BRITISH STAND GIVES MARKET RALLY POWER

NEW YORK, Aug. 21 (AP)—A ripple of confidence ran through Wall Street today and stocks made a general rally.

Gains, which in instances were as much as three points, improved by fractions at the close, but the rate of transactions was spasmodic. About 400,000 shares changed hands.

Foremost in the calculations of the traders was the Royal air force "show" against the German air armadas. Observers noted growing optimism toward the changes of England to resist invasion.

Adding to this psychology was the constant rise, as spotted in various indices, of American industrial activity under the spur of rearmament.

Included in the best performers were U. S. Steel, Bethlehem, General Motors, Chrysler, U. S. Rubber, Allied Chemical and International Paper.

SABOTAGE

WASHINGTON, Aug. 21 (AP) Senator Reynolds (D-N.C.) told the senate Tuesday he had "heard that in 28 days at Langley field there were 26 airplane accidents all caused by defective landing gears" and "there must have been some sabotage there."

70,000 FARMS 'DISAPPEAR' IN CORN BELT

CHICAGO, Aug. 21 (AP)—An estimate that 70,000 farming units had "disappeared" in the last five years in five corn-belt states—Iowa, Missouri, Illinois, Indiana and Ohio—was given by an expert today to the congressional committee on interstate migration.

P. G. Beck of Indianapolis, director of the farm security administration's region 3, comprising those states, said the estimate which he termed "conservative," was based on preliminary census data and county assessors' reports on reduction of the number of farms.

Enlargement and consolidation of farms because of mechanization, deterioration of land resources and failure of farmers to "make a go of it" through lack of ability or reverses beyond their control were given, in Beck's prepared statement, as principal reasons for the decline.

Consequent displacement of farmers and farm hands, he said, meant that many of them would join the army of migrants, go on relief or WPA or live precariously close to starvation levels.

"Every time a farm unit disappears, there is a farm family which must provide for itself elsewhere," Beck said. "Many people so dislocated will become interstate migrants, and their ranks will be swelled by farm laborers who, as well as farm owners and tenant farmers, have been 'tractored off' the land."

WHEAT RECOVERS AFTER FLOUR SLIP

CHICAGO, Aug. 21 (AP) — A let up in flour business which was stimulated by last week's sharp price slump, permitted wheat prices to slip about a cent a bushel at one stage today but the market recovered partially before the close.

Profit taking and placing of hedges against limited quantities of new wheat offered for sale accounted for much of the moderately active selling; strength in securities helped to support the market here.

Wheat closed 1-1/2c lower than yesterday, September 70 1/2c; December 71 1/2c.

NEW CHANNEL FOR CANAL TO START

WASHINGTON, Aug. 21 (AP) Bernard L. Burdick, chief of the Panama canal's office here, disclosed recently that preparations were almost complete for the gigantic task of digging a new \$27,000,000 channel in Uncle Sam's "big ditch" between the Atlantic and Pacific.

"Already a fleet of dredges has been turned loose on the job of enlarging the canal," Burdick said, "and within a week or two we'll advertise for competitive bids for beginning the dry land excavations."

"The dirt is going to fly again down on the zone, just as it did in the good old days when the steam shovels chewed their way through the Cucaracha slide."

The new locks, designed as a defense measure to reduce the canal's vulnerability to bombing and sabotage — will constitute the waterway's third set, and will be restricted to U. S. navy use alone. Engineers estimate that six years normally would be required to complete the locks, but they hope to do the job in less time.

We must maintain our ideals and institutions at all costs. The U. S. A. does not need to become a totalitarian regime in order to preserve its own way of life.—President Daniel L. Marsh of Boston university's summer session.

UNHAPPY BIRTHDAY—What Bambo, the Philadelphia zoo's 400-pound gorilla, thinks of birthday parties he made pretty apparent on his 14th anniversary. He threw a 20-pound cake on the floor and chewed up the birthday sign.

MEASURES UP — In the mind of Artist Arthur Wm. Brown, Lillian Bond, film actress, has the only feature that is basic of all feminine beauty—high, wide cheek bones tapering to a firm chin. He also commends her "exquisite neckline."
