STOCK MARKET SLOWS TO GET PEACE REPORT

NEW YORK, June 21 (AP)—Stock market dealings almost came to a halt today, and prices shifted narrowly, as many traders remained inactive pending publication of the German-French armistice details.

Apathy, prevailing at the start, continued during the remainder of the session and transfers, for the five hours, approximated 300,000 shares, one of the smallest aggregates in nearly a year. Gains and losses of fractions were pretty evenly split at the close.

Steels were aided by another boost in the scrap metal. Motors kept their balance along with a handful of specialties, rails, motors and utilities.

Resistant were U. S. Steel, Bethlehem, Chrysler, General Motors, Douglas Aircraft, Allied Aircraft, Glenn Martin, Allied Chemical, Consolidated Edison, Johns-Manville, Eastman Kodak, Brooklyn - Manhattan Transit, Santa Fe and N. Y. Central.

WHEAT UP SLIGHTLY IN QUIET SESSION

Chicago, June 21 (AP)—Wheat prices advanced fractionally in a quiet trade today as dealers awaited developments in Europe, for a cue to future market activity.

Less favorable crop reports, including receipt of wheat samples from southeastern Indiana bearing heavy infestation of black stem rust, continued to attract attention.

Price gains were small and were wiped out frequently. Closing wheat figures were unchanged to ic higher compared with yesterday, July 78 1/2-ic, September 78 1/2-ic, corn 1 1/2-ic up, July 62 1/2-ic, September 60c; oats unchanged to ic higher.

S. F. LIVESTOCK SOUTH SAN FRANCISCO, June 21, (AP-USA) — Hogs, salable 100; steady; 3 packages 192-222 lb. Californias \$6.10, sorted 166 lbs. at \$5.60; odd packing sows \$4.10.

Cattle, salable none; steers nominally steady; desirable grass kinds \$8.00-75, fed steers quoted up to \$10.00; young cows and heifers absent, fair inquiry, mostly \$6.50-7.50. Calves: salable none; nominal; good to choice vealers quoted \$10.50-11.00.

Sheep, salable 757, steady; long deck choice 79 lb. north coast lambs \$8.90; packages of shorn lambs 73-77 lbs. \$7.85-8.15; market supply this week at 13,000 head new record; lambs closing 50c lower; shorn ewes steady, mostly \$1.00-3.00.

WOOL MARKET BOSTON, June 21 (AP-USA) Demand for wool was rather slow in Boston today although inquiries from mill buyers were being received by houses. In view of the slower demand sale prices were mostly slightly easier than earlier in the week on a few lines.

Country-packed three-eighths and quarter blood bright fleeces wools were selling at 39-40 cents, in the grease, delivered to users. Good French combing length fine territory wools in original bags were moving at 85-88 cents, scoured basis. Offerings at these prices, however, were comparatively restricted.

Sport Briefs

By EDDIE BRIETZ NEW YORK, June 21 (AP)—Louis goes to Atlantic City today to brush up on his golf until Baer and Galento collide, July 2. Joe ordered his favorite golf pro to fly from Detroit and join him. "Well, ain't it about time somebody yelled 'Break up the Browns!'... Two from the Yanks and four from the Red Sox... Looks like the Browns won't need those seven extra night dates. At the rate they're going they'll soon be self supporting... Louis flung 34 'Joe Louis specials' in the seventh and eighth heats last night and everyone of them hurt Billy Conn as much as they did Godoy, even if Conn was sitting in the fourth row."

Heavyweights Bob Sikes and Neville Beech and lightweight Tippy Larkin all learned to box in CCC camps... Beg Pardon Dept.: We certainly stepped into one when we said Dizzy Dean got one vote for the Texas league all-star team. As a matter of fact, he's No. 1 choice for the starting pitcher. From the mail we got, every fan in the league is on the Dean bandwagon, rooting hard for his comeback.

TODAY'S GUEST STAR Harold C. Burr, N. Y. Post: "The moccasin telegraph from the Indians' dugout has it Oscar Vitt is being permitted to finish out the season to save the club's face... It's believed this was common knowledge among the disgruntled players when they called off their demands to have Vitt burned at the stake."

The fellow who stepped off a trans-continental plane here yesterday was not Baron Gottfried Von Cramm, the German tennis star, as the radios blared. It was Owen Anderson, California player who was carrying a racquet with the baron's name prominently inscribed on the press. Von Cramm gave Anderson the racquet several years ago, before he got in dutch with the nazis... Coach Al Ulbrickson took his Washington U. crew, Poughkeepsie winners, on a tour of the big fair yesterday.

Aeronautical material amounting to \$25,480,817 was exported from the United States during January, 1940.

Consolation for Paris Bomb Victims

President Albert Lebrun of France visits a Paris hospital to console victims of a Nazi air raid on Paris, during which a thousand bombs were dropped, hundreds were killed and wounded. Picture was one of the first received in the United States by Clipper plane following this raid on the beloved French city.

Heart Beats Charge Blood With Electricity, Report

By HOWARD W. BLAKESLEE Associated Press Science Editor SEATTLE, June 21—A discovery that the heart is a powerhouse of negative electricity was announced to the American Association for the Advancement of Science here today.

The discovery was interpreted by its authors as a new explanation of the workings of metabolism, which is the energy production of living tissues.

The negative electricity discovery was reported jointly by Dr. George W. Crile, surgeon, Dr. Otto Glasser, physicist, and Daniel P. Quirins, anatomist, of Cleveland.

They measured the electrical charge on the red corpuscles of the blood. This charge, they said, is a negative electrical potential, averaging in animals four thousandths of a volt. Their experiments showed that the red corpuscles take on the charge as a result of the heart beat.

They doubled the voltage to eight thousandths, merely by speeding up the heart beat with adrenalin. By many other means, some mechanical, they slowed or speeded the heart. Always there was a rise or fall of electrical potential of the red cells with the heart rate.

Dr. Crile said this explains for the first time why all the body is electrically negative, while the brain and nervous system are electrically positive. The negatively charged red corpuscles, three trillion in number, travel through 62,000 miles of capillaries and in so doing transfer some of their negative charge to the tissues.

The brain and nerve tissues meanwhile remain positive because they take up oxygen at a more rapid rate than any other body tissues.

The result, said Dr. Crile, is a difference of potential, or electric current.

By GEORGE KIRKSEY United Press Staff Correspondent NEW YORK, June 21 (UP)—The all-star major league game which will be played at St. Louis July 9 promises to be notable for one thing even before it's played. That's the end of the Yankees domination of the American league team.

Last year's game was pretty close to an all-Yankee affair since the American league team, which won 3-1, was composed of six players off Joe McCarthy's world champions, five of which finished the game. Of the 25 players on the American league squad there were nine Yanks.

The Yanks will be lucky to get as many as five players on this year's squad and it's doubtful if more than one or two of them will be in the starting lineup. It's a new order of things in the American league with the old Yankee standbys going down the last long mile.

The managers in both leagues are now sending in their selections for their respective league presidents who'll announce the teams on July 1. If the pilots stick to form this season and not past performances and reputations of other years only four Yankees will be on the squad.
