

CLOTHING PROJECT
LEADERS TO MAKE
CHRISTMAS TIES

Christmas ties for their menfolk and toys for their children will be made by clothing project

leaders of the extension units of the county, Monday, November 4. This project leader training meeting will be held by Lucy Lane, extension specialist from Oregon State college in the chamber of commerce rooms in Klamath Falls beginning at 10

a. m. Project leaders attending the meeting will be instructed in these Christmas gifts and return to their own communities to demonstrate to other unit members. Miss Lane asks that each leader bring 30c to cover materials

for the tie, its lining and thread; also some rather small needles, basting thread, sharp scissors, thimble and pins. Any further questions about the meeting will be answered by calling Winnifred K. Gillen, home demonstration agent, at

5213, and others interested in learning these Christmas gift ideas may register with Mrs. Gillen to attend the meeting. Winston Churchill says the British seek only to beat the life and soul out of Hitler. Soul?

NO SWING BANDS
FOR ITALIANS

ROME, Oct. 31 (UP)—Music went fascist in Italy Wednesday. Those craving a wider range of expression than Italian music

affords may have German or Japanese tunes, or even rhythm generic to Spain or Hungary or such a country definitely friendly to the axis. But no American pieces. An official announcement said that only tripartite music hence-

forth would be allowed in the theatres and cabarets and on the air. Thieves stole a safe from a Buffalo store. A pedigreed watch dog kept real quiet and wasn't taken.
