

CRATER LAKE RIM HIGHWAY OPEN THURSDAY

Warm sunshine and the good work of the snow removal crew in Crater Lake national park have combined forces to such an extent that the famous scenic drive around the rim of Crater lake opened to traffic at 8 o'clock Thursday morning.

In a bulletin just issued from the office of E. P. Leavitt, park superintendent, it was announced that the Crater lake rim road would be open about 10 days earlier than was expected when snow removal operations started June 1. Never before in the history of the park has the rim drive been opened as early as June 20.

All public camp grounds in the park are now available for use. As yet there is only limited space available in the rim camp ground, however, with three other camping areas available there are sufficient accommodations for those desiring to camp.

Rapid progress is being made in opening the crater wall trail. As yet no definite date as to when the trail will be available can be announced. Superintendent Leavitt has indicated that he hopes to have the trail open during the last week of June, certainly by July 1. With the opening of the crater wall trail launch and rowboat facilities will be available and the lake will be open for fishing.

Leavitt has just announced that due to road construction, the south entrance road between the south boundary of the park and Annie Spring will be closed to traffic during the first week of July. Northbound traffic entering the park from highway 97 will be directed into the park by way of the east entrance road.

French Continue Maginot Defense

BERN, Switzerland, June 19 (AP)—Long after the Maginot lines reserves had slipped away and all Alsace and Lorraine had been cut off by German legions, French and German forts north of Basel still were bombarding each other today.

Guns on the French side fired at regular intervals as though served by only small gun crews. Nevertheless the tri-color still flew over them, and regular bugle calls were sounded for reveille and meals.

VESSEL RESUMES LOADING CARGO, RUSSIAN PORT

TACOMA, June 20 (AP)—Ending nine days of mysterious idleness, the Swedish motorship Ecuador began Wednesday to load a potential war cargo destined for Vladivostok, Russia.

An official at Shaffer terminal, agents for the Johnson line, said the ship would load two-thirds of the 13 carloads awaiting shipment here.

"The remaining one-third is being held for the United States navy," the official said. "The entire cargo was examined by the navy. It was separated into two lots. The smaller lot is to be held here pending further orders."

The dock official said the cargo being loaded was known only to terminal employees as "machinery."

Reportedly included in the huge shipment, bought in the east by Amtorg, Russian trading agency, are truck bodies, heavy metal presses, dies and precision instruments.

The Johnson line ship arrived here to begin loading June 10. However, she never removed her hatch covers until today. As she lay idle, waterfront and longshore officials said they "understood" customs would refuse to clear the ship if it loaded the Russia-bound cargo. Both the state department in Washington, D. C., and Saul Haas, customs collector for Washington state, denied any such order was issued.

Customs officials were busy checking over the heavily-boxed cargo today. Some of the boxes are so large they take up an entire flat car. All are labeled in both Russian and English. Some include the painted notation "automobile" or "machinery."

Leavitt has just announced that due to road construction, the south entrance road between the south boundary of the park and Annie Spring will be closed to traffic during the first week of July. Northbound traffic entering the park from highway 97 will be directed into the park by way of the east entrance road.

ACTOR COMING HOME

LISBON, June 20 (AP)—Robert Montgomery, American motion picture player who has been driving an ambulance in France, has left for the United States on a clipper plane.

The Chinese make gelatin from the dried fins of sharks.

Rug Crocheted in Easy Sections

Household Arts by Alice Brooks

The Simple Shell Stitch is Fun to Do

PATTERN 6601

Choose three colors or two shades and white for this easy shell stitch rug crocheted in sections for easy handling. Use four strands of string, candlewick or rags. Pattern 6601 contains directions for making rug; illustrations of it and stitches; materials required; color schemes.

To obtain this pattern send 10 cents in coin to The Herald and News, Household Arts department, Klamath Falls. Be sure to write plainly your NAME, ADDRESS and PATTERN NUMBER.

MOTHERHOOD MADE EASIER BY IODINE

By HOWARD BLAKESLEE Associated Press Science Editor

SEATTLE, June 20—A discovery that iodine makes human motherhood easier was reported to the American association for the advancement of science here Wednesday.

Small quantities of iodine were given to expectant mothers at the University of Oregon medical school. Some remarkable results were reported by Doctors F. B. Zener, Milkanth M. Phatak and N. A. David.

The women reported a greater sense of well-being before the babies were born. There were fewer abnormalities of labor during birth.

Afterward they were better able to nurse the babies. Finally they recovered more quickly.

These mothers were compared with "controls," who were other mothers receiving medical care, but without the

iodine. The comparison indicated the probable reason for the iodine effects.

The thyroid and some other glands of internal secretion functioned better. The thyroid, which normally requires a little iodine, regulates metabolism.

The Oregon studies showed that the basal metabolism rates of the mothers receiving iodine remained more nearly normal, while those without the added iodine had increased basal rates.

DOCTOR'S FORMULA quickly relieves fiery itching of ECZEMA

If face, legs, arms or hands are covered with red, scaly eczema—for speedy relief from the terrible itching burning soreness—use powerfully soothing Liquid Zemo. Zemo brings quick relief because it contains 10 speedy-acting ingredients long valued for helping nature to heal pimples, acne, eczema, ringworm symptoms and similar skin irritations due to external cause. KLAMATH HAS PART ON PROGRAM AT HIGHWAY PICNIC

The Klamath county chamber of commerce has a 10-minute part on the program Friday celebrating the completion of the new North Umpqua highway, connecting Diamond lake with Roseburg.

Beginning about 1 p. m., a picnic and program will be held

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start sagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

How One Woman Lost 26 Lbs of Fat

Fat Girls—Here's a Tip

NEW YORK—Special. In 40 days Mrs. Helga Knutson reduced 26 lbs. Took off 4 inches off hips, 3 inches off bust and 7 1/2 inches off waist. Writes: "I feel fine and look 10 years younger."

How would you like to safely and harmlessly lose 26 pounds of fat in a few weeks? How would you like to lose your double chin and your two prominent hips and abdomen and along with it get the increase in energy and improvement in health which so often accompany excess fat reduction.

Get on the scales today and see how much you weigh. Take a half teaspoonful of Knutson's in a glass of water first thing every morning. Then eat your fill of foods that boost color, intake. After 30 days, weigh yourself again and just see if you haven't lost pounds of ugly fat. Knutson is a famous English formula made in U. S. A. It comes in either the new pleasant bubbling form or plain non-fluffy form for those who prefer to take it in hot water. A bottle lasts 4 weeks and costs but a trifle. Money back if not joyfully satisfied. CASTLEBERRY BROS. DRUG STORE.

Novelty patterns, slack length, elastic tops, sizes 10 to 12. Pair **7c**

SEIBERLING'S
Most Popular Tire Now Wears

10% SLOWER
Proven In Gruelling Florida Test Run

This is An Unretouched Photograph

Run exactly the same mileage on the same test car, these two tires clearly show the advantages of Seiberling's NEW "Saw-Tooth" Tread. It wears 10% slower—gives extra thousands of safe miles.

• The Seiberling Special Service has been a "whole" of a tire — in fact, we'd match it against any top quality tire on the market. Because we were so "sold" on this tire, Seiberling engineers had to prove to us that their NEW "Saw-Tooth" Tread design was better. So they mounted two tires of each type on test cars — drove them 3 shifts a day, 6,000 miles a week. At the end of each driver's shift, the tires were rotated to different wheels so they would all get the same amount of wear. The test results are pictured above Seiberling's new "Saw-Tooth" Tread wears 10% SLOWER!

BIG INTRODUCTORY TRADE-INS!
To introduce this new Seiberling Special Service in a BIG way, we are offering some unusually BIG trade-ins for your old tires for the NEXT 10 DAYS. Come in and see this amazing new tread that wears 10% slower—let us make you a "deal" on your old tires.

SEIBERLING TIRES

Warm Weather Ahead
Stop your heating troubles! Radiator flush, oil, cooling system overhauling—all makes sense. LUBRICATION — time to give your car a complete lubrication with summer grease. Special **\$1.00**

FORD OWNERS SPECIAL!
Install new rings, inspect connecting rod bearings, complete motor tune-up. Labor **\$16.85** (Parts Extra)
