BRITISH GIVE HITLER WARNING

In The Day's News

By FRANK JENKINS
HERE is some advice to Americans:
'It will be far better for England if the United States doesn't become directly engaged in this war. If the United States stays out, England should win in six or seven years.

NO, it isn't this writer's advice. It isn't advice from an American isolationist. It isn't advice from a business man who fears the consequences of war.

THURSTON, interviewed in San Francisco, pays tribute to the strategy of the Germans in their conquest of Norway and to the ability of German pilots and the worth of their planes.

Ed Carson, 67, is simply plastered with buttons which he has collected over the entire country the past 25 years.

Buttons--And More Buttons

Ed Carson, 67, is simply plastered with buttons which he has collected over the entire country the past 25 years.

SETTLEMENT EYED ON LAMM CHARGES

NLRB Hearing Postponed to Allow Parties to Iron Out Difficulty

Representatives of the national labor relations board, the Lamm Lumber company of Modoc Point and the negotiating committee from the Lamm logging camp were closeted in a discussion Monday which may remove the necessity of a formal NLRB hearing and result in a settlement of the charges which grew out of the recent Yamsee strike.

A postponement of the hearing, which had been scheduled to get underway at the courthouse at 10 o'clock Monday morning, was ordered after both parties to the dispute agreed to meet in an attempt to iron out the difficulties.

Two Charges
The meeting was underway at the offices of John B. Ebing, attorney for the Lamm Lumber company.

The discussion revolved around the possibility of reaching a settlement on two principle charges filed against the (Continued on Page Six)

'Button Man' Visits With City Police

By LOIS STEWART
"Button, button, who has the button?"

As far as Ed Carson goes, he has all the buttons he needs but as long as collecting buttons of all sizes and description is his hobby and he has a little more room on the back of his coat, he'll go right on adding to his collection.

Ed Carson, 67, a native of Alma, Colo., and ambassador without portfolio to every town in the country, was escorted to the police station Saturday afternoon where he assured the boys that a vag charge placed against him would have a most demoralizing effect.

Crossed Plains
Carson, wearing more buttons than a campaign manager, was literally covered with the little round affairs, some new and bright, while others were tarnished with age, including some of an ancient vintage and in the possession of Carson for some 25 or 30 years.

Ed's long beard had been cut down considerably to give him more display space on his chest, though still making (Continued on Page Six)

Klamath Hunter Dies of Wound

IRA NEWELL HIT BY SHOT LATE SUNDAY

Oil Man Dies After Trip From Strawberry Flat to Hospital Here

A ricocheting bullet from a hunter's gun cost the life of Ira Joseph Newell, 44, Sunday. Mr. Newell and members of his party were on a weekend hunting expedition on Strawberry flat in the mule deer reserve when the fatal accident occurred. He died at 9:28 p. m. in Hillside hospital.

District Attorney L. Orth Sizemore stated the accident occurred in Klamath county although the Strawberry flat section includes a small portion of Klamath and a greater of Lake. If the tragedy occurred in Klamath this is the first deer hunting fatality in this section in several years.

Buck Came By
Mr. Newell and his young son, Marvin, 10, with the former's brother-in-law, Albert Stuart, 27, Derby street, had made camp in the reserve Friday. Saturday they were joined by Mr. and Mrs. Cecil Stuart of Altamont.

This is the story as reported by city police who investigated the accident when the victim was brought to Hillside hospital where an operation at 8:30 p. m. failed to save his life.

The party was hunting about 3 o'clock Sunday afternoon when a big buck came out of the brush and started across the flat. Cecil Stuart said he fired four shots at the deer and a few moments later Marvin, hunting with his father, cried out, "Daddy's shot." The others rushed to his side and aided by Seth Watters, 320 South Sixth street, and Ike Zumwalt, 3236 Cannon street, carried the wounded man to the Watters' pickup and rushed him to the hospital.

The bullet, which apparently had ricocheted from some object, had split before it penetrated Mr. Newell's abdomen and mangled his liver, physicians reported.

Shots Heard
At the time the Klamath men were hunting in the flat other hunters were in the same section and the Stuart men said additional shots were heard at the time Cecil Stuart fired at the buck. It is understood the same deer was wounded by Mr. Newell as the animal crossed in front of him.

Mr. Newell has lived here for the past 12 years and not long ago completed a home for his family on the Lakeview highway just east of the junction. He is survived by his wife, Esther, two daughters, (Continued on Page Six)

Ira J. Newell, 44, oil company employe, who died Sunday night from gunshot wounds received while deer hunting in the Strawberry flat section near Bly.

F. R. DECLINES TO SHARE PLATFORM

Willkie Offers to Give President Place on Baltimore Program

WASHINGTON, Oct. 21 (AP)—President Roosevelt, a secretary said today, is not accepting Wendell L. Willkie's offer to share an auditorium with him in Baltimore October 30.

Stephen Early, the president's press secretary, said that rather than in Baltimore or Washington on that date Mr. Roosevelt probably would speak at the Academy of Music hall in Brooklyn, N. Y.

Asked whether the chief executive had any disposition to accept Willkie's challenge to debate, Early remarked that it had been a "public" challenge.

Then he added to a reporter at his press conference: "If I were going to invite you to my home, I'd send you the invitation, and I don't think I'd send it if I knew you weren't coming."

ABOARD WILLKIE TRAIN EN ROUTE TO MILWAUKEE, Oct. 21 (AP)—Wendell L. Willkie, attacking President Roosevelt's third term candidacy, declared today that under "one man rule" the first things to be curbed are labor unions, churches and education.

"The precedent once established, even assuming that the president has the noblest motives, will be used by some successor to take away this life of ours," the republican nominee said at Wausau, Wis.

Willkie began the final two weeks of his presidential campaign by urging that President Roosevelt debate with him in Baltimore, Oct. 30.

The republican nominee, who two months ago challenged the chief executive to a series of debates on national issues, said last night he had been told that his backers obtained the only sizeable hall for that date.

Highway 97 Leads Travel

The Dalles-California highway was the most traveled route from Oregon into California, department of agriculture reports from Sacramento revealed today. The Pacific highway was second, Oregon coast third, and Redwood highway fourth.

By inspection stations: Dorris 5659 foreign passenger cars for September; Hornbrook 4235; Smith River 3823; Alturas 844; Tulalake 792.

TURK-RUSSIAN ENVOYS TALK BALKAN PLANS

European Turkey Jammed With Troops, Bulgarian Paper Says

By The Associated Press
BUDAPEST, Hungary, Oct. 21 Reports that Soviet Russian-Turkish military talks had been instituted and that Turkish military preparation was increasing along the strategic Dardanelles-gateway to the Near East—were heard today in the Balkans.

At the same time, Rumania inaugurated a blackout for Bucharest and the nearby oil fields. Troops Move

Travelers from Turkey said in Athens that railway lines to Adrianople, a Turkish city in territory wedged between the Bulgarian and Greek borders, were jammed with troop trains, while a half a million Turkish troops were said to be already in the region of the Dardanelles.

A rumor that Soviet-Turkish military talks were under way in Adrianople was carried by the Budapest newspaper, Magyar Nemzet, while other unconfirmed reports said the Turks were building new fortifications and communications.

The Turkish press, predicting that the axis would attempt its next push in the Near East, played up British maneuvers to counter such a drive.

Bucharest, the once gay capital of Rumania, and the rich Ploesti oil fields nearby were blacked out at midnight last night under new regulations.

Despite warlike talk, however, most Balkan observers felt it unlikely that an axis campaign was in the offing but that only strong diplomatic action could be expected for the time being.

ISTANBUL, Turkey, Oct. 21 (AP)—The Turkish press reiterated today its previous challenges to Germany's ambitions in southeastern Europe and also commented bitterly on Bulgaria's attitude as allegedly reflected in Sofia newspapers.

Turkey wants peace, said an editorial in Yeni Sabah, but a bitter struggle is preferred to "peace gained dishonorably."

The editorial criticized an editorial in the Sofia newspaper Mir which reportedly suggested that German victory is inevitable and urged that small nations capitulate without resistance.

ANGELL CRITICIZES
PORTLAND, O. A. 21 (AP)—Rep. Homer D. Angell (R-Ore) said today the national defense program was not "clicking as it should."

Italians Attack Island in Persian Gulf to Irk India

ROME, Oct. 21 (AP)—Stefani, official Italian news agency, said today a far-reaching political motive behind Saturday's bombing of Bahrain Island in the Persian Gulf was the hope it would increase anti-British feeling in India.

"The Italian air force reached clear to the gateway of English India," Stefani said, "where the population's ferment against the dominating nation is increasing daily. The air action against Bahrain will have world repercussions."

RAF PLANNING TO TAKE WAR TO NAZI SKIES

Air Force Pounds Axis Cities; Germans Protest "Terror"

By The Associated Press
Great Britain served notice on Adolf Hitler today that the RAF is girding to transfer the air battle into "German skies over German fields" and that "the day we can take the offensive steadily approaches."

This double-barreled warning, voiced by First Lord of the Admiralty A. V. Alexander and Colonial Secretary Lord Lloyd, was further emphasized by a London air ministry statement declaring:

Bomb Attacks
"Both ends of the Rome-Berlin axis had a foretaste of the gathering strength of the royal air force last night, when the capital of the German reich and two of Italy's great industrial centers were simultaneously bombed by aircraft of the bomber command."

The air ministry also reported that RAF raiders slashed at Hamburg's big naval docks at Hamburg and Wilhelmshaven and a large warship "is believed to have been hit."

Berlin Raided
Other RAF bombers attacked Berlin, the great Krupp armament works at Essen, oil refineries and other military objectives.

Lord Beaverbrook, minister of aircraft production, disclosed that England now has more planes than ever before, but he said he would not be satisfied until "the sky is swarming" with them.

Berlin reported many civilians killed and wounded as British warplanes, striking in several waves, destroyed an apartment building in west Berlin and showered incendiaries and high-explosive bombs on the German capital.

It was Berlin's first air-raid in five nights.

The Germans asserted that their bombing squadrons had dropped 500 tons of bombs on Britain in one 24-hour period over the weekend.

Rome reported eight killed, 15 wounded by British raiders attacking cities in north Italy for the first time since early September.

Authorized nazis protested that the night raid on Berlin was "an outright act of terror against the Berlin population," asserting that no military objectives were hit and only residential sections were attacked.

Hitler's high command reported a devastating new U-boat campaign against British shipping, with 43 ships totalling 327,000 tons destroyed in two days.

REFEREE TACKLED
PHILADELPHIA, Oct. 21 (AP)—Referee John Chapman inadvertently got between the runner and a tackler during a semi-pro football game. The tackler missed the ball-carrier, but not Chapman, whose leg was broken in three places by the impact.

TOO MUCH STATIC
INDIANAPOLIS, (AP)—Two Negro burglars caught in a downtown office were not good listeners.

One, police said, carried a portable radio tuned to the call which sent officers to the place.

Six Killed When Plane Tangles With Parachutist

MARIANNA, Ark., Oct. 21 (AP)—The civil aeronautics authority planned today to investigate a mid-air accident in which six persons were killed after a sight-seeing plane became entangled in a stunt man's parachute at an air show and plunged 500 feet to earth.

Eyewitnesses said the plane was circling slowly around the descending parachutist yesterday to give four passengers a close up view. The craft became entangled in the parachute's shrouds and plunged downward, carrying the parachutist with it.

The dead: Pau Nolejawa, 30, Browerville, Minn., the parachutist; George Zorn, 30, Greenville, Miss., the pilot; Lawrence De Marke, 30, Marianna laundry owner; Paul Boyce 35, former marshal at Brickley's a nearby town; J. M. Cook 55 a plantation owner who lived near Marianna; and Joe Campbell, 34, Forrest City.

Nolejawa's final leap, which started from another plane at an altitude of 3000 feet, was billed as his 181st. He started parachute jumping five years ago in North Dakota.

Churchill Warns French Not To Take Sides Against Ally

LONDON, Oct. 21 (AP)—Prime Minister Churchill warned the French people tonight that Germany "is resolved on nothing less than the complete wiping out of the French nation" and urged Frenchmen to "rearm your spirits before it is too late."

In a fireside pep talk to the people of Britain's fallen ally, broadcast in both English and French, he declared that Britain is fighting for a victory which "we will share with you" and said all Britain asked of Frenchmen "is that, if you can not help us, at least you will not hinder us."

An apparent reference to American aid for Britain came in this passage of Churchill's fighting speech: "The crimes of Herr Hitler are bringing upon him and upon all who belong to his system a retribution which many of us will live to see."

Story "Not Finished"
"The story is not yet finished, but it will not be so long. We are on his track and so are our friends across the Atlantic ocean."

Churchill's broadcast came at a time when the Germans were rumored attempting to maneuver the French into joining forces with the axis powers against the British.

Churchill reminded Frenchmen that Britons have not forgotten the "lies that unite us to the French."

Flood Blamed for Two Rail Deaths On Canada Line

VANCOUVER, B. C., Oct. 21 (Canadian Press)—Two deaths were charged today to flood waters that have swept five British Columbia areas during the past few days.

Engineer J. C. Carpenter and Fireman S. J. Mayer, both of northerly Smithers, B. C., were killed Saturday night when the engine, tender and one freight car of an eastbound Canadian National railway passenger train went through a bridge over Lorne creek, 125 miles east of Prince Rupert. The remainder of the cars stayed upright on the track.

The wreck was the second on the line Saturday. Earlier in the day a "trouble" train, en route to clear a slide which had previously delayed the passenger, ran into another slide a few miles northeast along the line. The engine was derailed but no one was injured.
