

City Briefs

Circle to Meet—Bethany circle of the First Presbyterian church will meet at the home of Mrs. M. L. Gault, 1970 Huron street, on Thursday for a 1 o'clock luncheon. Assisting hostesses will be Mrs. Jerry Ricker, Mrs. Ida Grimes and Mrs. Ada Brown. Members are asked to be there promptly at 1 o'clock and to make reservations with a member of the committee.

Surprise Party—A group of friends and neighbors gave J. W. Dodge, 2027 Eberlein street, a surprise party Friday afternoon, February 16, on the occasion of his eighty-fourth birthday. Refreshments were served and a gift presented. Mr. and Mrs. Dodge celebrated their sixty-third wedding anniversary February 21.

Dorcas Circle Meeting—The regular meeting of the Dorcas circle of the First Presbyterian church has been postponed to February 29 instead of February 22 because of conflict with the Dr. Rayburn meetings. The meeting will be held at the home of Mrs. George Grizzle, 927 Jefferson, with Mrs. Daymon acting as assistant hostess.

Friendly Club—The Friendly club will meet Friday at the home of Mrs. J. H. Dunham, 534 North Tenth street, for a dessert luncheon at 1:30, followed by auction bridge. Hostesses will be Mrs. C. O. Dryden and Mrs. Thomas Hart. Friends are invited and members urged to attend.

To Meet Here—Mr. and Mrs. Earl Whitlock of Klamath Falls will be hosts for the next meeting of the funeral directors of southern Oregon, it was decided at a meeting held earlier this week at Ashland. They will prepare a program and select the meeting place here.

Pinochle Party—The auxiliary of the Suburban league will sponsor a public pinochle party at the Shasta school Thursday at 2 p. m. Hostesses will be Mrs. Marjorie Johnson, Marie Seward, Essie Olson and Zena Robataille.

Visiting in Klamath Falls—W. B. (Buck) Snider of Paisley, former member of the state legislature and former sheriff of Lake county, was visiting Monday with County Judge U. E. Reeder. Judge Reeder and Snider are former schoolmates.

Accident Reported—A. J. Goodrich, route 2, box 415, and Charley Mann of Klamath Falls filed an accident report with the sheriff's office stating that the cars they were driving collided in a minor crash Sunday at Shasta and Third.

Altar Society to Meet—The regular meeting of St. Mary's Altar society of the Sacred Heart church will be held in the parish hall at 8 p. m. Wednesday, February 21. Refreshments will be served.

Dance Set—The Modoc Point PTA is sponsoring a dance to be given Saturday evening, February 24, in the community hall. Dancing begins at 10 o'clock. With the "Wilkinson orchestra" a good time is assured everyone.

Home From North—Elsie Ginther and Gladys Ervin returned home Monday after spending several days at Salem and Portland.

Shasta View—The Suburban league will hold its regular semi-monthly meeting at the Shasta school Friday evening, February 23, at 8 o'clock. This is the social meeting and all members are urged to attend.

Kiwanis Speaker—A. M. Nelson of the United Airlines will talk about the "Business End of Flying" at Thursday noon luncheon of the Klamath Kiwanis club.

M and M Circle—The M and M circle of the First Methodist Aid society will serve luncheon in the dining room of the church beginning at 11:30 a. m. Thursday.

Forgery Charged—C. E. Moss was arrested Wednesday on a charge of forging a check which was passed on the Link River grocery.

Lodge to Meet—Ewauna lodge, No. 902, will meet on Thursday at 2 p. m. at the KC hall.

Schoolmates—The Schoolmates club will continue work on their city map project at their meeting at the home of Mrs. Anna Funk on Friday at 2 p. m.

PTA Notes

FAIRVIEW

Fairview PTA will hold its regular meeting Tuesday, February 27, in the school auditorium. A short business meeting will be conducted by the president, Mrs. Howard Boyd. A talk on Americanism and the great men of February will be given by David R. Vandenberg, followed by a vocal number by Mrs. Juniper.

Founders day will be observed with fitting ceremonies and a lighted birthday cake served by the fifth grade mothers.

Members and friends of Fairview are cordially invited to attend.

FAIRHAVEN

The Fairhaven PTA Card club met at the L. L. Robison home on February 15 for an afternoon of bridge. High score was received by Mrs. J. A. Kennedy; second high by Mrs. L. L. Smith and low by Mrs. Edna Hastings.

Present were Mrs. Ray Meyers, Mrs. Al Loomis, Mrs. Owen B. Thurman, Mrs. Lee Holliday, Mrs. C. R. Wenzel, Mrs. H. A. Wenzel, Mrs. Edna Hastings, Mrs. L. L. Smith, Mrs. Gus Miller Sr., Mrs. Warren Miller, Mrs. L. L. Robison, Mrs. O. C. Spindler, Mrs. Claris Williams, Mrs. George Britt, Marian Holliday, Mrs. L. B. Hopkins, Mrs. B. C. Johnston, Mrs. J. A. Kennedy, Mrs. P. H. Cook, Mrs. Alice Schiesel and Mrs. Ronald Hopkins.

Labor must always retain its independent position. Labor is not married to any political party.—James H. Carey, national CIO secretary.

PLANS STARTED FOR 1940 SEAL SALE CAMPAIGN

Plans for the 1940 anti-tuberculosis Christmas seal sale were started at a meeting of the executive board of the Klamath County Public Health association held Tuesday evening at the health department when a committee was appointed by the president, Rev. L. N. Haines, to investigate the most efficient handling of future seal sales.

It is the hope of the association to organize a permanent setup for the seal sale, including county and city chairmen and their committees. Those appointed on this committee to make a report at the March meeting were Mrs. Robert Hart, chairman, Mrs. Marguerite Wesley, Mrs. Lawrence Rolph and Fred Fleet.

The next large project which the association will also sponsor is a membership drive this spring, that will be in charge of Mrs. Agnes Bryan, chairman of the membership committee. A goal of 4000 new members for the health association has been set, and funds derived from this drive will be used to purchase a fluoroscope that is needed by the health department to detect actual tuberculosis in cases of positive reactors to the tuberculin test.

A sizable donation to the fluoroscope fund has already been received from Bly, according to Mrs. Wesley, chairman of the '39 seal sale, who reported that proceeds from a dance given for this purpose at Bly have been sent in, amounting to over \$20. This was the first public affair ever given in Klamath county to raise funds to aid in the association's health work and members of the board expressed deep gratitude to the community for its assistance.

The board voted to allow \$17.50 for the purchase of a Fairbanks-Morse scales, inasmuch as this equipment is needed at the health department in connection with tuberculosis work.

Dr. P. H. Rozendal, county health officer, reported that a dental chair and other equipment necessary for the holding of dental clinics at the health department have been purchased and will be installed within a short time.

It was announced that the annual meeting of the Oregon Tuberculosis association will be held in Bend, April 2 and 3, when it is expected that, due to the proximity of the meeting, a number of Klamath people interested in this phase of health work will attend.

Mrs. Wesley reported that a total of \$1502 has been received to date from the Christmas seal sale of which 50 per cent will be retained in Klamath county to meet the expenses of tuberculin testing in the schools, x-rays and other work in connection with treatment and prevention of tuberculosis.

In 1906, a Stanley steam automobile was driven on Daytona beach at a speed of 128 miles an hour. That is a record that still stands in the steam class.

HIGH SCHOOL

News Notes and Comment
By Bill Ganong

Tryouts for parts in the senior play, which will be presented later on in the semester, will begin about the first of next month. As yet the play to be presented hasn't been definitely decided on. The production feature is sponsored by the senior class.

The Wildcats will play the Medford B team in a preliminary before the Pelican-Medford game Saturday night.

Fourteen new members were initiated into the honor society Monday night. Of the new members 13 were girls and one was a boy.

The Girls' league put on what was described as a "simply howling skit" at a meeting advertising the approaching formal, which will be held on the night of March 9.

According to the reports circulating around, the girls portrayed the various glamour boys in a humorous vein.

The debate team met the Merrill contingent on the home ground Tuesday in a return practice non-decision battle of words.

The Journalism class is examining a collection of newspapers loaned by Debate Coach Harvey, who has a hobby of collecting various ancient items. The papers include a New York Herald published after Lincoln's assassination and a copy of a paper put out during the Chicago fire. Some of the specimens have such a fragile appearance that it would seem that a good hearty cough would transform them into just so much dust.

Hager

The A. Davig family moved into their new residence Friday.

Bruce Hess and Orville and Ralph Kohler spent Sunday forenoon at Shippington.

Ray Bland and Billie Davig were callers here Monday evening.

Mrs. Susie Bland is home and feeling fine after her recent operation.

Helen Derry and children spent Friday at the William Crumrine home.

A new type tire recently introduced to the market has the outer sidewall white and the inner wall black. When the white face becomes soiled, it is possible to turn the tire inside out and expose the conventional black surface.

Soothes your nerves at bedtime: WIELAND'S ALE.

AAA PROGRAM BOOSTS SALE OF PHOSPHATE

Oregon farmers by the hundreds are converging on railway points these days to secure their share of more than 3000 tons of superphosphate being distributed to growers cooperating in the AAA farm program.

Under similar distribution plans, Oregon farmers secured 1080 tons of superphosphate last spring and 1200 tons last fall. These distributions have brought about a marked increase in the use of superphosphate in the state, according to the state agricultural conservation offices in Corvallis.

The superphosphate is distributed under a "grant of aid" plan whereby farmers can receive the material now, and pay for it through deduction from their 1940 agricultural conservation checks.

The superphosphate is shipped by rail direct from the factory at Anaconda, Mont. Distribution in each county is cared for by county agricultural conservation offices. Previous to January 10, the material was sold to Oregon farmers at \$36 a ton. Since that time, the price has been \$40.

Much of Oregon's farm land, especially in the western part of the state, is benefited by application of superphosphate. It is pointed out by N. C. Donald-

son of Corvallis, in charge of the state AAA office.

"It is generally recognized that a good share of the farm lands and pastures of western Oregon respond favorably to the use of superphosphate," he said. "Its use benefits many types of farm crops. Since our program stresses conservation, however, we require that the superphosphate distributed under the grant of aid plan be used only on soil-conserving crops, such as alfalfa, red clover, leguminous cover crops and permanent pasture."

DR. SHARP LEADS MERCURY OWNERS IN TEST DRIVES

Klamath Mercury owners trying their skill in the economy run sponsored by Balsiger Motor company are registering high scores, according to Vern Moore, Balsiger sales manager.

Best mileage runs to date were made by Dr. Paul Sharp. He registered 29.5 miles per gallon at a 20 mile an hour speed, 31.5 at 30 miles, 29 at 50 miles, and 19.5 at 70.

Another high scorer was Mrs. Cecelia Downing of Altamont. Her scores were 27.5 m. p. g. at 20 miles an hour, 26 at 30, and 23 at 50.

All drivers use a Mercury coupe equipped with a special 1/10 gallon exterior gas meter. The contest continues this week.

"Here is water that makes beer as good as the beers of Burton and Munich"

... said Leopold Schmidt when he established the first Olympia Brewery at Tumwater in 1895!

Now in 1940, the Schmidt family of master-brewers produces for your enjoyment a beer as good as those of Burton and Munich. This high excellence is made possible by the marvelous brewing qualities of the water from the subterranean springs at the Olympia Brewery, one of the finest in America. This water does four important things in the brewing of Olympia Beer:

1. Extracts hidden flavors from the hops and grains;
2. Gives light golden color and sparkling life to the beer;
3. Creates more active fermentation of the yeast cells, thereby making the beer more digestible and of constant purity;
4. Prevents detrimental changes when beer is bottled and chilled.

"It's the Water" — that makes Olympia Beer Different and Better!

The modern Olympia Brewery, one of the finest and cleanest in America, situated at Tumwater (Olympia), Washington, where in 1895 Leopold Schmidt discovered the water that makes beer as good as the beers of Burton and Munich.
