

MILLION LOANED TO FARMERS OF REGION

Over a quarter of a million dollars has been loaned to farmers in Klamath and Lake counties through the farm security administration, an agency of the United States department of agriculture. This was shown by a report prepared this week by

Earl A. Gardner, Klamath and Lake county supervisor, for members of the county advisory committees and the county courts.

The report shows that Klamath county now has 141 active loans. Twenty-four borrowers have transferred to this county from other areas, the majority of them from the dust bowl states. Twenty-nine loans have been paid in full since the inception of the rehabilitation program here in 1936. Lake county

has 27 active borrowers at present, not including several transferred accounts.

Of the \$250,301.38 loaned in the two counties, \$87,911.98 has been repaid, not including interest repayments. The majority of the borrowers in the two counties are also participating in the AA program and have the advantage of soil conservation benefits.

A region-wide survey embracing Oregon, Washington and Idaho has just been completed

in the regional office in Portland. This survey showed that the 4829 standard rehabilitation borrowers in Oregon had an average net income last year of \$987.49 per family, as compared with \$779.93 in the year before they came to the FSA for assistance. This represents an increase of 27 per cent.

This season's loaning program has just been closed, according to Gardner, and no new applications will be taken until early fall.

PRIVATE CARS TO TRAVEL TO FAIR

Two private cars have been chartered to carry Southern Pacific employees and their friends to the Treasure Island exposition. They will be attached to train

No. 19, leaving here Friday evening, June 28. S. P. employees may take guests on the special trip.

Those wishing to make reservations should contact Tom Fante at the S. P. offices. June 29 and 30 are S. P. days at the fair.

In some American schools girls are taught how to put new washers on taps, replace burnt-out fuses, and do other household repairs.

RED CROSS GETS GARMENT APPEAL

Mrs. Sid Elliot, production chairman for the Red Cross, reported Thursday she has received an urgent call for 20 knitted children's sweaters with sleeves, and 10 shawls. They

must be ready by August 15. Persons wishing further information or having completed garments should get in touch with the Red Cross office.

YOICKS!

LAMAR, Mo. (AP)—Paul Gordon, 15, watched a squirrel disappear into a hole in a tree. He climbed the tree, poked his rifle through the hole and fired. The bullet tore through the tree and wounded him in the leg.
