# FRANCE SIGNS HITLER'S TERMS

## In The Day's News

By FRANK JENKINS  
AT noon Saturday (when these words are written) there are reports that France has signed an armistice with Germany and must now talk to Italy.

Indications are that Germany wants vengeance and Italy WANTS SWAG.  
WHAT has happened to the French fleet is still in doubt. "Authoritative sources" in Washington hear that the bulk of it has been taken over by Britain. (An authoritative source is an insider who doesn't want to go out on a limb and be quoted by name.)

There are reports from Alexandria (Egypt) that the combined British and French fleets lying in the harbor there have been attacked by Italian air forces and that the French ships joined with the British in repelling the raid.  
EVEN if the British have taken over the French fleet, they will have a job on their hands servicing it and supplying it with ammunition, as French shipyards and factories have been largely taken over by Germany—or will be.

(If you bought a used Ford in a place where only Chevrolet parts were obtainable, or vice versa, you would face the same situation faced by the British in taking over the French fleet.)  
If the British have taken over the French warships, they will next have to build factories to manufacture spare parts and ammunition for them, which will be quite a task.

ON the other hand, failure to get the French fleet will be a real blow to Hitler and Mussolini, who already have France under their thumb and would be able to use the French shipyards and factories to service the captured ships.

The combined Italian and French navies, along with what is left of the German navy, would come pretty close to outweighing that part of the British navy which can be spared for use in the European battle zone. When Britain is attacked, an equal or superior navy would come in very handy indeed.

If the French navy is KEPT AWAY from the axis twins, even if it won't be much good for immediate fighting, it will be a left-handed triumph for the British.

Keeping this in mind, you can imagine the pressure that must have been put on the French to deliver their fleet.  
MEANWHILE, note this dispatch from Tokyo:  
"Japan plans to deal herself a stronger hand regarding British and French possessions in the southern Orient—perhaps even to take direct action against them—while the European democracies are too busy to oppose her." (The information contained in this dispatch is said to come from a "source close to the Japanese government.")  
Among individuals, we call that looting and punish it severely, but one must always remember that national standards have no relation to individual standards.  
**Gandhi Advises Non-Violence**  
BOMBAY, June 22 (AP)—Mohandas K. Gandhi, writing in his weekly newspaper Harijan today, advocated non-violence as the only way to meet "Hitlerism," which he called "naked, ruthless force reduced to an exact science and worked out with scientific precision."  
The aged nationalist leader said that Adolf Hitler was giving the Germans "not the pleasure of owning an empire but the burden of sustaining its crushing weight."  
"Hitlerism will never be defeated by counter-Hitlerism," Gandhi wrote.

## EARLY FIGURE GIVES COUNTY 40,366 TOTAL

24 Per Cent Growth for Ten Years Shown; Suburban Area 9454

METROPOLITAN AREA*	
Klamath Falls	16,359
Shasta Precinct	2,799
Enterprise Precinct	964
Homedale Precinct	1,343
Altamont Precinct	1,434
Orindale Precinct	472
Pelican City	306
Pelican Bay Precinct	652
Mill Precinct	1,484
	25,813

\*Preliminary official figures.

Klamath county's total preliminary population for 1940 is 40,366, and the population of the metropolitan area of Klamath Falls is 25,813.

Katherine G. Nelson, district census supervisor, made public on Saturday the official preliminary figures for the county as a whole, and for the "fringe" precincts which make up the suburban area of Klamath Falls. She emphasized that the figures are subject to correction (probably upward) before final census figures are announced from Washington, D. C.

24 Per Cent  
The county's population is up slightly more than 24 per cent over the 1930 census population of 32,407.

But the area of the county outside of Klamath Falls showed a gain of 47 per cent in the decade.  
In the 10-year period, great strides were made in the development of Klamath Falls suburbs. Mrs. Nelson's report shows a total population of 9454 in Shasta, Enterprise, Altamont, Homedale, Mill, Orindale and Pelican Bay precincts—strictly suburban districts on the fringe of Klamath Falls. This, together with Klamath Falls' 16,359, makes a total of 25,813 for the so-called metropolitan area.

Percentage Slips  
How the population has shifted to outside areas is shown in the fact that Klamath Falls now has 40.5 per cent of the total county population, whereas in 1930 Klamath Falls' population represented 49.6 of the total.  
Mrs. Nelson said she is unable yet to give figures on the population of Merrill, Malin, Chiloquin and Bonanza, the other incorporated cities in the county, but their population is represented in the county total, she announced Saturday.

## A Large and Kindly Deed

This huge wooden "deed" to an undivided interest in Diamond lake was presented to Douglas county folks Friday at the Diamond lake celebration of the completion of the North Umpqua highway between Roseburg and Diamond lake. Plywood was used for the deed, which was made by Gib Fleet, left, who is holding it with William Dinamore, chairman of the community advertising committee of the chamber of commerce.

## JAPAN ANNOUNCES 'STRONGER HAND'

Hong Kong Jittery When Troops Reoccupy South China Neighborhood  
TOKYO, June 22 (AP)—Japan plans to deal herself a "stronger hand" regarding British and French possessions in the southern Orient—perhaps even to take direct action against them—while the European democracies are too busy to oppose her, sources close to the government indicated today.  
These circles said Japan's foreign policy had been revised, in view of the recent turn of the war in Europe, into a three-point program designed to give her:  
1. Closer relations with Germany and Italy.  
2. A stronger position in the southern Orient (where principal allied holdings are the British crown colony of Hongkong and French Indo-China).  
3. A negative attitude regarding any American efforts toward rapprochement.  
Demands Stated  
In Hongkong, military authorities announced that Japanese troops had begun to occupy areas of south China adjacent to the British colony but said (Continued on Page Eight)

## French Forces Active on Swiss Frontier Sector

CHANCY, Swiss-French Frontier, June 22 (AP)—French sources reported today the French defenders of O'Ecuse Fort, near Bellegarde, not only repulsed an attack on the mountain citadel early this afternoon, but drove the Germans out of the town of Bellegarde, five miles away.  
The guns of the big fort defensed the Rhone river gorges and the junction of the lower Jura with the Alpine foothills below the Italian front were silent in midafternoon for the first time since early morning.  
Refugees said the French regained possession of Bellegarde. The French dynamited the railroad south of Bellegarde to prevent an attack north along the Rhone.  
Powerful German motorized forces, backed by artillery and supported by bombers, were reported to have captured hours earlier, and were attacking Fort O'Ecuse—called the "Gibraltar of the Rhone."

## King Carol Asks Mental Revision To Nazi Pattern

BUCHAREST, June 22 (AP)—King Carol called upon Rumanians today to "revise their entire mental attitude" to conform to the new Nazi-patterned totalitarian party into whose hands the government has been placed. It's him, the king said in a radio address, will be in "but aside personal interests and aspirations in the interest of the state."  
"No one must any longer think about himself, but only of Rumanian national interests," Carol said. "Its typical obligations are imposed on all Rumanians—they must work, struggle, renounce all personal interests, and sacrifice themselves to the new ideals of the people."  
The king said he created the party "with the conviction that I have succeeded in realizing a totalitarian union which is so essential now, for no one knows what the future holds in store for us."

# British Bombs Hit Berlin

## ITALIANS RAID FLEET BASE AT EGYPTIAN CITY

German Bombers Fly Over Britain Again; Three Killed in Attack  
BERLIN, June 22 (AP)—This Nazi capital, exulting in the German triumph over France and waiting for her unconditional acceptance of Adolf Hitler's armistice terms, underwent its first real air raid of the war early today.  
Astonished inhabitants scurried into air shelters as planes dumped bombs on suburban Babelsberg, the "German Hollywood" between Hitler's metropolis and the former imperial residence at Potsdam.  
Other Raids  
There is a great military airport not far away, and the big UFA movie studios at Babelsberg resemble airplane hangars. What the bombs actually hit, however, according to official reports, were a Babelsberg garage and a "telephone system."  
Seven persons were injured. Enemy raids elsewhere in Germany killed seventeen and injured 18 during the past three days.  
Cologne, in the Rhineland, and Essen, home of the German arms industry, bore the brunt of these raids in western and northern Germany. Six were killed and 14 wounded in mid-town Cologne, two killed and two wounded in the suburbs; at Essen nine were killed and a raid on Bremen injured two.  
While admitting that British planes reached the outskirts of Berlin, the German high command claimed extensive damage by German bombers in England during the three day period. DNB, the official news agency, said "great fires" were caused by hits on storage tanks along the Thames and Humber yesterday.  
LONDON, June 22 (AP)—Waves of German warplanes swooped over England early today for the third time in four days, scattered bombs along the east coast and killed three civilians before they were driven out to sea.  
Three persons were wounded, the government reported.  
Fierce anti-aircraft fire and quick action of British fighter planes appeared to have scattered the raiders and prevented them from concentrating on any objective. Numerous fires reddened the sky, but the air ministry announced tonight that a large Italian submarine had surrendered to the British trawler Moonstone.

## Remaking of Europe Hinted As France's Defeat Knocks British Hold Off Continent

BY LOUIS P. LOCHNER  
BERLIN, June 22 (AP)—Adolf Hitler's blitzkrieg may be followed by a coincidental European blitz peace.  
This predominant impression I received in the forest of Compiegne, France.  
Britain will have no hand in this peace.  
On the contrary, once this peace is established Germany and Italy can pursue the war with England more remorselessly than ever.  
England Removed  
Naturally I am not at liberty to reveal the names of the men with whom I talked during the historic hours at Compiegne.  
They are men in the know, however. They all agree in believing that some southern German city has been chosen for remaking the European continent.  
These men point out that the German thesis consistently even before the outbreak of the war was that England has no business mixing in continental affairs.  
They say that with France's defeat the last great prop for Britain's influence on the continent has been knocked down. The way is now open, they say, for the axis partners in cooperation with all continental powers to rear this war-weary continent on a new foundation.

## WAR TO CLOSE WHEN ITALIAN PACT SIGNED

Delegates Flying to Rome After Ceremonies in Historic Forest  
BERLIN, June 22 (AP)—It was officially announced tonight that the German-French armistice agreement has been signed in Compiegne forest.  
The announcement said the agreement was signed at 6:50 p. m. (8:50 a. m. PST).  
Text of the German announcement:  
The high command announces: On the 22nd of June the armistice was signed between Germany and France. The German representative was the chief of the German army general staff, General Keitel; on the French side, General Huntziger.  
The cessation of hostilities is not connected with the signing of the treaty. It will follow six hours after the Italian government has notified the German supreme command of the text of the Italo-French armistice treaty.  
Terms of the armistice were not revealed.  
Officials stated that concerning terms of the armistice "nothing can be announced at present."

## War Briefs

STOCKHOLM, June 22 (AP)—Indications that Estonia, Latvia and Lithuania might eventually form fully sovietized regimes were seen today in reports to Swedish newspapers of big pro-soviet demonstrations in those Baltic countries after their occupation by red army troops.  
Guayaquil, Ecuador, June 22 (AP)—The correspondent of El Telegrafo in Rio Bamba reported today that immigration authorities had discovered that a German citizen had prepared a landing field for planes on a beach near Chambo, and was ordered to leave Ecuador within 10 days.  
NEW YORK, June 22 (AP)—The German radio says that Great Britain is planning military occupation of Ireland but that "the actual invasion has been postponed to avoid arousing anti-British feeling among Irish citizens in the United States."

## CONGRESS WINDS UP BIG DEFENSE TASK

Slate Virtually Cleared by \$4,000,000,000 in Appropriations  
WASHINGTON, June 22 (AP)—In an extraordinary burst of activity, congress sent appropriations bills totaling almost \$4,000,000,000 and a \$1,000,000,000 defense tax measure to the White House today, virtually clearing its calendar for a week's recess for the republican national convention.  
The only item remaining on the leadership's list of things-to-be done before the recess was a \$170,000,000 deficiency bill, carrying \$20,200,000 for training workers for national defense industries. Quick final action on this was in prospect.  
Debt Raised  
The senate completed congressional action on the tax measure, which raises the national debt limit from \$45,000,000,000 to \$49,000,000,000, lowers personal income tax exemptions and raises various income and excises levies to produce a new federal revenue of approximately \$1,000,000,000 annually.  
Excise tax increases will become effective immediately upon the president's signing the bill. Income tax changes will effect returns on 1940 earnings and will be payable March 15, 1941.  
The appropriations measures passed were:  
A supplemental emergency defense measure, last of those recommended thus far by President Roosevelt, totaling \$1,768,913,908. The money would go for planes, tanks, guns and other munitions and supplies.  
Relief Bill  
A relief bill amounting to \$1,157,711,357 and including funds (Continued on Page Eight)

## Republicans Deny Delegates in Low Vote Areas

PHILADELPHIA, June 22 (AP)—A sweeping rule denying any delegate representation in future republican national conventions to congressional districts that do not poll at least 1000 votes for the party ticket was adopted today by the republican national committee.  
The rule, subject to approval by the convention starting Monday, was proposed by former Senator Daniel O. Hastings, committee chairman for Delaware, who told reporters it would take about 75 delegates away from southern states unless they become increasingly active to get out the republican vote.  
Other committeemen said it would "clean up" a situation in the south by making it impossible to "buy up delegates."  
Under existing rules, each congressional district is allowed one delegate regardless of the vote polled by the republican ticket in prior elections, and an additional delegate if the party polls 10,000 votes in the district. The amended rule would require a district to poll 1000 votes in order to get the first delegate.

## Umqua Link Ends 57-Year Road Clamor

Opening of the North Umpqua highway from Roseburg to Diamond lake, a project initiated in 1883 and supported during all the intervening 57 years by the people of Douglas county, was celebrated at Diamond lake Friday by delegations from Southern Oregon communities and representatives from many points in Oregon.  
The celebration ceremonies, which followed a picnic luncheon, were held at the south end of the lake and were conducted by the Roseburg chamber of commerce. Harris Ellsworth, publisher of the Roseburg News (Continued on Page Eight)

## Pelican Bay Feeling Effects of Lamm Strike

Effects of the drawn-out Lamm Lumber company logging camp strike at Yamsay were felt Friday at the Pelican Bay plant, where arrangements were being made to open new logging operations next week at the Sycan timber unit north of Beatty.  
A one-day shutdown of the Pelican Bay sawmill was called Monday, and a change-over to the new logging operations is expected early next week. The brief shutdown will come as a result of a log shortage created by the Lamm camp strike, which blocks Pelican Bay log shipments over the Lamm railroad.  
Under the new operations logs will be hauled 16 miles by truck from the Sycan timber unit to the O. C. & E. railroad, thence transported by rail to Klamath. Shipments of 280,000 feet per day are expected over the new route.  
Pelican Bay has received its logs from private operations since the strike was called May 30.

## German Troops Cut Off at Lyon

GENEVA, June 22 (AP)—French sources reported today that German troops in the vicinity of Lyon had been cut off from northern German forces by closing of French lines above them.  
The southeastern French forces, according to reports reaching the Swiss border, are welding their hitherto separated armies in the upper Rhone valley and generally are having increased success with local counter-attacks.  
German motorized units in Lyon now stand in a pocket amid reassembling French forces which are aided by fresh materials from the south, it was said. The French were reported to have closed their lines above Lyon across the Dombes lakes and the Saone valley to the Auvergne mountains on the west.

## Refugee Problem Explored in U. S.

WASHINGTON, June 22 (AP)—Three government departments and a congressional committee are exploring the possibility of bringing thousands of English refugee children to the United States.  
The British government already is selecting boys and girls from 5 to 16 years of age whose parents would consent to their removal to America, said Miss Katherine Lenroot, chief of the U. S. children's bureau.
