NOTED SONG LEADER TO APPEAR NOV. 8

Residents of this section are to enjoy an interesting and stimulating experience in connection with the visit of Homer Rodeheaver who will sing and speak in the high school auditorium on November 8, at 7:30 p. m.

Rodeheaver is best known as a leader of song. For 20 years he has traveled with Billy Sunday as the musical director of his tabernacle evangelistic meetings.

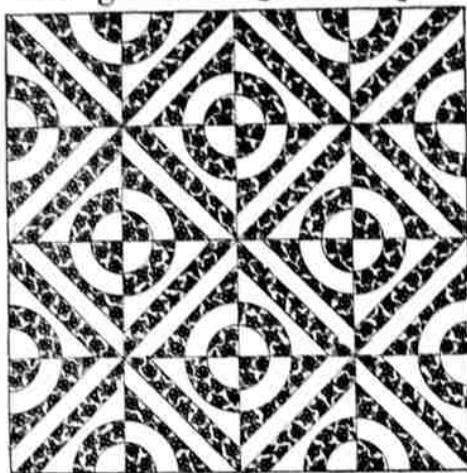

Master of any situation in groups large or small, Rodeheaver is noted for his rare ability in inducing those groups to sing heartily. With his famous trombone, his ready smile and his keen wit, he can sway any audience.

Rodeheaver is one of the great living exponents of the negro spiritual. He is the founder and promoter of the Summer School of Sacred Music at Winona Lake, Ind. He has toured the world in evangelistic meetings, has written numerous songs and choruses and several books.

Although best known as a leader of song, Rodeheaver is also a speaker of unusual ability. His stories and illustrations, from real life, drive his points home and an audience leaves his meeting refreshed and better for the contact with him.

There will be no admission charge for his appearance here.

779 Oregon Borrowers Repay Home Owners' Loans in Full

Loans of 779 Oregon borrowers of the Home Owners' Loan Corporation amounting to \$1,269,877, have been paid in full, while 7404 other borrowers are in satisfactory standings and clearly on their way to debt-free home ownership.

Frank B. Upshaw, state manager of the corporation, declared today. Some 265 additional borrowers are making adjusted payments which give hope that they, too, will be able to retain their homes, according to Upshaw.

In all, Oregon borrowers have repaid \$5,343,835 or 28.8 per cent of their entire principal indebtedness. Collections in August were 101.3 per cent of the monthly billings, with collections for the first eight months of this year exceeding any comparable period in the corporation's history.

"In the satisfactory category, we list all those who are current or less than three months in arrears, or who are in a liquidating class—meaning that they not only are meeting all current bills but, in addition, making regular monthly payments on their arrearages," said Upshaw. "When it is considered that HOLC borrowers were on the average of two years in arrears in both principal and interest and between two and three years on taxes when their loans were granted, the record of their 'comeback' is a proud one.

"Of these once distressed home owners refinanced by the HOLC more than 85 per cent now either have saved their homes or are almost certain to save them and an additional 2.9 per cent still are being given a chance."

The HOLC refinanced 9416 mortgages, to the extent of \$18,554,279 during its lending period from June 13, 1933, to June 12, 1936. Included in the original loans were \$446,257 for repair and reconditioning of homes to make

them sound security and \$1,952,964 for payment of delinquent taxes. Since the close of the lending period, the corporation has expended an additional \$382,522 for taxes, maintenance, insurance and similar purposes to aid borrowers and protect its own equities. More than \$264,056 has been spent to improve corporation-owned properties, to make them attractive for rental and sale. Every dollar spent on reconditioning, Mr. Upshaw pointed out, has stimulated the construction industry and enhanced neighborhood values; the tax money the HOLC advanced provided needed revenues for Oregon communities and the state.

The HOLC now owns 239 properties in Oregon, acquired through foreclosure or voluntary deed. It has sold 456 others, 165 of which were sold during the last eight months, 23 in August alone. Of the homes still in the possession of the HOLC and available to yield income, 92.2 per cent are rented. Rental collections in August were 100.5 per cent of billings.

Throughout the country, the HOLC granted 1,017,948 loans, amounting to \$3,092,000,000. Of these, nearly 58,000 loans, amounting to \$136,400,000 have been paid in full. Repayments to date total \$49,197,942, or 29.4 per cent of borrowers' total indebtedness. As of August 31, the HOLC owned 85,462 properties in the United States and had sold some 63,000 it was forced to acquire through foreclosure or voluntary deed.

DR. DAY TO CLOSE SERIES ON BIBLE

"As goes Maine so goes the nation" is a political slogan that has proved true in many an election. I would say, "As the home goes so goes the nation." The home is the greatest human institution.

Such are statements of Dr. Richard Ellsworth Day who is to speak Sunday evening at 7:30 o'clock on "The Home Built on the Bible" in the closing sermon of his series in the First Presbyterian church where he has been delivering wonderful messages the past few evenings.

"No one interested in the home life and the welfare of America," says the Rev. Theodore Smith, pastor, "should miss hearing this great message. And I would expressly urge all Presbyterian families to be represented as an effort will be made to ascertain the number present. All other families are likewise most cordially invited to attend."

In the morning at 11 o'clock Dr. Day will speak on "The Glory of the Cross," and in the afternoon at the great Moody meeting at 3 o'clock on, "The Accolade of Fire."

Dr. Day's last address will be delivered before the men's luncheon group in the First Presbyterian church at 12:05 noon, when he will answer the question, "Why Was I Born?" It is expected that a large number of men will be in attendance at this Bible class gathering. It would greatly aid the women responsible for the

meal if reservations were telephoned either to 2241 or 429.

In spite of the football game which attracted several thousand persons there was a good attendance to hear Dr. Day on Friday evening as he spoke on the "Witnessing Christian" dealing with the case of the woman who was healed instantly as she touched the hem of Christ's garment. During the sermon he used certain striking sentences such as the following:

"I do not say the Bible contains the word of God, but I believe that the Bible is the word of God in God's words. That mysterious time in which Christ deals with a person is a secret time, a secret transaction when God comes down and instantly the change takes place. If we are silent Christians we are living in disobedience to the royal will of the one who healed us. Christ demands a confession, 'Who Touched Me?'"

The "love gift" offering will be received for Dr. Day at the evening service Sunday.

Illinois Paper Buries War News

SPRINGFIELD, Ill., Oct. 21 (AP)—The Illinois State Journal appeared this morning without any war news on its front page.

A box calling attention of readers to the lack of war headlines said:

"If you still want to read about the war turn to page two."

Beneath the suggestion was reprinted the sermon on the Mount

from St. Matthew with line nine in bold face:

"Blessed are the peacemakers; for they shall be called the children of God."

There was no other comment.

22 Important Improvements in THE NEW FORD CARS for 1940

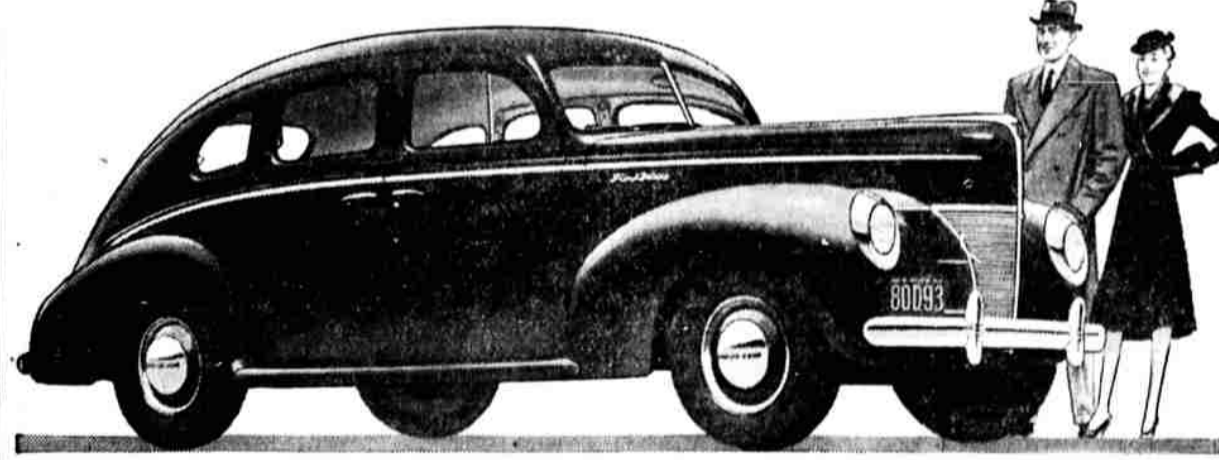

NEW FINGER-TIP GEARSHIFT on steering post in all models at no extra cost. Smooth, simple action. Shifting is easier and quieter.

MORE COMFORT, MORE QUIET Added room. Softer springs, improved suspension,* improved shock absorbers. New "Floating-Edge" Seat Cushions.

For many years, the Ford Motor Company made only one car—the Ford. Then, in turn, companion cars were developed—the Lincoln, Lincoln-Zephyr and Mercury. Each, a fine-quality car in its class, has made notable contributions to the quality of the Ford. This constant progress—under a unified management—reaches a new peak in the new models for 1940.

YOU'LL find that the new Ford cars include every worth-while modern feature. Many of these 22 important improvements give you greater comfort in riding—more room, more ease, more quiet than you have known before. Other improvements are for increased safety, convenience, and for style and beauty which give you pride of ownership. Underlying all these improvements are the basic advantages which Ford owners already enjoy. Smooth V-8 engine—the only V-8 in its price class. Powerful hydraulic brakes. Steady, stabilized chassis. Triple-cushioned comfort. All-around economy.

When you look at the big, beautiful car below—when you check features and compare prices—you'll realize that here is the best car investment you can possibly make in 1940.
