

Fire Destroys Two Warehouses Near Yakima

YAKIMA, June 27 (AP)—Fire, believed to have started in a pile of boxes, this morning at Tieton burned two warehouses, including the horticultural

union's model plant, swept a row of cabins and did other damage. Total loss from the blaze, fanned by a high wind and still smoldering this morning, is estimated at least \$350,000. The Tieton warehouse annually handled hundreds of cars of apples and its

loss in the coming harvest period will seriously cripple handling the fruit from the Tieton project. Two men were injured, one critically, while battling the blaze. Claude Pettit, a seasonal employee at the plant, was severely burned. Erwin Law-

shaw, foreman at the warehouse, jumped from a 30-foot high pile of boxes and broke both legs. The union warehouse, 700 feet long and from two to four stories in height, was entirely destroyed as was the warehouse adjoining, owned by Frank Cuddeback.

PICNIC PLANNED AT MEDICINE LAKE

TULELAKE—Picnic grounds at Medicine lake are being cleaned in preparation for the influx of visitors who on July 14 will be guests of the chamber of com-

merce at the annual picnic of the chamber. Roads into the lake are being put in order, the work to be done by members of a forest service spike camp which moves into the Medicine lake area about July 1. Reports on progress of plans for the big feed were made at

this week's session of the chamber. More than two thousand folks are expected to be on hand to help eat up the two beavers and several lambs that will be barbecued on the grounds and all the other picnic trimmings. Last year's picnic held in the Lava Beds monument brought

out 2500 people from all parts of the basin. The modern flying fortress with four 100-horsepower engines is reported to have amazing performance unparalleled by any other bomber in the world regardless of size.
