

## CENSUS SUPERVISOR FINISHING UP WORK

Mrs. Katherine G. Nelson, district census supervisor, is here for a day or two from her headquarters at Bend. Mrs. Nelson said she is finishing up the district census work and will soon be free of further duties in connection with it.

Final census figures for the cities and counties will be released at Washington, D. C., Mrs. Nelson said. She gave out the preliminary figures some time ago.

Klamath Falls' figure has already increased by a considerable number of names since the preliminary figure of 16,359 was announced from Mrs. Nelson's office. She would not venture an estimate as to the actual final population of this city, pointing out that additions will be made in Washington offices from lists of local people who were not here at census time and were enumerated elsewhere.
