PADDLED BALL FOR DUFFERS
The best kind of golf ball for use of the duffer is one of very light weight, of standard dimensions, and covered with a crocheted jacket. This retards its speed and renders it less dangerous as a missile when it flies wide of its mark.
Sometimes, in old homes, one may hear a faint ticking sound which seems to come from the woodwork. This noise is produced by the grubs of small beetles, which have been in the timber since the house was built.
Happy Workers Efficient
Efficiency experts say that happy staffs do more and better work than those working under bullying or nagging supervisors. Nearly half of the working time of unhappy staffs is wasted, they claim.
Some Seals Can't "Walk"
Sea lions progress on land in a waddling walk, with the hind flippers serving as legs. The hair seals, which have no external ears, are unable to move in this manner. Their hind flippers are grown solidly to the tail and are directed permanently backwards.
British Columbia, Manitoba and Saskatchewan produce Canada's zinc, with British Columbia being the largest contributor.

PADDLED BALL FOR DUFFERS
The best kind of golf ball for use of the duffer is one of very light weight, of standard dimensions, and covered with a crocheted jacket. This retards its speed and renders it less dangerous as a missile when it flies wide of its mark.
Sometimes, in old homes, one may hear a faint ticking sound which seems to come from the woodwork. This noise is produced by the grubs of small beetles, which have been in the timber since the house was built.
Happy Workers Efficient
Efficiency experts say that happy staffs do more and better work than those working under bullying or nagging supervisors. Nearly half of the working time of unhappy staffs is wasted, they claim.
Some Seals Can't "Walk"
Sea lions progress on land in a waddling walk, with the hind flippers serving as legs. The hair seals, which have no external ears, are unable to move in this manner. Their hind flippers are grown solidly to the tail and are directed permanently backwards.
British Columbia, Manitoba and Saskatchewan produce Canada's zinc, with British Columbia being the largest contributor.
