NYA ANNOUNCES POSITIONS HERE

Two new NYA projects calling for stenographic skill will provide work and training for four additional unemployed young women in Klamath Falls, State NYA Administrator Ivan G. Munro announced today.

One of the projects has been sponsored by the Klamath county school district. Munro said, and the other by Mrs. Howard J. Boyd, executive secretary of the Klamath county chapter of the American Red Cross.

Additional unemployed young men and women will be assigned, Munro revealed, to projects currently operating in Klamath Falls. District Supervisor Earl I. Rice will interview applicants in the city hall during his regular trip into the city, Wednesday, November 22, between 10 a. m. and 2:30 p. m. Rice said openings were available for 15 young men and 4 young women between 18 and 24 years of age.

At the present time approximately 25 young women are earning \$15 per month or more for 50 hours work on clerical, cafeteria, clinical or nursery projects for various tax-supported agencies and about 20 young men are employed on shop projects or engaged in the development of public owned facilities in Klamath Falls.

RANDALL RETURNS FROM S. F. FLIGHT WITHOUT SALLY

Bill Randall, Klamath air pilot, came back from San Francisco Tuesday without Sally Rand.

Randall flew Miss Rand to the bay city Monday morning, in order to get her there in time for a hearing in bankruptcy court. She had left the train here to fly south with Randall.

Bill had planned to return Miss Rand to Portland, where she has an engagement at a theatre. Fearful of being "forged in" at San Francisco Monday night, the famed tap dancer took a United Airlines plane north.

So Bill came back without Sally, but with her business manager, Dean Everett McKay and Hugh Arlo Thorsen were charged with hunting without licenses, and Wilbur Nino was charged with hunting in Oregon with only a California license.

Also Indicted

Fred E. Stewart, Oakland, Cal., member of the State Equalization Board, was added to the list of those indicted in Los Angeles on charges growing out of liquor investigations.

GUNWOMAN GIVES BAIL IN TEXAS

DALLAS, Nov. 21 (AP)—Blonde Corinne Maddox, whose blazing guns killed Brooks C. Coffman, 49-year-old criminal lawyer is free under \$7500 bond.

Coffman was facing trial on charges he stabbed Miss Maddox, 26, with an ice pick because she refused to go to California with him. He was married and had three children.

GAME VIOLATION COMPLAINTS FILED

Several more complaints charging game law violations were filed in justice court Tuesday through the district attorney's office.

A charge of hunting after hours was filed against James Franklin Copley and Harold William Gess.

Dean Everett McKay and Hugh Arlo Thorsen were charged with hunting without licenses, and Wilbur Nino was charged with hunting in Oregon with only a California license.

NO CLUES FOUND IN HIT-RUN CASE

County and state authorities said Tuesday they had not unearthed any clues helpful in solving the asserted "hit-run" case which resulted in the death of Charles Arthur Tobine, 35, near Dairy last week.

Tobine was believed struck down as he was walking along the Dairy-Bonanza highway. James Rogers of Dairy, his employer, reported he found Tobine in an unconscious condition. Rogers took the injured man to Dairy where another car was obtained and he was brought to Klamath Falls. He died in a hospital here.

Officers said they had found no trace of the car said to have hit Tobine. They were continuing an intensive investigation of the case.

TURKEY HARVEST REACHES PEAK HERE TUESDAY

Harvesting of the Klamath county turkey crop for Thanksgiving consumption reached its peak Tuesday, it was learned in a check with authorities who have watched with interest the increase in the turkey population in the county this year.

It was estimated that between 25 and 35 per cent of the crop is killed for domestic dinner tables at Thanksgiving time, the balance killed just before Christmas and shortly after the first of the year.

According to a reliable source the turkey crop in Klamath county is estimated at between 42,000 and 45,000 birds. Virtually all birds to be used in San Francisco have been shipped south.

IMPROVEMENT IN LAVA BEDS MOVING AHEAD

Poles are up for the Lava Beds national monument power line which will carry electricity for the first time to Indian Wells ranger station.

Ranger Don Fisher said Tuesday he expects the service will be established about December 1.

Fisher said that the ditch has been dug for a pipe line which will carry water from a well to the ranger station. A reservoir is to be built as a part of the water system.

An oil house is also being constructed.

Fisher said that Superintendent E. L. Leavitt and John Doerr, Crater lake park naturalist, visited the monument this week and voiced approval of the progress made on the improvements there.

HOUSEHOLDER NOT PATIENT WITH THOROUGH THIEF

McMINNVILLE, Nov. 21 (AP)—Marion Schindler of Grand Island told Sheriff G. W. Manning yesterday that he could put up with a little conservative burglary but the yeggs who frisked his place during the family absence last week end went too far.

They even took the drawers out of the kitchen built-ins, to say nothing of the globes out of the light sockets. They took the refrigerator, washer, circulating heater, day-vendor, chairs, chair cushions, silverware, dishes, cooking utensils and a general household inventory.

GRANGE PROPOSES IMPORT, EXPORT GROUP FOR U. S.

PEORIA, Ill., Nov. 21 (AP)—Creation of a non-partisan body with broad powers to regulate imports and exports was proposed today by the foreign relations committee of the national grange.

The proposal was placed before the organization's 71st annual convention in the form of a resolution which also urged congress to terminate trade agreements now in force or pending under the reciprocal trade act.

Contending the trade agreements and the most favored nation clause had increased foreign competition for American farmers, the committee expressed opposition to renewal of the trade act upon its expiration in June, 1940.

The grange adopted the resolution during the morning session.

The proposed trade board would be responsible to congress and "broadly representative of all American producing and consuming interests, properly coordinated with the tariff commission, with powers to regulate imports and exports within prescribed limitations and with power to promote and encourage exchanges of goods advantageous to the American people."

The grange adopted a resolution urging an adequate protective tariff on all imported commodities competing with American produced starch.

A petition signed by a number of persons in a circular form is called "A round robin."

Don't Spend Money You Haven't Got!

That's the first lesson in thrift! Be sure you can pay before you buy. It's a good way to get ahead in the world—and you save yourself the worry about bills. If you want to make weekly payments, make them AHEAD of time. BEFORE you need your purchase. Then, when you're ready for it, you'll have it all paid for.

GUARD YOUR OWN AND NEIGHBORS CHILD FROM SCARLET FEVER

This ancient disease, while not conquered by any means, is less a menace now that Doctors and health authorities understand how to fight it.

Scarlet fever is primarily a "contact" disease, contracted from direct contact, or contacting secretions from nose, throat or ears of the patient.

Contrary to common belief, the first days are the most contagious in scarlet fever.

One to ten years are the most susceptible, but adults are not entirely immune. First symptoms are fever, severe sore throat, often a chill followed by more definite symptoms.

- Remember:
1. Child with enlarged or infected tonsils and adenoids is more apt to contract Scarlet Fever.
 2. Keep your child out of school or any home where there is Scarlet Fever.
 3. Protect your child, if there are cases in school.
 4. Keep your child at home and consult physician, if he has sore throat and fever.
 5. By all means sterilize everything the patient has contacted after a case of Scarlet Fever.
