

KPCA MEMBERS HEAR REPORTS OF GOOD YEAR

With the announcement of a 1940 profit of over \$25,000 and the retirement of a \$100,000 bond issue, Klamath farmers' ability to finance their own institutions was lauded by Klamath Production Credit association officers Saturday as the seventh annual meeting of association members opened here.

Retirement of the bond issue lowered the outstanding debt to the credit group's home office to \$150,000 and brought the association closer to being home-owned, officials said.

Over 300 farmers, cattlemen and sheepmen from Klamath and Lake counties in Oregon and Modoc and Siskiyou counties in California convened in the Legion hall at 10 a. m. Saturday

Come As You Are

"Teacher, what shall I do to inherit eternal life?" So asked the lawyer.

"What is written in the law?" asked Jesus.

The lawyer knew and repeated: "Thou shalt love the Lord thy God with all thy heart, and with all thy strength, and with all thy mind and thy neighbor as thyself." That means to have every thought, act and word right. Not one slip between the cradle and the grave.

Now comes a test. Suppose that on a day you were to lose your temper and lash out at your neighbor, what then? The answer is that whoever puts himself under the law is under a curse. "Cursed is every one that continueth not in all things which are written in the book of the law to do them." You set out to earn heaven by keeping the holy law of God and you slipped. By that you face you instead of the blessing.

If not to make us good, then why is the law given? "By the law is the knowledge of sin," says the Book And again: "By the deeds of the law there shall no flesh be justified—counted righteous—in his sight." The law is given to teach us that we sin and come short of the glory of God. And the wages of sin is death.

Then came Christ and rounded out the keeping of the law to the full. He knew no sin, neither was guile found in His mouth. Being proved sinless He stepped in and took the sinner's place—"Christ died for our sins."—BIBLE. On a day He told them why—"Therefore doth My Father love Me, because I lay down My life that I might take it again. No man taketh it from Me but I lay it down of Myself. I have power to lay it down and I have power to take it again. This commandment have I received of My Father." And now to us, this demand by God:—"That we should believe on the name of His Son Jesus Christ and love one another as He—Christ—gave commandment.

What do we do to come to Him? Nothing. "Just as I am and waiting not to rid my soul of one dark blot, To Thee whose blood can cleanse each spot, O Lamb of God I come." If your heart tells your poor slow head that it has believed on Christ as Saviour, that settles it. With his heart man believeth unto righteousness. And let your mouth tell it—With the mouth confession is made that we have come into salvation. Tell God, then tell the folks.

GEO. N. TAYLOR, —Paid Adv. Beaverton, Ore.

to hear the annual financial report which opened the meeting. The group later adjourned to the Willard hotel for lunch and entertainment and were scheduled to reconvene at the hall for addresses by Orlo H. Maughan, Farmers Credit administration statistician, and Ernest E. Henry, president of the Production Credit corporation of Spokane, in the afternoon.

A total profit of \$134,600 for the PCA's seven year operation was reported by Lee McMullen, secretary-treasurer of the Klamath association, who also revealed that in 1940 over \$2,000,000 was loaned to basin farmers. The mark stands as one of the highest in group history and brought the seven-year total to well over \$12,000,000.

McMullen said that \$98,000 in stock was now owned by Klamath area farmers. Of this \$94,500 was Class B or voting stock.

Also heard at the morning session was an annual report of the board of directors, given by Ed Geary, well-known Klamath Falls seed grower.

Entertainment by Merrill high school students through the courtesy of Principal Kilpatrick featured the luncheon meeting. A speech on the advantages of the PCA in 4-H club work was presented by Ray Jones, Henley 4-H leader, before members re-adjourned to the Legion hall.

Election of officers and board directors was to be held at the close of the meeting.

CITY BRIEFS

Blehns Have Daughter—Mr. and Mrs. M. E. Blehn of St. Francis park are receiving congratulations on the birth of a daughter, their first child at the Hillside hospital on Monday, January 20. The baby which weighed 6 pounds, 8 ounces at birth has been named Suzanne. Mrs. Blehn is the former Hazel Andrews, daughter of Mr. and Mrs. Roy Andrews of Garden avenue.

Leaves for School—Virginia Gilbert, daughter of Mrs. Margaret Gilbert of this city, has left for Portland where she will attend St. Helen's Junior college in preparation for entering nursing training at the Good Samaritan hospital. Miss Gilbert is well known here where she has lived for a number of years and attended high school.

German Pilot Held In New York For False Entry

OGDENSBURG, N. Y., Jan. 25 (AP)—A German pursuit pilot who escaped from two British prison camps and a Canadian prison train after being forced down in England Sept. 7, waived examination today on a charge of "entering this country without reporting to a United States immigration officer."

He was remanded to jail in lieu of \$5000 bail pending action of a federal district court grand jury convening in Albany Jan. 30. Chief Inspector Herman Kull, U. S. border patrol, preferred the charge.

An immigration official said the flier, Baron Franz von Werra, Messerschmidt squadron leader, claimed he crashed into another German plane while coming out of a power dive, after shooting down three British planes over London, and was forced down, unhurt.

The pilot told authorities he first escaped from a prison camp near Liverpool, later from a camp in Scotland and two days ago from a prison train carrying him to an unknown destination in Canada. He asserted he entered the United States by crossing the St. Lawrence river in a rowboat.

Von Werra was arrested last night on a downtown street as a vagrant.

The Jellyfish has its mouth at the end of a long proboscis, from which it buds off new Jellyfish.

LITTLE MISS GADABOUT—Three-year-old Gwen-dolyn Meisler can afford to turn up her tiny nose at persons who talk about their travels, for she's a seasoned gadabout in spite of her tender years. She's now at the home of her grandparents, Mr. and Mrs. William Quinn of Philadelphia, after completing her third Pacific ocean crossing. Her parents still are in China.

SALINAS COWBOY TOP RODEO CHAMP

SALINAS, Calif., Jan. 25 (UP)—Fritz Traun, Salinas bronco rider, Friday night headed the list of rodeo champions of 1940 who were given awards at the convention of the Rodeo Association of America.

Traun scored the greatest number of points in RAA rodeos last season, and won the 1940 national cowboy title.

When elections are held at the final convention session Saturday 15 vice presidents will be elected under provisions of revised by-laws, with each vice president representing a territorial district of the United States and Canada.

The district segregations of the RAA are: first, California; second, Washington; third, Montana; fourth, Colorado; fifth, Idaho; sixth, Utah and Nevada; seventh, Oregon; eighth, Arizona and New Mexico; ninth, Texas; tenth, Wyoming; eleventh, Arkansas and Louisiana; twelfth, Canada; thirteenth, New York, Massachusetts, Pennsylvania, Illinois, Tennessee and Ohio, plus other states east of the Mississippi river holding rodeos; fourteenth, Kansas, Missouri, Nebraska and Iowa; fifteenth, Minnesota, South Dakota and North Dakota.

LOST RING FOUND FOR BRIDAL GIFT

ROSEBURG, Ore., Jan. 25 (P) A wedding gift received by Miss Audrey McEachern when she was married recently to Lucien Clement at Yakima, Wash., represents a most unusual chain of circumstances, according to the bride's mother, Mrs. W. M. McEachern of Roseburg.

Born at Walla Walla, Miss McEachern in 1920 was the winner in a baby show and was awarded a diamond set ring as first prize. A year later while visiting at the home of her grand parents in Walla Walla she lost the ring.

Just two days before her marriage, an aunt, Mrs. Mabel Condon, who now occupies the old home, called a plumber to repair a broken pipe. While digging in the yard the plumber uncovered the ring. It was cleaned by a Walla Walla jeweler and was a most welcome surprise gift to the bride at her wedding.

Closing time: 5:15 p. m.

Official Visit—On Monday evening, January 27th, District Deputy Grand Master Arthur R. Dickson will make his official visit to Klamath lodge No. 77, A. F. & A. M. Dickson's jurisdiction comprises the Masonic lodges in the Klamath country. There will be a short musical program during the evening and all members and visiting brothers are cordially invited to attend.

Catholic Daughters—There will be a social meeting of the Catholic Daughters at 8 p. m. January 27, at the Lyceum hall. Mrs. S. P. Miller will be in charge.

Degree of Honor—Degree of Honor Juveniles will meet for installation in KC hall Monday evening, January 27, at 7 o'clock. All members are asked to be present.

On Furlough—Arthur Martin is home on a 10-day furlough from the U. S. naval training station at San Diego visiting his parents, Mr. and Mrs. R. C. Martin, and relatives. Martin will leave Saturday.

China's population has been estimated at approximately 474,787,000.

It is estimated that 100,000,000 stars are visible through use of modern telescopes.

Polaris, the north pole star, never is seen from points south of the equator.

Opens Sweet Shop

Lucille Pence, well known in business and social circles of Klamath Falls, has opened "Lucy's Sweet Shop" in the new Esquire theatre building. Mrs. Pence was for several years associated with Safeway Stores here. She is a member of Eastern Star, Amaranth court and the Business and Professional Women's club.

STUDENTS WRITE UP OWN EXAMINATIONS

PROVIDENCE, R. I., Jan. 25 (AP)—The Rev. Paul C. Perrotta, O. P., professor of logic at Providence college, can hardly be criticized by those pupils who flunked their mid-year exams. Dr. Perrotta permitted the students to make up their own questions as well as the answers.

Many of the students must have given themselves "the works," however—because eight per cent failed to pass.

For many years, it was a common belief that horse hairs, left in water, turned into worms.

Nails were used for construction as early as 1100 B. C., according to Biblical reference.

S. F. Cody, an American who became a British subject, was the first man to fly an airplane in England.

POWER PROJECT TO BE SPEEDED

WASHINGTON, Jan. 25 (AP) Frank W. Clark, California works director, said Friday that Secretary of the Interior Ickes had ordered "full speed ahead" on power features of the \$228,000,000 central valley project with the object of bringing Shasta dam and other units into production by 1943, two years ahead of schedule.

Ickes, he said, favored a doubling of the \$25,000,000 appropriation budgeted by President Roosevelt to continue construction in the next fiscal year. Provision of the extra funds, the works director added, would make possible the addition of a fifth generating unit at Shasta dam, giving it an installed capacity of 375,000 kilowatts. It also would permit, he said,

a start on a \$15,000,000 steam standby plant at Antioch capable of generating 150,000 kilowatts on the Keswick dam power plant with an installed capacity of 75,000 kilowatts, and on a third transmission line linking the Shasta, Keswick and Antioch plants.

Decision to speed up central valley was reached, it was understood, after presentation by the federal power commission of figures indicating a probable shortage in California by 1943 of about 800,000 kilowatts.

Seeking congressional support for the larger appropriation, Clark conferred today with Senator Johnson (R-Calif) and afterwards said that the senator promised his cooperation.

"This proposal," Clark said, "is of the utmost importance, coming as it does at a time when California not only has but is facing an even more serious power shortage. The defense emergency justifies prompt action."

Orchids from a Holly Grower

Buick SUPER Sedan, \$1185.*

ORDINARILY we don't go in for owner-testimonials.

But every now and then, along comes a letter that so perfectly portrays the way Buick owners feel about their cars that we haven't the heart to keep it from you.

Here, for example, we quote from Mr. Ambrose Brownell, English holly grower of Milwaukie, Ore.

"... When I drove that '41 SUPER out of Flint... and started a circle trip home... I jotted down each gas purchase and mileage to sort of figure my expenses...

"It wasn't long before I got suspicious of something wrong... The gas gauge needle just didn't go down fast enough..."

"But, Roy, all the way home it was the same story. The Buick wormed through miles of city traffic... made numberless stops to inquire directions, purred along in sizzling heat that made my feet feel like two fried eggs, breezed over the Rockies at 9,000 elevation... and finally fairly stole home through the sinuous Columbia Gorge.

"Statistics? Of course: 3,200 miles; 165 gallons... Ethyl gas; 19.51 miles per gallon; gas expense—1 7/100¢ per mile; total out-of-pocket expense—1 28/100¢ per mile.

"... Roy, I'm glad I bought a Buick."

Mr. Brownell has other nice things to say about his Compound Carburetion-equipped 1941 Super.

But the point is that everywhere Buick is running up such astonishing records for thrift that letters like this are commonplace.

Why not drop in on your local dealer and try out the thrifty traveler that brings us orchids from a holly grower?
