

ARMSTRONG, GARCIA TAPER FOR FRIDAY TITLE BOUT

LOS ANGELES, Feb. 29 (UP)—The good little man and the good big man who fight it out for the world middleweight boxing title here on Friday night ended their training routines Wednesday in characteristic fashion.

Henry Armstrong, the challenger and the little man, took one last drill concentrating on speed.

Celestino Garcia, the champion and the big man, finished work by briefly polishing up his Sunday punch.

For those are the assets on which each of the dark-skinned boys are relying for victory in the 10-round encounter that will be held in Gilmore stadium before a crowd of 27,000 people who are expected to pay more than \$100,000 into the gate. The battle lines were mapped something like this:

Armstrong, former featherweight and lightweight king and present welter champion, tapered off at 140 and is expected to come into the ring at about 141, or 12 pounds less than his Filipino opponent. With such a strong pull against him, Henry will use his flailing attack in the hope of bewildering Garcia and keep him off balance.

Garcia, the middleweight titleholder in California and New York, checked in at 154. He will go into the bout at about 153 and he has been intent in putting his extra beef solidly behind his right arm.

That Klamath Falls bowlers are becoming more and more tournament minded seems to be borne out by the enthusiasm the local kegling fraternity is displaying for the state tournament at Eugene this spring. Three teams of Recreation Alley bowlers have already

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with stinging and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood.
