pitalization. They were understood to have been wounded in clashes with Russian troops on the Prut river.

Troops From Air

At the same time military quarters declared the probability of further clashes between Rumanian and Russian forces was heightened by the fact the Russian army was increasing the tempo of its occupation of ceded Bessarabia and northern Bucovina.

Today, it was reported, parachute troops were "rained" on parts of the two provinces not yet occupied.

But whether fighting still was going on could not be determined. The best available information was that the occupation was proceeding in a more orderly fashion.

PRESIDENT ASKS FOR EXCESS PROFITS TAX

tax, to be applied to all individuals and all corporate organizations without discrimination.

Mr. Roosevelt did not estimate how much revenue an excess profits levy might yield. House Majority Leader Rayburn, who attended the White House conference which preceded the issuance of the president's message, said, however, that the tax would be along the lines of one levied in world war days.

The tax described would be both a revenue producer and a measure to hold down profits on war time business.

MIDNIGHT PROWLERS REPORTED TO POLICE

Midnight prowlers, burglaries in the business sections of the city, purse snatchers and numerous minor offenses were brought to the attention of Klamath Falls city police this past weekend.

Two men are being held for investigation in connection with the burglary of The Drumstick, 1038 East Main street, and the Community grocery, on adjacent property, sometime around 3:45 a. m. Saturday morning. Entrance to The Drumstick was gained when prowlers cut the screen with a knife and jimmied the screen door. The knife was left stuck in a money drawer of a music box. A quantity of beer and some cash was removed from the room.

The same tactics were used to gain entrance to the Community grocery and beer and money taken.

Bold methods were used by men who used a ladder in the alley in back of Denny Lee's place to climb up on the roof and enter Schoen's bakery, 1015 Main street, through the skylight sometime early Sunday morning, or shortly before midnight Saturday night. Officers said the prowlers slid down the skylight chain and left by the back door. Five rolls of pennies were stolen from the cash register.

Mrs. Harold Thompson, 1615 Oregon avenue, was walking along the 600 block on North Ninth street Friday evening when a young man snatched a tan bag from her arm and made off followed by two other young men. The purse contained \$10 in cash, Copco receipts and personal effects, Mrs. Thompson told officers.

Frank Guysinger, 901 Alameda street, reported the theft of his watch and \$50 in five \$10 bills. Guysinger said the watch and money were stolen from his camp near Beatty sometime Saturday night.

Thieves were forced to crawl under a car parked in Parks parking lot at Eleventh street and Klamath avenue sometime last Thursday night when a battery was removed from a machine there.

Lost at the ball park this past weekend was a black bill-

fold containing his operator's license, Standard Oil credit card, \$5 in currency and 25 cents in change according to Everett Colson, box 651, city.

Officers were asked to keep a lookout for a free money spender who might be the person who stole \$100 in silver from a Nubieber residence sometime Sunday. Entrance to the home was gained by cutting a screen, police were told.

recur at irregular intervals. The nature of the exercise precluded use of radio, otherwise I would have corrected the highly speculative impressions created by the maneuverers."

Informed sources said the warships remained within 250 miles of their bases.

The departure amid great secrecy precipitated reports they were headed for the Panama canal. The warships were last observed following the steamer line to the mainland. Later there was speculation that some units might be heading for waters near the Philippines. Navy officials, however, refused to confirm or deny the reports.

STRIKE AVERTED

PORTLAND, Ore., July 1 (AP)—Last minute concessions by three companies last night averted a threatened Portland taxicab drivers strike. The companies granted temporarily the drivers' demand for an eight-hour day, \$3.50 daily wage minimum and 10 per cent of all receipts. The way was left open for further negotiations.

began for selected army officers and men. Numerous reserve officers, mostly youthful lieutenants, reported for active duty with troops, and long-deferred promotions took effect for hundreds of regular army officers. At the same time, new funds became available for the purchase of arms, and the navy needed only President Roosevelt's approval of speedup legislation to order work started on 50 warships in addition to nearly 100 already in various stages of construction.

YOUTHS HELD FOR EXPOSURE DEATH OF MAN

were near-hysterical, especially young George, who was so unnerved that physicians were called to quiet him.

Treatment Blamed

Brown said Sanders, left in the lonely desert, apparently struggled for hours before he became exhausted and, attacked by the elements, died. "I should have had better sense," the sheriff quoted the girl bride.

Phillips said "we tied him up to be sure he wouldn't come back," Brown declared, adding that the quartet contended alleged mistreatment by the parent prompted their action.

Young George assertedly sat atop the closed rumble seat in which the father was thrust for the ride into the desert.

Sanders "just hollered like hell," the youth was quoted.

Annenberg Given 3-Year Sentence

CHICAGO, July 1 (AP)—M. L. Annenberg, who climbed from immigrant newsboy to one of America's wealthiest men, was sentenced to three year's imprisonment today for evading \$1,217,296 in federal taxes on his 1936 income.

Sentence was imposed on the 62-year-old former Racing News magnate by Judge James H. Wilkerson in a courtroom packed to capacity.

The judge declared in an 11 page statement that Annenberg's age and the fact that he had pleaded guilty to one count of an indictment, removing the expense of a trial, had been taken into consideration.

been shot down in a series of raids over Germany).

Air defenders of the British Isles shot down one bomber and drove off the rest of the Nazi raiders flying over in forays which Neville Chamberlain warned were only the forerunners of a coming attempt at invasion.

The bomber crashed into the sea off the northeast English coast. Its crew of four floated four and a half hours in a rubber dinghy, then was brought ashore. One wounded.

In the dogfights over France, the air ministry announced, the wing commander of one hurricane fighter formation shot down three German fighters. These were among six German planes he met 10 miles from the French coast.
