

**ALASKAN ABSENTEE BALLOT MAY SET COUNTY POSITION**

PORT TOWNSEND, Wash., Nov. 21 (UP)—An absentee bal-

lot from faraway Kodiak, Alaska may decide the deadlock between two candidates for Jefferson county commissioner. Arthur C. Boren, democrat, and Robert Cook, republican, each had 1851 votes on com-

pletion of the absentee vote count and vote canvass. Then the Kodiak ballot, notarized and postmarked Nov. 1, arrived. Prosecutor David E. Rhea was to rule on admissibility of the ballot.

**TACOMA LUMBER MILL IDLE THREE HOURS TUESDAY**

TACOMA, Nov. 21 (AP)—The St. Paul and Tacoma Lumber company mill, one of the largest

in the Pacific Northwest, was idle three hours Tuesday as the Sawmill and Timber Workers' union issued a stop work order. Freeman Cochran, union secretary, said the mill's 800 employes met during the cessation

of work to discuss negotiations in which the union seeks a \$1 a day increase "straight across the board" for every man in the plant and two weeks vacation with pay. The union secretary said the stop work order was also issued

"in protest against the dismissal of six men for union activities." Eleven of the Tacoma lumber plants have been closed since September because of a wage dispute between employers and the Lumber and Sawmill Workers' union (AFL).

Paint that contains ground glass to reflect headlights at night has recently been developed by Canadian chemists. The paint has been used for marking road centers. Watch the Classified Page
