

CAMPAIGN FOR KLAMATH SKI BUS GIVEN UP

Plans for operation of a "ski bus" to Crater lake over the weekend have been given up for this year, due to the impossibility of making arrangements for the low rate originally scheduled.

Southern Oregon Hardware company and the Crater Lake Ski club had planned to sponsor the bus trips jointly. It had been decided to make the round trip fee \$1.50.

Greyhound stage officials reported, however, that it would be necessary to "deadhead" a bus from Medford for use on the ski run. The extra charge would necessitate a fee of \$2.25, and it was believed such a charge would be prohibitory.

Ed Bell of the hardware company said that the stage officials explained Klamath Falls is not yet a division point on the stage line, and there are no facilities here for storage of stages which might be used on such special occasions.

PUBLIC INVITED TO CONCERT TONIGHT

The public is invited to hear a concert presented by the city school music department in Fremont school auditorium at 7:30 o'clock tonight (Thursday), under the direction of Lillie Darby, music supervisor. Guest artist will be 10-year-old Joy Erickson, violin student of Harry Borel.

A small charge of 25 cents for adults, and 10 cents for children, will be made, the proceeds to go into the music fund. The Pelican school boys' chorus, and the Fairview school girls' chorus will be presented in groups of songs.

Pearl Harbor, an invitation to others to keep away, therefore a challenge and threat, preliminaries to hostilities, hence a contradiction of America's announced policy of keeping its fighting sons at home.

TROOP 8 SEEKING SCOUT SPONSOR

Scouts and their parents of Troop 8 are endeavoring to find a troop sponsor and organize a troop committee. It was announced at the Boy Scout offices. At present Harold Ashley is acting as scout master.

At a meeting at the Altamont Junior high school Monday evening, first steps were taken in forming the new committee. The meeting was attended by Dr. Boyd Sprague, field commissioner.

LEGISLATURE GETS BILL TO EXTEND WORKMEN'S LAW

(Continued From Page One)

ording to population of each county or district.

If the legislature approved the plan, the voters would ballot on the amendment at the 1942 general election.

The Neuberger proposal to re-appoint the legislature was the main topic of conversation in the legislature, with most of the lawmakers asserting the bill hasn't a chance. Neuberger, himself, said he doubted it would pass because the upstate members would stand together to see that the Multnomah delegation is not increased at their expense.

Special Committee Speaker Farrell announced he would appoint a special committee to consider the reappointment, asserting the house elections committee did not sufficiently represent each section of the state.

Rep. Allan G. Carson (R-Marion), former president of the state bar, introduced a measure to prohibit attorneys who are members of the legislature from lobbying for outside interests. The measure provides penalties of from three months to a year in jail, or \$250 to \$2500 fine, or both.

Thirteen of the 60 house members are attorneys, as well as seven of the 30 senators.

The way was paved for construction of a \$1,000,000 state office building in Salem when Sen. Walter E. Pearson (D-Multnomah) introduced a bill to permit the state bond commission to sell the bonds to finance the building. The measure is contingent on the legislature's passing a bill to authorize construction of the building.

Measures Ready

Each house continued to mark time today, awaiting arrival of the new law codes. Sessions lasted only five minutes.

Measures ready for introduction in the house would require circuit court candidates to live in their districts a year before seeking office; reduce interest rates from 3 to 1 1/2 per cent on loans smaller than \$300; and permit the supreme court to appoint attorneys as temporary circuit judges in districts with congested dockets.

State parole board bills would allow paroled prisoners to vote and marry; compel judges to sentence prisoners to maximum terms, leaving the minimums to parole authorities; exempt county jail prisoners serving less than six months from parole board jurisdiction.

SALEM, Jan. 16 (AP)—Jurisdiction in probate matters would be transferred from county courts to circuit courts under a bill introduced in the legislature today by Reps. Harry Boivin (D-Klamath), Allan G. Carson (R-Marion) and Eugene E. Marsh (R-Yamhill).

KLAMATH TO BE WELL REPRESENTED AT FOUR-H MEET

Klamath county will be well represented at the 4-H club leaders conference to be held in Corvallis January 20, 21 and 22, according to C. C. Jenkins, Klamath 4-H club agent, who has contacted 12 persons who plan to attend the three-day session.

Local leaders will leave Sunday at 7:30 a. m. from the post-office building, and will travel by way of the coast meeting the Jackson county group at Yachats, giving the Klamath and Jackson leaders an excellent opportunity to get acquainted.

Jenkins is scheduled to speak Tuesday afternoon on "Poultry and Rabbits."

Those planning to attend include Rex High, Ben Kerns, Martin Brown, Mrs. Earl Mack, L. H. Lewison, Zella Sullivan, Mrs. S. C. Masten, Mrs. Violet Harris, Mrs. Robert Carson, Velton Haskins, Mrs. W. F. Seymour, Mrs. Stella Bowne, and C. C. Jenkins.

SUBURBAN GROUP FAVORS PLAN FOR I. D. ELECTIONS

(Continued From Page One)

is to be made to poll other irrigation districts in the state for their attitude toward the proposed measure. Only districts that contract with the United States government are affected.

It is also understood that the board of the Klamath Irrigation district, which would be affected by the measure, is not opposed to it, although it is not necessarily in favor of changing the present set-up.

STIMSON SAYS AIR INVASION MENAGES U. S.

(Continued From Page One)

across the Atlantic?" Fish inquired.

"Probably not the width of the Atlantic," Stimson said, "but they are rapidly developing in that direction and there are many bases short of the full width of the Atlantic."

Asked by Fish what bases he had in mind, Stimson said: "Newfoundland would be a base within easy range of all of our New England coast. North Canada would be within easy range of the New England coast."

"Does the secretary believe," Fish continued, "that our navy would remain locked up in our harbors if any such invasion were attempted?"

"No," said Stimson, "but where is our navy now?" (Most of the big ships of the navy are now based in the Pacific.)

Fish then inquired whether there was "fear of invasion," and the secretary replied that there was danger of an air invasion if the British fleet were destroyed or otherwise rendered ineffective for this country's protection.

Young Gunman Kills Self After Wounding Officer

PORTLAND, Ore., Jan. 16 (AP)—A youthful gunman killed himself here today shortly after shooting and seriously wounding a police officer who followed him from a east-side store.

Detective Captain J. J. Keegan said the youth was tentatively identified from a social security card as Harold James Richmond, 24, of (Rogers hotel) Eugene, Ore.

Patrolman George L. Burch was shot from a distance of less than 10 feet after following the gunman into a block street. The man raced two blocks to Sullivan's gulch and threaded his way along it for 20 blocks before police converged on him and he turned the gun upon himself, Keegan said.

Police knew no reason for Burch to be trailing the man, but Earl Powell, employe of the store, quoted the officer as saying "I want that fellow; he's crazy as a loon."

Keegan said the man's pockets contained lists of business houses, jewelry stores and wine shops at Eugene, Junction City and Portland, in addition to the social security board.

STATE OFFICIAL HERE TO ATTEND CULINARY MEET

Gertrude Sweet, international vice president of the culinary alliance, arrived Thursday to attend a regular meeting of the local culinary alliance.

The meeting was to be held at the labor temple starting at 8 o'clock.

Reports were to be made by members of the new executive board, and copies of the newly amended by-laws were to be handed out. Several members were also to be initiated.

ENROLLMENT CLOSED FOR FLYING CLASS

Enrollment in the second ground course under Klamath's CAA program has been officially closed, it was announced at the chamber of commerce, with a total of 32 competitors registered for the class.

Regular class meetings are being held each Monday, Tuesday and Wednesday evenings at the Fremont school, under direction of Ground Instructor Max Guilley, manager of the Klamath airport.

Originally, more than 50 students signed for the course but many were eliminated because of physical disability. Poor eyesight was found to be the greatest single cause for elimination.

In addition to the 32 competitors, several others are taking the course for training in aviation needed in private flying.

At the close of the course, about March 1, final examinations will be given to determine the five who will be accepted for flight training. The quota this time is five instead of 10, there being less than 50 enrolled.

Instruction consists of navigation, civil air regulations, aircraft operation and meteorology. A number of laboratory classes are being held at the airport, to acquaint students with actual operation of airplanes.

ROTARY TO HEAR NATURALIST OF CRATER LAKE PARK

Naturalist M. V. Walker of Crater Lake national park will be the guest speaker at the Klamath Falls Rotary club luncheon meeting Friday at noon in the Willard hotel. His subject will be, "The Work of the National Park Service," and in addition will show colored pictures taken in the Grand Canyon, Bryce, Zion, Rainier, Crater Lake and Lassen national parks.

Walker is considered one of the best speakers in the park service. At 1:40 p. m. he will speak to an assembly at Mills school using as his subject, "The National Park Service, Its Part in Our Government."

HEAVY RAIDS BY RAF HIT AXIS CENTERS

(Continued From Page One)

ly night visit of Nazi raiders to the bomb-scarred city.

As the first warning sounded there was a heavy burst of anti-aircraft fire in one London district.

Indications that the night attack was spreading to other parts of England were seen in reports that enemy planes were also heard over a town in the west.

The all clear signal sounded in the London area after a lapse of about an hour and a half. Most of the period was quiet.

SKIING HAMPERED BY FRESH SNOW AT CRATER LAKE

Winter sports enthusiasts grumbled at the latest report from their playground at Crater Lake national park where the ranger in charge reported 25 inches of fresh snow since last weekend. Further discouraging information was to the effect skis sink in "about 10 inches," and the sport is less than fair.

All roads are open into the park and chalets are recommended following the week's storm which piled snow up to a depth of 93 inches at park headquarters. Visibility at the lake was poor Thursday, the sky overcast, and a light snow falling. Maximum temperature at the park Wednesday was 26 degrees, minimum Thursday morning, 21 degrees. The radio report received from the park by Don C. Fisher, in charge of park offices here, came in excellently it was stated.

NO TRACE

RIO DE JANEIRO, Jan. 16 (AP)—Brazilian ships and airplanes searching off the coast today found no trace of the Italian liner *Itayr*, forced to alight with a disabled motor, or any of the ten persons aboard the craft.

IN FAVOR

NEW YORK, Jan. 16 (AP)—The National Retail Dry Goods association, one of the largest business groups in the United States, went on record as a body in its 30th annual convention today in favor of President Roosevelt's "lease-lend" bill for aid to Great Britain.

DATES SET FOR JUNIOR LIVESTOCK SHOW THIS YEAR

The sixth annual Junior Livestock and Baby Beef show will be held in Klamath Falls September 20, 21, 22 and 23, according to C. C. Jenkins, 4-H club agent, who announced 1941 dates of the exposition.

A number of new features are being planned, Jenkins stated, and the dairy display will be enlarged considerably and a great deal of interest is now being shown by the girls and boys who have undertaken dairy projects.

Sixty boys and girls throughout the county have calves on feed for the big show which is the high light of the year for those interested in livestock projects. In addition to an increase in dairy projects, interest is being shown in poultry, lambs, pigs and cattle.

DEER CONGREGATING IN LAVA BEDS AREA

Deer are reported exceptionally plentiful in the Lava Beds national monument and at the present time little snow is keeping them from feeding sections. Six thousand sheep are now grazing in the north end, according to Ranger Lawson H. Brainard, ranger in charge.

CCC crews are now at work building the north boundary road, and the acting custodian's home is being wired by Buryl Sexton, official park radio and telephone expert. C. A. Falling is project superintendent.

The Lava Beds CCC camp has recently been rated the best in the eastern section of the Medford district. Gorge C. Morton is company manager, and Earl Watt, subaltern, is now in Georgia with a troop train, according to recent information from the camp.

SAN DIEGO STRIKE PARLEY DEADLOCKED

(Continued From Page One)

ttled to retain that status should they walk out.

Deadlock Meanwhile, Harry C. Malcolm, federal conciliator, said the company and the CIO United Automobile Workers union were deadlocked five and one-half cents apart on what the minimum wage should be at the plant.

He said the A.U.W. had demanded 75 cents an hour but had indicated they would accept 62 1/2 cents—the pay now following a strike at the Vultee Aircraft company's factory at Downey, Calif. He said the Ryan company offered to increase the rate from 50 cents an hour to 58 cents.

Both sides, he said, remained firm. If the machinery of his office fails, Malcolm indicated arbitration probably will be invoked to avoid a walkout.

Ryan employes empowered their representatives Tuesday night to call a strike if negotiations failed. Richard T. Frank-

enstein, chief CIO conferee, said a deadline probably would be set this week.

DETROIT, Jan. 16 (AP)—Strikers began returning to work in Eaton Manufacturing company plants today under a peace plan speeded into effect in the name of national defense.

Four plants closed by sympathy strikes were reopened, and at a fifth at Saginaw, Mich., scene of the original dispute, preparations were made for carrying out a rehiring plan.

The company and the striking CIO-United Automobile Workers reached an agreement last night, 36 hours after Federal Conciliator James F. Dewey had demanded that the strikes cease and that the company reopen its closed plants.

Home From Salem — R. C. (Bogue) Dale, vice president of the Oregon Association of Real Estate boards, was home Thursday after a trip to Salem to attend a meeting of officers of the association. The real estate law was discussed at the conference, with a number of legislators sitting in.

From Salem — John Eibhger, attorney, returned Thursday after a trip to Salem.
