians regarded the discovery as one of the most important ever made in Britain.

mal consideration of the bill, already passed by the senate in a somewhat different form.

Refusal of the house to consider the measure came over the vehement opposition of Majority Leader Rayburn (D-Tex.) against such arbitrary action. Whether the leadership would attempt to obtain consideration through other parliamentary tactics was not immediately known.

The shatterer blow the administration suffered on the lending bill was expected to prove a severe discouragement to the house leadership in seeking to obtain action this session on the \$800,000,000 housing bill, a companion measure, which likewise already has senate approval.

Rep. Coffey (D-Neb.) told the house he hoped for defeat of the housing measure "which will draw from the federal treasury \$2,300,000,000 in the next 60 years." He apparently referred to annual rent contributions of \$45,000,000 which would be authorized in addition to \$800,000,000 to be loaned to local housing authorities for slum clearance projects.

winter months. Reduction of the herd was the purpose of the move.

Hunters Increasing
In their letter to the governor, the sportsmen cited the following factors with which deer in this area must contend:

"1. Klamath county is one of the most widely known deer hunting districts. Thousands of hunters come into this district from all up and down the Pacific coast. Likewise the number of hunters is increasing every year, and deer are being hunted harder every year.

"2. There is the usual toll taken by the elements, coyotes and forest fires.

"3. There is the year around open season for the Indians on the Klamath reservation.

"4. Lastly there is the illegal killing of deer out of season which has become a real menace in the Klamath area."

With regard to illegal killing, the letter asked the governor to investigate and place sufficient officers in the field "to stop this illegal killing of deer out of season."

The 1938 letter gave \$40,000,000 as the value of American investments in China. Officials say it is less now because of the aerial bombings of mission properties, some of which have been wiped out.

FUNERAL HELD FOR LAKEVIEW LAWYER

Samuel Abraham Jetmore, one-time prominent lawyer of Lakeview, died Saturday at Paisley. Funeral services were held Monday from the Ousley Funeral home with Rev. L. A. Meyers in charge. His wife died about six years ago and he has no known living relatives.

Jetmore was born November 16, 1873 at Warrensburg, Johnson County, Missouri and received his bachelor of law degree in 1895 from the University of Michigan. Before coming to this county he was a claim agent for a large railroad company in the east and traveled all over the south and east making adjustments for the company. Later he acted as assistant prosecuting attorney for Cook county, Illinois. In 1909, Jetmore came here and took out a homestead claim on property near Alkali lake. He moved to Paisley in 1913 and practiced law for two or three years before coming to Lakeview and setting up law practice. He stayed here until 1930 when he went to Klamath Falls and set up law practice there.

Jetmore will be remembered for his brilliant defense of Loren Trickey, which resulted in her acquittal on a charge of murdering her lover during a roundup. The case attracted national attention.

Jetmore was instrumental in obtaining an acquittal for Mrs. Ed Lamb of Paisley, who was charged with murdering her husband.—Lake County Tribune.

SPEEDERS OBJECT OF POLICE 'WAR'

City police are having a little war all their own. Opponents in the battle are the persistent motorists who speed through the city's streets with disregard for other drivers and pedestrians alike.

Six speeders were arrested Monday by the traffic squad, each paying fines of \$2.50 in police court Tuesday morning. Four traffic ticket holders presented pink slips to the desk sergeant and eight tickets were issued Monday to violators.

In police court the day was fairly quiet with but four drunks and one "vag" appearing before Police Judge Carl K. Cook.
