with plans for the ships, the committee said, it should be determined before construction actually begins that the ships will be superior to those of other nations.

# Farley - Roosevelt Slate Interests Political Viewers

WASHINGTON, Feb. 13 (AP)—Formation of a Roosevelt-Farley delegate slate in Wisconsin strengthened the belief of many politicians today that the chief executive and the postmaster general are in accord on the democratic presidential campaign.

One senator in close touch with Farley told reporters the cabinet member and national democratic chairman was "resolved to do one of two things—nominate himself or Mr. Roosevelt."

The Wisconsin democratic state convention, meeting last night at Wisconsin Rapids, declared that the president should be drafted for a third term. Another resolution expressed the hope that Farley "may continue in public life in the interest of the people of the nation."

The convention adopted a slogan of "officially endorsed Roosevelt-Farley delegates" for its slate in the April 2 primary. National Committeeman Charles E. Broughton said, however, that the mention of Farley did not mean he was endorsed as an alternate presidential choice or as a vice presidential candidate.

The British officers are a bit perturbed because they are not allowed to take their hunting dogs across the Channel. The pointers are just going to have to stay home and point at each other—which may not be polite, but it will be welcome news to game birds and animals.
