## GAINS MARKED IN WAR STOCK PRICE LISTING

NEW YORK, Sept. 21 (AP)—War stocks napped for a while in today's market but eventually awakened and stepped out for a spring that put many up as much as 3 points at the best. Isolated gains of 5 or so were noted.

Prices were spotty in the forenoon, with the turnover the first two hours the smallest since the boom got under way nearly three weeks ago.

Speculative forces had their ears to the ground, however, and, just after midday, when rumors were heard in boardrooms of a "leak" at Washington indicating repeal of the arms embargo was "in the bag," buyers hit the list from all sides and quotations soon mounted to peak levels of the day.

For a brief interval the ticker tape fell 3 minutes behind floor transactions. Subsequently there were frequent slow-downs and pickups in activity. Renewed hesitancy was evident near the close and final advances were well trimmed in many cases. Transfers were around 1,700,000 shares.

Rail equipments were strong all day, even when other groups were marking time. Aircrafts and farm machinery issues also were in demand. Steels, under water for a while, came back smartly on the noon bulge.

Initial cooling of bullish ardor was attributed to the desire of the majority of traders to await the address of President Roosevelt before congress after the close outlining the proposed shelving of the present neutrality act.

## MARKET RESEARCH STARTED AT OSC

A new cooperative research project, directed toward assisting agricultural marketing agencies with their financing problems, has just been established at the agricultural experiment station at Oregon State college. On this project Oregon station personnel will work with the farm credit administration on detailed studies relating to the financing of marketing agencies with particular reference to canneries and other food processing plants.

Chief representative of the experiment station on the project will be Dr. D. B. DeLoach, whose transfer from the instructional division to agricultural research was approved by the state board of higher education at its recent meeting. Working with Dr. DeLoach will be N. Fogelberg, senior agricultural economist in the cooperative research and service division of the farm credit administration, who has been assigned here temporarily from Washington, D. C.

A third man on the project will be W. Peters, who recently completed graduate work in agricultural economics at the state college.

## CASCADE

CASCADE SUMMIT—The heat spell at Cascade Summit was broken by an electric storm Tuesday evening. Another electric storm swept over this district again Wednesday. Prior to this the weather had been unusually hot for the time of the year.

Mr. and Mrs. Briley and daughter left Wednesday for Springfield, Ore., where they will make their home. Briley was station agent here. He will work in the station at Springfield. He has been absent from his duties here on account of an eye trouble. He has been receiving medical attention in Eugene.

Mr. and Mrs. Howard Hromoda are hunting near Crescent, Ore. Mrs. Gene Decker is ill. She went to Eugene to receive medical aid but returned to her home here.

Mr. and Mrs. Roy Currier and young son are spending their vacation in Minnesota visiting Currier's mother.

## Hopes to Smoke the Rabies Away

In "tobacco," smoked in favorite 3-inch stem pipe, 64-year-old Nestor Sildanen, Vancouver, Wash., farmer, puts faith that he won't get rabies. Bitten by mad dog some weeks ago, Sildanen has refused Pasteur treatment. Health authorities give him only 50-50 chance to beat disease and quarantined him.

turned from Nebraska where they visited the Foland's parents. Mrs. Anna Smith and daughter Jane visited at the R. L. Porter home. Mrs. Smith is Porter's sister.

Mr. and Mrs. Earl S. Tenney of Medford were registered at the hotel here.

All of the cabins and tent houses at the lodge have been filled all summer. A small village has sprung up in the Tripper Creek camp ground. Families of men working for the two construction companies on the highway and families of the men working in the tunnel near here have camped there during the summer. Several of the families having children of school age have moved now, but there are still more than a dozen families there.

## PRICES STRONG ON MARKET FOR WOOL

BOSTON, Sept. 21 (AP-USA) Business was fairly active on the Boston wool market today and prices were very strong. Moderate advances in prices were realized on occasional sales. Sales of graded bright fleeces wools included fine Delaine at 40-42 cents, in the grease. Good French combing lengths fine territory wools in original bags were moving readily at mostly 37 cents to \$1, scoured basis. Twelve month Texas wools were selling at prices ranging 38 cents to \$1.04, scoured basis, for the average run of wools in original bags. Occasional sales of choice twelve month Texas were reported at \$1 or \$1.05, scoured basis.

## WHEAT ADVANCES IN SHARP RALLY

CHICAGO, Sept. 21 (AP)—Scoring a sharp rally after an early decline, wheat prices today advanced more than 2 cents a bushel above the day's low levels and closed with net gains of more than a cent.

Short covering and buying attributed to milling interests were factors that led to the upturn.

## HAPPY RELIEF FROM PAINFUL BACKACHE

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging headaches, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or acute passages with smearing and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Strength in securities and reported withdrawal of federal reserve support of government bonds attracted much attention in the trade.

Wheat closed 11-14 cents higher than yesterday, December 80 1/2-81c, May 87 1/2-88c; corn 4-4c up, December 55 1/2-56c, May 58 1/2-59c; oats 3-1c higher.

CHICAGO POTATOES  
CHICAGO, Sept. 21 (AP-USA) Potatoes 74, on track 25c, total U. S. shipments 389; supplies moderate, demand fairly good, for northern Triumphs and white stock market slightly stronger. Idaho Russet market steady. Idaho Russet Burbanks, No. 1, under ventilation, washed \$1.50-75; unwashed \$1.45-50; Idaho Bliss Triumphs, No. 1, washed car \$1.85; Oregon Russet Burbanks, U. S. No. 1, washed, few sales \$1.75.
