Moe's Hats

There's one place in town which features lovely hats for matrons... As well as catering to youth... And that's Moe's Millinery department... The matron's styles are in the large head-sizes which so often are hard to find, yet they are smart and up-to-date and inexpensive.

One nice thing about hats this Fall is that every style is in style... From pill boxes to berets, from sailors to off-the-face beauties, from no crowns to very tall tapering crowns, and so on... And the colors are gorgeous.

Millinery colors are generally lighter and brighter for Fall... Soldier blue is better than navy... India earth (a lovely soft tone of reddish brown) is better than dark brown... Black, of course, is the most popular as it always has been. Moe's hats are \$1.95 to \$5.95.

A tweed hat to match your tweed topcoat will make you ace-high in style this Fall... And there's another style of hat that fits the back of your head closely like a cap.

Currin's

Various doctors in Klamath Falls have told me that their imminent baby cases total more this summer than they ever have before... Which may mean that before the year is over with the birth rate will have increased to quite an extent.

Anyway, I got the idea to take a good look at the baby department at Currin's For Drugs... And goodness! What improvements and time and trouble-saving things have been invented during the last few years!

Disposable diapers are only one of a score... Currin's has a bottle sterilizer that takes care of a whole day's supply of bottles and nipples at one time... Bottle warmers... Everything in the way of baby foods, and that's saying a lot... Everything for the care of a baby's skin... Everything to take care of a baby's bath except the bathtub and water.

And if you're looking for gifts for new babies, you'll find many clever things that are useful and helpful as well... I couldn't begin to enumerate them, so you'll have to look them over yourself and decide... So many people give clothes that it's nice to be different.

There's one man who believes the city police are watching for stop-sign runners... He was driving two horses Wednesday by walking behind them... And he made them come to a complete stop as he entered Esplanade street in front of The News-Herald office.

Garcelon's

There's a summer sale of those big living-room lamps at Garcelon's... The kind that has three-way indirect lighting and three "candles" at the base... Some have an extra small bulb in the stand for a night-light... You know the kind.

Not only is the price low, but, as usual when you buy one of these lamps at Garcelon's, all bulbs are included.

These are floor lamps with lovely shades and heavy bases... Be sure to see them... At Garcelon's.

Peacock feathers are staging a real comeback... You'll find them on hats, and their rich greens and blues go well with the color program for Fall.

Crater Lake Florists

A new florist shop has opened in the Pelican theater building, next to Candyland... A young couple, Mr. and Mrs. Bill Lindley, are the owners... And Mrs. Lindley has the cutest southern accent you ever heard.

They've taken the name, "Crater Lake Florists"... And invite everyone to drop in Saturday and receive a flower, with their compliments.

Incidentally, their phone number is 5433.

We must maintain our ideals and institutions at all costs. The U. S. A. does not need to become a totalitarian regime in order to

Don't forget that Garcelon's is going to have to raise the price of Fostoria on September 1... The American, Baroque and Sunray patterns... The store dislikes so to raise the price that I know you'll be extra welcome if you dash in before the deadline and stock up on your pattern.

The Town Shop

You know those pinwale corduroy campus and sports clothes that were so popular last Fall... Well, they're more than ever the rage now... In new styles, as you probably saw in the last issue of "Mademoiselle."

Well, The Town Shop has them all... And the colors are one of the nicest things about them... Flame red, bay leaf green, dusty blue, chocolate brown, grape wine, dusty rose and gray.

Besides the two lengths of cute jackets, there are pinafores (sort of an apron dress to wear over a blouse)... Short "bare knee" swing skirts (to wear with three-quarter socks)... And nifty looking slacks... And they cost only \$3.95 for each piece... At The Town Shop.

He's still featuring Price's home made candies which were made famous while the place was Price's Candyland... But you'll find booths there, now, besides the fountain... The shop is next to the Pelican theatre, you know.

You're supposed to fix your hair in a pompadour when you wear the new off-the-face hats... What's more these hats are as becoming to the "sophisticated woman" as to the young thing.

Phil's Candyland

When you are on your way to the Crater Lake Florists, look in at Phil's Candyland next door... Phil also is having a formal opening Saturday, and tells me he will have something for everybody who drops in that day.

He's still featuring Price's home made candies which were made famous while the place was Price's Candyland... But you'll find booths there, now, besides the fountain... The shop is next to the Pelican theatre, you know.

Moe's Mend Hose

I saved a pair of \$1.35 Nylon hose this week, and it cost me only 10c to do it... I'd gotten a whole bunch of tiny snags in the back of one of them

stockings, and any one of them was likely to spurt into a run at any minute... So I took it down to Moe's hosiery mending department, and for 10c had it made like new.

Olyve Mason, who is in charge of the department, guarantees all the work... And helps you save a lot on your hosiery budget.

The repair of a runner costs from 15c to 25c, depending on the length... But each additional run costs only 5c... And snags are charged for at the rate of 5c an inch... At Moe's.

If you're going to look the picture of style this Fall, you'll have to wear stockings that blend with the color of your costume... Instead of having a contrast... The undertone in the hose is what counts.

Bowling

One thing the movie colony copied (instead of being copied) is bowling... They got the idea from gals all over the country flocking to bowling alleys for fun and figger.

Here in Klamath, it's a particularly good sport, because it can be played through the winter... And when the bowling alleys are air cooled, as they are at Klamath Recreation, it's a swell summer sport.

There are about 25 so far in the "ladies' class" at the Klamath Recreation bowling alleys above Woodworth's... The class meets Thursday afternoons from 2 to 4, and we can ask the instructor for free advice so we can learn to play before the men see us.

preserve its own way of life.—President Daniel L. Marsh of Boston university's summer session.

AUTO SALESMEN PLAN TRIP EAST

Members of the McCulloch Motor company sales organization, completing a successful drive to reduce used car inventory by September 1, will leave Saturday for South Bend, Ind., where they will attend meetings introducing new 1941 model Studebaker cars.

Those making the trip are Ralph McCulloch, head of the company; Virgil Beckwith, sales manager; Cy Marshall and Hugh Durham, salesmen; and Elbert Stiles, Klamath Falls service station operator who will accompany the Studebaker men.

One of the high lights of the trip will be attending the Collegiate Professional all-star football game in Chicago August 29, McCulloch said.

They plan to return to the coast in time to attend the 1941 model Studebaker introduction in Portland September 7. Paul G. Hoffman, president of the Studebaker company, will be at this Portland meeting.

No information on what changes will be made in the new models will be available until the actual showing of the cars, McCulloch said.

Death Brings End Of \$500-a-Minute Attorney Career

NEW YORK, Aug. 22 (AP)—Death has ended the career of Max D. Steuer, 69, whose brilliance as a trial lawyer earned him a reputation as a \$500-a-minute attorney.

He died of a heart attack yesterday in a Jackson (N. H.) hotel where he had been vacationing.

His body is being brought to New York—scene of his greatest triumphs—for funeral services tomorrow.

Born in Austria, Steuer developed a technique that was the envy of friends and the bane of opponents. He was suave and quick, with an imagination and rapidity of thought that seized upon the slightest opening.

Active in affairs of Tammany hall, Steuer only recently testified at the trial of James J. Hines, Tammany leader, convicted of conspiracy to protect the policy racket. The attorney asserted Hines had asked him to take an income tax case for Arthur (Dutch) Schultz, Flegenheimer, slain policy racketeer, but that he refused.

From a lower east side tailor shop, where he worked as a "basting puller," the little immigrant boy put himself through two years at the City College of New York and in 1893 graduated from Columbia law school with honors and \$150 prize money.

By contrast, three decades later his fees were staggering. One client was said to have paid him \$500-a-minute for the time he spent in court arguing an appeal.

Steuer was attorney in many spectacular cases, among them the litigation that grew out of the Triangle shirtwaist factory fire, which took 145 lives in 1911.

Sir Oliver Lodge Dies at Age of 89

LONDON, Aug. 22 (AP)—Sir Oliver Lodge, 89, scientist and spiritualist, died at his home in Wiltshire, in southwest England today.

Sir Oliver Long had given friends to understand he was unafraid of death.

"Death is but a new adventure," he wrote once. "In this life beyond we go up or down according to how we made use of our opportunities in life."

In an effort to prove his belief in survival after death, the eminent Victorian British scientist had left a sealed message with the society for physical research.

He promised that "when the right people are sitting with the medium, I shall try to give them a message. But it might take as long as a year. I shall not get anything in a hurry."

TULELAKE CARRIER FILES PUC REQUEST

Clinton Barkhurst, Tulelake, has filed an application with the state utilities commission for a permit authorizing seasonal operations as a contract carrier of agricultural commodities in interstate commerce.

A hearing will be held in this case at 10:30 a. m., August 30, at the city hall in Klamath Falls.

DEMURRERS FILED IN LIQUOR CASES

Demurrers have been filed by U. S. Valentine and E. E. Driscoll, attorneys for defendants of the Logger, Clover and Embassy club liquor cases.

The demurrers allege the indictments do not state facts sufficient to constitute a crime.

British "Dolf Floppy" Goes Down in Blazing Ball of Fire

Hidden by flames and smoke, a British barrage balloon flutters towards English soil after a German Messerschmitt plane right, successfully attacked it. Nazis today concentrated on clearing away the defense barrage balloons on the southeast coast which have proven effective against dive bombing operations. Cable-photo from London, passed by British censor.

For the first five months of 1940 airline traffic stood at 352,105,973 revenue passenger miles—an increase of 64.79 per cent.

WILD AND WOOLLY—That sturdy Bucks county, Pa., pioneer, Daniel Boone, who hacked his way through the Kentucky wilderness about 1775, might like this jeweled version of his hat, created in silver fox for fall 1940 by John Fredericks.

CIO LEADER WILL SPEAK ON FRIDAY

Adolph Germer, CIO director for New York, who will be in charge of the organizing drive for the International Woodworkers of America, will speak at an open meeting at the IWA hall, 919 Klamath avenue at 8 p. m. Friday. At 7:45 p. m. he will make a radio address.

Germer directed the CIO drive among auto workers. Ed Borden, secretary of the local IWA, said the meeting is open to all who wish to attend.

DRUNKEN DRIVING CHARGED TO GIRL

Loretta Hill, Chiloquin resident, was arrested by city police Wednesday night and lodged in the city jail on charges of drunk driving, and no operator's license. In view of the fact this was Loretta's second offense, the Indian girl was transferred to the county jail where she may face a felony charge.

Raymond Hermann, Iowa street, charged with operating a car with a revoked license, and inadequate brakes, was arrested by officers Wednesday. He appeared in police court Thursday morning and was fined \$50 or 25 days in jail on the first count, and \$15 suspended on the second. Hermann agreed to have his car repaired as soon as possible. He was in jail late Thursday in lieu of fine.

Five traffic tickets, and one drunk and disorderly made up the report from court.

POLICE LOOKING FOR MISSING PETS

The city police were asked to assist in locating two pets which have been missed by their owners this past week.

Robert Lee Wright, 8, 528 North Seventh street, reported his toy fox terrier, "Big Boy," an eight-year-old pet, missing from the family home. "Big Boy" has black and white spots on his body with a bit of brown above the eye.

Second dog reported missing was that owned by H. W. Free of the Armory garage who said his water spaniel-chesapeake was lost Wednesday night. The dog answers to the name of "Jack," and is between four and five years old.
