HIGH SCHOOL

News Notes and Comment
By Bill Ganong

The class of 1940 track team won the Hi-Y interclass track meet again this year by accumulating 113 and 4/5 points to the junior class's 48 and 3/5 points and the frosh-sophomore-post graduate coalition's 42 and 3/5 tally.

The seniors led by a heavy margin all through the meet, winning 10 firsts out of a possible 14. The battle for second place was much closer however, and for a while it seemed that the underclassmen would win out.

When the meet entered its second lap Friday afternoon they were leading the juniors by a comfortable margin, but during the afternoon the class of '41 slowly drew up on them. For a while it looked as though the two teams might tie for second place, but in the last event of the day, the javelin throw, the juniors managed to ring up enough points to capture the second place honors.

One of the big surprises of the day occurred when Stanley Sexton, a senior, raced to first place in the mile while wearing cords instead of the customary shorts. In doing this he nosed out Clarence Johnson, the stellar junior track man who won this event last year and was favored to win it again this year.

The Pep club—Boy's alliance dance which was held Friday night was one of the best informal dances of the year. Although the decorations weren't very pretentious, a large crowd attended and every one seemed to enjoy himself.

Miss Janet Smith, who is in charge of the student employment at the University of Oregon, gave the graduating class a few points on the cost of living and the chances of obtaining employment at a senior assembly Friday afternoon.

The assembly was sponsored by the Girl's league.

KUHS SINGING STUDENTS WIN HIGH RATINGS

Three first ratings and one second rating was the impressive record established by students of Klamath Union high school Friday at Grants Pass in the opening day of the Southern Oregon music contest. The four KUHS vocal entrants each placed.

Margaret Horton, who sang a soprano solo, was given a first rating, as were Anna Lee Zell, for alto solo, and Charles Currier, for baritone solo. Jim Curdrey was given a second rating for tenor solo. First ratings are classed as "superior" and second as "excellent" by state sponsors of the committee.

The KUHS delegation, which continued with instrumental numbers Saturday, was directed by Charles Stanfield and Mrs. Sam Mushen, high school music teachers.

Two of the representatives, George Burton, who enters the trombone solo contest, and Tom Hosley, who represents the school in the cornet solo contest, won second place in their divisions last year. The other contestants are: Patricia Ellis, flute soloist; Louise Burton, violin soloist; Lloyd Pearson, piano soloist; Joseph Schmoll, French horn soloist; Stanley Hendricks, clarinet soloist; and Jack Hansen, saxophone soloist.

Fred Fioetke, Bill Long and Bob Holmes, who all took part in the high school elimination contests, also attended the contest.

New Salesman

H. C. Davison, new sales representative for Borden's products in Southern Oregon, is in the Klamath country this week on his first trip. Davison succeeds Mac McCready in the Southern Oregon district, having been transferred here from Seattle.

We can see why Senator Alexander Wiley doesn't like "under-the-table political dealing." It's both hard to see the marks on the cards under there, and difficult to determine which of the players will turn out to be dark horses.

SOCIETY

WOMEN MAKE CONVOCATION PLANS HERE

Women of St. Paul's Episcopal church are making plans for the convocation of the diocese of Eastern Oregon which will be held in Klamath Falls on April sixteenth, seventeenth and eighteenth.

Their plans include the serving of a breakfast Wednesday morning, and luncheons on both Wednesday and Thursday. These affairs will be given in the parish house on Eighth and Jefferson streets.

Bishop William Proctor Remington of Pendleton, and the Rt. Rev. Noel Porter, bishop of Sacramento, will be the speakers at the banquet to be given in the Willard hotel Tuesday evening. The public is invited.

Friends of Mr. and Mrs. Ted Balcom were bidding them goodbye this week, prior to their departure Thursday afternoon for Washington. They have made their home here for the past year, and were transferred to Aberdeen by the Union Oil company. They first planned a visit for several days in Marshfield, their former home.

AUXILIARY HAS CARD PARTY MONDAY

DORRIS—The American Legion Butte Valley auxiliary gave a card party Monday evening at the city hall with eight tables of players. Mrs. Adam Miller won high score prize for women and Paul Goodwin high score prize for the men. The consolation prizes were won by Mrs. Margaret Wood and Beverly Simmons. Refreshments were served at a late hour. During the social hour the ladies announced they would hold a cooked food sale at the Dennis market on Saturday.

Delta Gamma chapter of Delphians will meet Tuesday morning at 9:45 o'clock at the home of Mrs. C. E. Morrison, 1200 Pacific Terrace. Leader will be Mrs. W. O. Smith. Topic for the morning discussion will be, "American Editions of European Art Movements."

Senator Tobey's bill would have removed the jail sentence provision for refusal to answer census questions, but would keep the \$1000 fine. Thus the more money you make, the less you have to tell about how you make it.

The Ford way of doing business

The Ford Motor Company was founded by a working-man for working-men. Its present officers began as employees of the Company. It was the first company to pay a minimum wage, beginning in 1914, at the then astounding figure of \$5 a day. That was double the prevailing wage of the time. The Ford minimum is now \$6 a day for all employees engaged in production work. And from that, the wages rise to \$10.80 a day, with the average wage \$7.25, exclusive of salaried employees.

The Ford Motor Company was the first large company to establish the 8-hour day—also in 1914. And the 40-hour week was inaugurated by the Ford Motor Company in 1926, years before any such laws existed.

The Ford Motor Company employs men without regard to race, creed or color. It is common knowledge that working conditions in the Ford shops are the best that science and constant care can make them. A square deal, a just wage and stabilized employment for a large proportion of our employees—and as fully stabilized for all as conditions will permit—enable our men to retain their personal independence.

In consequence of these policies the Ford Motor Company has one of the finest bodies of employees in the world. The larger proportion are mature men of long service with the Company—sober, decent family men. Hundreds of them have been with the Company for more than 25 years—thousands for more than 15 years. Their health record, home ownership and citizenship records are gratifyingly high.

All this is reflected in Ford products, whether cars, trucks or tractors. The work is honestly done. The materials are the best that can be made or procured. Less profit to the Company and more value to the customer is known throughout the civilized world as "Ford's way of doing business."

Henry Ford and Edsel Ford keep daily personal touch with all phases of Ford manufacture. In a conference with his staff, Henry Ford often says: "Go ahead—I'll sit here and represent the public."

Ford Motor Company was the first to make a motor car within the means of the average family—quitting the manufacture of what was then the largest selling model in the world to do so. Its chosen field in all the 30 years since that time has been the average American family, for which it has consistently provided car facilities which formerly only the wealthy could buy.

It is the policy of the Ford Motor Company to share the benefits of advanced methods and management with workers and public alike. Increased wages and employment over a period of many years have resulted in a 300 per cent increase in the built-in value of the Ford car and a 75 per cent reduction in its price.
