SPANISH ACTIONS IN LATIN AMERICA WATCHED BY U. S.

(Continued From Page One)
ing to official information here, German and Italian activities in Latin American countries are being directed toward inculcating Nazi and fascist doctrines, encouraging potential "fifth columns," and fomenting opposition to inter-American policies or plans for unified hemisphere defense.

"To date the Spanish falangist propagandists appear to have accomplished very little," an informed source said, "but they are increasing and expanding their activities among the Spanish speaking peoples of the American republics and might become a menace to American solidarity unless they are exposed."

NAVY PLANE CRASH KILLS 11 AIRMEN

(Continued From Page One)

ous in the area, some 35 miles southeast of here, and reports of neighboring ranchers led a belief the pilot might have gotten off his radio beam.

Residents of the Simpson ranch two miles from White Mountain, the crash scene, said they heard a plane being "gunned" to gain altitude a few moments before they heard an explosion, and this brought the observation that a pilot off his beam, believing himself over San Diego because of a zone of silence, might have started down, realized his position and attempted to climb out of danger.

The craft struck just 20 feet below the ridge, exploded and burned. Wreckage was hurled over the top of the 3000-foot granite summit and scattered over a half-mile area.

The wreckage was found at 7:30 a. m. (PST) yesterday, about 13 hours after the crash. The big plane, en route to the naval air station here, carried three members of a board of inquiry appointed to investigate the Texas accident, and the four survivors of that previous mishap.

The four had parachuted to safety when their bomber, being ferried from here to Pensacola, Fla., by way of Corpus Christi, Tex., encountered a severe storm. A fifth crew member "bailed out" but was killed when his chute failed to open. The pilot and co-pilot, who risked their lives to ride out the storm and land the ship on a small pond, proved ultimately to be the only survivors of the seven aboard the bomber.

The dead were Lt. Comdr. Joseph Henry Gowan, 54, Head Hill, Ark., pilot; David Everett Ferguson, 33, Newport, W. Va., co-pilot; Lt. Comdr. Stephen Bland Cooke, 42, Harrison, Ark., Lieut. Victor S. Gaulin, 34, Lowell, Mass., and Lieut. James Cyril Flemming, 36, Reading, Pa., members of the board of inquiry; Frank Reece Jr., 30, National City, Calif., L. J. Hughes, 30, Grand Rapids, Mich., H. E. Neff, 34, San Diego, and A. M. Parry, 31, Los Angeles, survivors of the Texas mishap; and Marvin Magee, 32, Long Beach, N. J., and Frank Richard Naylor, 25, Dayton, Ky., crew members of the wrecked transport plane.

CONGRESSMEN APPROVE F. R.'S DEFENSE TALK

(Continued From Page One)

ry out the will of the president's speech means war and dictatorship in this country—and what can be worse?"

Rep. Marcantonio (AL-N. Y.) called it "a big push in the blitzkrieg against the peace and freedom of the American people, with demagogery as the major weapon."

Other comment: Senator Tobey (R-N. H.): "It did not contain a great deal of factual information about the progress of the defense program." Senator Ellender (D-La.): "The president covered too much territory when he outlined plans to try to give the whole world the kind of life we have in this country."

NEW CAA CLASS STARTS TONIGHT

First class in the new C. A. A. ground school for Klamath Falls is scheduled tonight (Monday) at 7 o'clock at the Fremont school. Ground Instructor Max Gully, manager of the Klamath airport, will be in charge.

A typographical error in Saturday's Herald erroneously stated that persons between the ages of 19 and 20 are eligible. The correct age limit is 26, and all young men and women who were not 26 before October 1, 1940, fall within the eligibility rules.

Grid Star Badly Burned As Mother, Brother Perish

INDIANAPOLIS, Jan. 6 (AP)—Two members of the David Alderdice, Sr., family—the mother and young son—were dead today and the father and 22-year-old son, a Princeton University football star, were in Methodist hospital with serious burns suffered in rescue efforts as fire swept their northside duplex apartment yesterday.

Overcome by smoke from the fire of undetermined origin, the mother, Mrs. Cornelia Kaesbey Alderdice, 43, and eight-year-old Anthony died of suffocation.

The senior Alderdice, who is vice president of an Indianapolis meat packing firm, was burned on the head, face, hands, feet and back, while David, Jr., suffered burns on his face and neck. Another son, John, 19, University of Michigan freshman, was not at home, having stayed at a friend's residence Saturday night.

David, Jr., who arrived in Indianapolis Saturday from San Francisco where he played in the East-West charity football game on New Year's day, discovered the fire when he came home shortly before 5 a. m. His cries of warning aroused members of the J. S. Rosenstein family in the first floor apartment, where the blaze was reported to have started.

NEW JUDGE ASKS FRIENDLY SPIRIT IN COUNTY REIME

(Continued From Page One)

Al Brandt as court reporter, Gerald Murray as county juvenile officer and Frank Ira White as bailiff.

Gavel Presented
County Judge U. E. Reeder presented the gavel to Judge Vandenberg just before the latter swore in new county officials, as well as several justices of the peace and constables elected last November. The officials include County Clerk Mae K. Short, Sheriff Lloyd L. Low, Treasurer Chester Langslet, County Commissioner John Reber, and Dr. George Adler, coroner.

In calling the docket, there appeared to be a number of cases on which affidavits of prejudice had been filed against retiring Judge Ashurst, but on which no orders for new judges had been signed. A list of these cases was made up and inquiry will be made of the supreme court about them by the clerk.

Concerning affidavits, Judge Vandenberg said he wanted the attorneys to feel free at any time to disqualify him as judge in this manner, but to expedite matters, orders should be sent to court without the affidavits.

LABOR COUNCIL SEEKS SUPPORT FOR BUILDING

Questionnaires to determine possibilities of raising funds for the construction of a new building are being sent out to all member unions of the central labor council, AFL, it was announced Monday at the labor temple.

There are 1100 members in skilled crafts, not including logging camps and mill workers, who will be encompassed by the questionnaires. A site for the proposed building is to be picked later, if it is found that sufficient funds are available to go ahead with construction.

During the first 10 months of 1940, the motorists of the nation registered 2,779,588 new passenger cars. This figure represents a 28.78 per cent increase over the same period of 1939.

GERMAN MARCH INTO BULGARIA SEEN LOOMING

(Continued From Page One)

called for a practical dissolution of Rumania, with Bulgaria, Hungary and the reich sharing in areas of the ill-fated Balkan kingdom.

In the Libyan desert campaign, the British reported the capture of six more of Premier Mussolini's generals—making a total of 12 seized in the north African campaign—and a total of 70,000 fascist prisoners since the British counter offensive began 25 days ago.

The armored spearhead of the British desert forces was reported operating 20 miles south of Tobruk, Marshal Rodolfo Graziani's next defense line in the Libyan desert.

A dispatch from newly-captured Bardia itself quoted British military sources as saying Italy's position in all eastern Libya was in peril, with indications of growing demoralization among Premier Mussolini's north African armies.

An Australian communique listed Australian casualties in breaking the 20-day-old siege of Bardia as not more than 500, while 30,000 Italian prisoners and 50 tanks were reported captured.

Total Italian casualties in the desert campaign up to the fall of Bardia at 1:30 p. m. (3:30 a. m., PST) yesterday were estimated at 15,000.

Premier Mussolini's high command, in its daily war bulletin did not mention the fate of Bardia, noting only that "more strongholds on the Bardia front have fallen into British hands." In the Balkan crisis, some soviet circles reported that Moscow has already warned Berlin against "a step which might seriously endanger good relations" between Russia and Germany. All communication with Rumania was cut off.

Soviet quarters in Belgrade said the summoning of Russia's ministers home from Bulgaria, Yugoslavia, Rumania and Hungary was definitely linked with the "new military developments in Rumania and Hungary."

F. R. OUTLINES STIFF PROGRAM FOR CONGRESS

(Continued From Page One)

keeping war away from our hemisphere. By this support, we express our determination that the democratic cause shall prevail; and we strengthen the defense and security of our own nation.

"Third, by an impressive expression of the public will and without regard to partisanship, we are committed to the proposition that principles of morality and considerations for our own security will never permit us to acquiesce in a peace dictated by aggressors and sponsored by appeasers. We know that enduring peace cannot be bought at the cost of other people's freedom."

"Four Freedoms"
The "four essential human freedoms" were described by the president as "the very antithesis of the so-called new order of tyranny which the dictators seek to create with the crash of a bomb."

He described these "freedoms" as:
"The first is freedom of speech and expression—everywhere in the world."
"The second is freedom of every person to worship God in his own way—everywhere in the world."

"The third is freedom from want—which, translated into world terms, means economic understandings which will secure to every nation a healthy peace time life for its inhabitants—everywhere in the world."
"The fourth is freedom from fear—which, translated into world terms, means a world-wide reduction of armaments to such a point and in such a thorough fashion that no nation will be in a position to commit an act of physical aggression against any neighbor—anywhere in the world."

In terse phrases, the president warned congress and the country against what he called "appeasement."
"As a nation we may take pride in the fact that we are soft-hearted," he said, "but we cannot afford to be soft-headed."
"We must always be wary of those who with sounding brass and linking cymbal preach the 'ism' of appeasement."

"We must especially beware of that small group of selfish men who would clip the wings of the American eagle in order to feather their own nests."
To make the United States safe, Mr. Roosevelt said "the immediate need is a swift and driving increase in our armament production."
He reported that he was not "satisfied with the progress thus far made" and neither were the

killed" the raid was not on a heavy scale and ended before midnight.

It was the first concentrated incendiary attack on the capital since the devastating fire raid on the city of London—financial and commercial center—a week earlier but this time Londoners were ready for the test.

An army of volunteers—men, women and boys—smothered the incendiary bombs as fast as they were dropped in one sector and defiantly shouted: "We want some more." The raiders obliged promptly and the watchers dealt with those bombs just as quickly.

Rodeo Rider Dies Of Injuries From July Auto Wreck

An injury which he received early in the morning of July 7, brought death of Steve Swain, 29-year-old buckaroo and resident of Klamath county for the past six years. Swain died Monday at 6 a. m. at Klamath Agency hospital where he had been a patient since that time. He had suffered a broken back in an automobile accident which occurred one mile north of Dorris.

Fatally injured in the same accident was Norma Riddle Jackson, 20, Sprague River. Swain's small daughter, Stella, was in the car but miraculously escaped injury. The machine's lights failed to flash back on when Swain dimmed for an oncoming car, officers stated at the time of the crash, and the automobile plunged over an 80-foot embankment making an air in the air until it landed at the foot of the fall.

Swain was not a Klamath Indian and is thought to have come from northern California. He was well known to rodeo performers and during the 1941 Klamath Buckaroo Days ran a string of horses in the race events.

FAMILY RELATIONS STUDY LEADERS TO MEET TUESDAY

The discussion group leaders on family relations will hold their regular training meeting on Tuesday, January 7, at the chamber of commerce at 10 a. m. These training meetings are conducted by the extension service of Oregon State college, and arranged locally by Winifred Gillen, home demonstration agent.

At this meeting, Mrs. Buena Maria, extension specialist from Corvallis, will conduct the discussion on "Play and Use of Leisure." Special attention is called to the date as the meeting will be on Tuesday this month instead of Wednesday.
