LEADERS HOLD TO PLACES IN STOCK MARKET

NEW YORK, Jan. 27 (AP)—While leading stocks refused to back away to any great extent in today's market, most were unable to make much headway in recovery.

Dealings were apathetic throughout, transfers for the five hours aggregating about 375,000 shares, one of the smallest turnovers in around four months.

A little half-hearted buying seeped into rails, steels and motors at intervals without getting a real hold. A few "blue chips" were up a point or so on a handful of transactions.

Lack of unloading pressure was encouraging to analysts although hardly cheering to brokers who have been running "in the red" for a long time and who would welcome activity, either on the up or downside.

SNOW CAUSES NEW SELLING IN WHEAT

CHICAGO, Jan. 27 (AP)—Selling based on receipt of beneficial snows over much of the winter wheat belt was renewed in the wheat pit today, dropping prices almost a cent a bushel at one stage to the lowest point in more than a month.

The weather map indicated the cold wave veered eastward instead of moving into the major wheat area and the forecast promised no decided change in temperatures. Although prices rallied partly at times, buying was on a small scale, with no signs of improved milling or flour trade demand in evidence. Wheat closed 1-1/2c lower than Saturday, May 84-1/2c, July 78-1/2c; corn unchanged to 1c off, May 63c, July 83c; oats 1c lower.

GUARD OFFICER ASKS SOLONS TO SUPPORT MOVE

CHICAGO, Jan. 27 (AP)—Senator Dorothy McCullough Lee (R-Multnomah), only woman in the legislature, introduced a measure providing for a tax of no more than one mill to support vocational education schools. The bill, if passed, would be referred to the people at the November, 1942, election.

Another measure by Senator Lee would provide that a person awaiting an insanity hearing should be kept in a hospital, instead of in a county jail; and that such a person may be represented at his hearing by a doctor of his own choosing.

The senate assessment and taxation committee introduced a bill to eliminate the five per cent penalty on delinquent income taxes, but increasing the interest rate on back taxes from one-half of one per cent to one per cent per month.

A clash was expected at the senate roads and highways committee's hearing tonight of a proposal to legalize larger and heavier trucks. Railroad officials were expected to combat the bill, which has the backing of Governor Sprague and trucking interests.

GRAND JURY WILL GET MURDER CASE

The fate of 17-year-old James Anderson, charged with first degree murder in connection with the rifle slaying of Jerry Zulkoski, will be decided upon by the grand jury within the next few days.

District Attorney L. Orth Sisemore said there is a possibility the jury will take up the case this week, if preparations are completed for its presentation.

Meanwhile, the youth is a prisoner in the Klamath county jail, where he was lodged by sheriff's officers following the discovery of Zulkoski's bullet-pierced body along the Klamath highway.

The pickup truck in which Zulkoski is alleged to have been shot, found abandoned in the high tableland north of Beatty, was brought to Klamath Falls over the weekend by sheriff's officers.

COUNCIL TO EYE REFUSE CONTROL ON MAIN STREET

City fathers, in session tonight (Monday), will take the first of a series of steps toward cleaning up the business district and attempting to install pride into Main street business house owners and occupants.

Mayor John H. Houston observed that many persons were sweeping from the sidewalks the debris collected during the day, and letting it fall into the streets, giving the business section an untidy, unattractive appearance.

The act is, the mayor pointed out, a direct violation of Ordinance No. 501. The matter will be brought up for discussion Monday night.

Another matter which will be brought up for discussion is the parking strip situation along Pacific Terrace.

Recovering—Mrs. Martin Adams and two daughters, Sharon and Sandra, have recently recovered from severe attacks of influenza at their home on Roseway drive.

WPA WORKER SHOT AT MILITARY CAMP

(Continued From Page One) lenced, "halt, who's there?" the man began to walk toward him. The sentry repeated his command to "halt" twice more. At the third command, he said, the man broke into a run and charged him. The sentry fired his rifle, shooting the man through the left breast.

In the hospital attendants found the man carried a stiletto-like knife concealed in a cake of brown soap in his pocket. He carried two out dated American passports.

Lutz lapsed into semi-coma almost immediately and officers were unable to question him. Authorities said they hoped to learn from him his reason for trying to break into the camp. Major Dorn said contents of the car were not known, for the seal was still unbroken.

Army officers presumed Lutz was one of several thousand WPA workers employed on work within the fort, largest military encampment in California. These WPA workers, quartered within the reservation, are all supposed to be American citizens.
