

# FOUR-H STEERS BEING WEIGHED FOR FAIR LIST

Starting Monday, August 21, all steers on feed for the Klamath Junior Livestock show, the Oregon State fair, and the Interstate Junior Livestock show in San Francisco, will be weighed for the last time prior to the Junior Livestock, September 24-26. Steers will be weighed in the following order: Monday, August 21, Henley, Tuesday, August 22, Olene and Hildebrand, Wednesday morning, August 23, Altamont and Keno, Friday, August 25, Bonanza, and Monday, August 28, Merrill and Malin according to Clifford Jenkins, county club agent.

Several livestock fitting demonstrations have been scheduled for next week with the various livestock clubs, and other clubs wishing demonstrations on fitting for the fair may contact your county club agent's office and schedule meetings. Fitting demonstrations will be staged by Clifford Jenkins, county club agent, at the Henley Sheep club on Thursday, August 24, at Main Cow Punchers, Saturday morning, August 26, and at the Bonanza Baby Beef club, Saturday afternoon, August 28. All the members of these clubs are expected to be present at their respective fitting demonstrations.

Livestock club members are again looking forward to the annual Livestock tour which will be held this year on Sunday, August 27. All livestock club members and their parents and friends may attend this livestock tour. They will meet at the Olene school house at 9 a. m. and from there they will proceed to the various club members' homes where livestock projects will be observed. Each one is to bring a picnic lunch. A sheep judging contest will be held at Earl Reynolds' home at noon.

On Tuesday, August 29, the county-wide livestock judging contest will be held for the purpose of selecting a livestock judging team to represent Klamath county in the livestock judging contest at the State fair. Two classes each of beef, sheep, dairy and hogs will be judged by each member present, and the highest scoring team of three from one standard club will be awarded an educational trip to the State fair where they will participate in the state contest. Last year the city of Portland won the livestock judging contest and Livestock club members from Klamath county are out to beat them this year. A meeting time and place will be announced later, according to Jenkins.

## Life Insurance Firm Pleads for Lepke's Arrest

NEW YORK, Aug. 21 (AP)—The Daily News says that "Quiet but none the less frantic pleas by insurance companies that the authorities find Louis (Lepke) Buchalter before his underworld foes locate him first brought the amazing disclosure that New York's No. 1 fugitive carries approximately \$1,000,000 insurance on his precarious life."

"Policies on the continued existence of Lepke, it was further revealed, are held by more than half the leading insurance companies in the city," the newspaper says.

"With a price of \$30,000 on his head—dead or alive—they are afraid Lepke's health is likely to take an abrupt turn for the worse at any moment."

"What makes it worse is that the policies are airtight. The insurance companies have tried vainly to find some technicality under which they could cancel them but in taking out the insurance Lepke made sure there were no loopholes."

"Lepke used his many 'legit' fronts, as the underworld terms enterprises designed strictly for cover-up purposes, in his applications."

**CAN'T LOSE**  
EAST HARTFORD, Conn. (AP)—Nicholas Lymbor won a set of golf clubs at an outing. Being a non-golfer, he sold them to another guest.

The purchaser then raffled off a set of clubs he already owned, and Lymbor bought a couple of chances.

Two days later, he was notified he held the winning ticket.

**CAID OF THANKS**  
We wish to thank our many friends for their kindness and beautiful floral offerings during our recent bereavement.

# 2100 SIGN UP PETITIONS ON DOE SHOOTING

Twelve more petitions were forwarded Monday to the state game commission by sportsmen opposing the opening of a season on antlerless deer near the Klamath-Lake mule deer refuge.

It was announced that altogether 2100 names were signed to the petitions.

These signatures were obtained in Klamath, Lake, Jackson and Josephine counties.

The opponents of the doe season have prepared another letter to Governor Charles Sprague. The text of this letter appears on today's editorial page.

The game commission has ruled that 500 special licenses will be issued for killing that number of does in a strip surrounding the mule deer refuge.

The local sportsmen sent the following letter to Governor Sprague:

KLAMATH FALLS, Ore. (To Governor Sprague)—In the deer controversy in southern Oregon it has been continually reported that Lake County citizens were in favor of killing the does. For my own personal information and in order to find out what the sentiment was in Lake County I took one of the Sportsmen's petitions and went to Lakeview last Sunday, and together with Dave Branch, a Lake county cattleman, we circulated the petition in Lakeview and from there north to Paisley. For your information we found only four men in favor of opening the doe season. We interviewed some eighty people on this trip, including residents of Lakeview, stockmen, sheep men, and residents of Paisley and seventy five of them expressed it as their opinion that it was a mistake to open the doe season, and each one of them signed the petition. Furthermore two businessmen of Lakeview asked that we send them copies of the petition as they wished to circulate them. There have been forwarded. The signed Lake County petition will be sent to the Game Commission today.

We have taken the liberty of asking you to cooperate with us in this matter and we therefore

feel that we should do everything possible to place all sides of this question before you. Apparently there has been some kind of pressure brought on the Game Commission by the Forest Service to kill off these deer and this seems to be almost the only factor on the opposite side of the question. We have had individual cattle men and sheep men from all over Klamath and Lake counties come to us and indicate that they are not in favor of opening the doe season. The pressure is apparently not coming from that source.

In the matter of the illegal killing of deer out of season in this vicinity, as we have stated before, our purpose in mentioning this was not to criticize the work of the local State Police but to point out that we felt that their work was being greatly hampered by the action of the Game Commission in urging the opening of doe seasons. However since this feature has come up, apparently at your suggestion the matter has been taken up by Superintendent Pray with the local State Police, and some of the local State Police have indicated to members of the Sportsmen's Committee and other sportsmen that we should point out to them specific instances of the violation of game laws, and take part in the arrest and prosecution of game violators. We do not agree with them in this at all. Every citizen would assist in bringing to justice someone who committed a murder or some major law violation but no citizen is called upon to police the community for minor law violations. That is the work of our police departments and they should assume it. There would be no more reason for us to go out and do what is a part of their work than there would be for them to come and assist us in our respective daily occupations. There has been almost a wholesale illegal killing of deer out of season adjacent to logging operations west of Klamath Falls in the blacktail country, and likewise in the mule deer country. No one should know this better than the State Police and we feel that they do know it. From what information we can gather the actual game law violation work has been handled principally by one man. Apparently he has done good work but no one man can cover this whole section of the State. There may have been more assigned to this work but whatever the force is, it has been inadequate to meet the situation.

On my recent trip to Lake county I happened to meet up with State Game Commissioner, Mr. Kenneth Moody of Bend who indicated to me that he had come down into that country to make a personal investigation of the

matter. From my conversation with Commissioner Moody I cannot help but believe that personally he is not in favor of opening the doe season. As a matter of fact I may be wrong but it is my opinion that probably all of the members of the Game Commission, at this stage of the proceedings, with the additional information that has been placed before them, know that there is no occasion for opening this doe season.

The easiest thing for them to do of course will be to stand on the order and bull the matter through but if they want to do the fair thing by themselves and the sportsmen of southern Oregon they will revoke the order and avoid the unnecessary killing of these deer.

Through you we again ask the Commission, in view of the additional information which they now have, to reconsider the matter and not open the doe season.

I am sending a copy of this letter to the Game Commission, and also a copy to Mr. Charles P. Pray, Superintendent of the State Police.

Thanking you on behalf of the committee for the interest and cooperation you have shown in this matter, I am,

Yours very truly,  
RAY R. TATLOW,  
Member of Sportsmen's Committee, No. 1 Main Street, Klamath Falls, Oregon.

**OBITUARY**  
**THEON ASPRELL DEARING**  
Theon Asprell Dearing, a resident of Tulelake, Calif., for the past three years, passed away in this city early Sunday morning, August 20. The deceased was a native of Brownville, Oregon, and was aged 25 years 3 months and 21 days when called. He is survived by his mother, Mrs. Lucella Dearing of Merrill, Ore., and a sister, Mrs. Earl Darnum of this city. The remains rest in Ward's Klamath Funeral Home, 925 High street, where friends may call. Notice of the funeral arrangements will appear in the next issue of this paper.

It is not for Roosevelt to tell us he wants a third term. It's rather for us to tell Roosevelt that we want a third term.—Senator Josh Lee, Okla. (Dem.)

## High Costs Force News-Telegram to Quit Publication

PORTLAND, Aug. 21 (AP)—The Portland News-Telegram announced it would suspend publication with today's editions because of "greatly increased costs of production" and "an ever-growing tax burden."

In a statement published in this morning's edition, the paper announced:

"In spite of the unceasing efforts of an able and loyal organization, this newspaper has encountered increasing difficulties, ranging from greatly increased costs of production to an ever-growing tax burden in the face of which continued operations on a sound basis are not possible."

The paper publishes the United Press leased wire report, announced that the competing Oregon Journal had taken over features and other comics, and had acquired the circulation list.

The Telegram was established in 1877. In 1931 it and the Scripps-controlled Daily News, which was established in 1906, were consolidated. The News-Telegram was a member of the Scripps league of newspapers.

About 150 editorial, circulation and other employees were on the News-Telegram's rolls this morning.

The Portland News Publishing company will retain its physical properties, including the building, plant and equipment.

The suspension left the Oregon Journal alone in the field, with Oregonian alone in the morning field.

## Former Official Commits Suicide

OLYMPIA, Aug. 21 (AP)—Prosecutor Smith Troy said today O. S. Pritchard, about 65, former employee of the county treasury's office, committed suicide today by shooting himself at his home.

**STANLEY and LIVINGSTONE**

# "WHEN YOU LIKE A CIGARETTE THE WAY I LIKE CAMELS —IT'S MIGHTY NICE TO GET MORE PUFFS PER PACK"

— says Owen Harding, Veteran Maine Guide

Recent impartial scientific laboratory tests of 16 of the largest-selling brands show—

By burning 25% slower than the average of the 15 other of the largest-selling brands tested—slower than any of them—CAMELS give a smoking plus equal to

**5 EXTRA SMOKES PER PACK**

1 CAMELS were found to contain MORE TOBACCO BY WEIGHT than the average for the 15 other of the largest-selling brands.

2 CAMELS BURNED SLOWER THAN ANY OTHER BRAND TESTED—25% SLOWER THAN THE AVERAGE TIME OF THE 15 OTHER OF THE LARGEST-SELLING BRANDS! By burning 25% slower, on the average, Camels give smokers the equivalent of 5 EXTRA SMOKES PER PACK!

3 In the same tests, CAMELS HELD THEIR ASH FAR LONGER than the average time for all the other brands.

OWEN HARDING, who knows the woods, streams, and portages of his native Maine country like a book, also proves a good guide on cigarette quality, as he shares his favorite brand with Mr. and Mrs. Clifford Stanford, from down in New York City. "Camels are a longer-burning cigarette," Owen says, "and that means more smokin' for my money. It means, too, that Camels taste cooler...milder. Puff for puff, Camels put more pleasure in smoking and a big extra measure of it."

Observe the way your cigarette burns. Recent impartial laboratory findings confirm the experience of Camel smokers. Camels are known to burn longer, delivering steadily to smokers more pleasure per puff and more puffs per pack. And all the while you get the mild, ripe goodness of finer, more expensive tobaccos, drawn from the largest treasure of choice tobaccos ever gathered in one place. Camels are the quality cigarette every smoker can afford.

Penny for penny your best cigarette buy—

**CAMELS**—LONG-BURNING COSTLIER TOBACCOS
