Moe's Millinery

ONE time last year Mabel Randall... Who was Mabel Upper until a couple of months ago... Told me that the first shipments of hats always are the best of the season... And after seeing the new spring millinery that just arrived at her department in Moe's I know I'll never see any darling head-gear.

There are beautiful new spring felts in pastel tones of

golden earth, beige, and timber rose (which is a sort of pink)... I'm crazy about the Hamburg styles which are supposed to be worn straight across the brow.

Then there are darling turbans, high draped, in black, azure blue and timber rose. So far all the straw hats are in dark colors... Or black and white... Because, for some reason, light straws aren't worn until later in the season.

I noticed prices, too... Everything in Moe's Millinery department is priced right now from \$1.95 to \$5.95.

Garcelon's

IF you're in the mood to cut your ironing time away down... And who isn't? You ought to try one of those new Steam-O-Matic electric irons... Because, with it, you don't need to sprinkle the clothes... And you don't need to re-sprinkle them in the middle of your ironing because they've dried out.

These Steam-O-Matic irons really are amazing... I got mine at Garcelon's... One of the fully automatic models that has complete heat control for every fabric, and can be used

dry or as a steam iron... But I certainly wouldn't want to use mine dry, like the usual electric iron, when it takes such a short time to get it steamed up.

You ought to see the way this Steam-O-Matic iron renews velvet and felt... And you never have to worry about burning or scorching the finest material... You can even press woollens on the right side without a cloth in between.

The fully automatic Steam-O-Matic iron costs \$12.95... While the semi-automatic, which has a thermostat to shut off the current when the steam is exhausted, costs only \$9.95... They're light-weight, too... Only four and a half pounds.

You can find them at Garcelon's.

Lucy's Sweet Shop

THE other night Jean Rawlins and I went in to Lucy's Esquire Sweet Shop for cokes... And found that we could get big seafood cocktails with crackers for only 20c each... I mean, per person... Lucy serves oyster, shrimp and crab cocktails, any one of which suits me for a snack.

And the pies she serves are marvelous... Fluhner's cooks them especially for her, and they certainly are worth the higher price she pays... I can't understand why she doesn't charge the customers more per pie, instead of the same as any place else.

One of the newest costume effects features a dark costume (often navy) trimmed with polka dots.

SEVERE SKIN IRRITATIONS

(externally caused)

Extra Strength Zemo—A Doctor's highly medicated liquid formula—has proved just wonderful to quickly relieve the itching, burning distress of stubborn skin and scalp irritations, surface pimples, athlete's foot, ZEMO actually aids healing of the red, irritated skin. Get ZEMO today and let it prove its merit. One trial convinces! All drug stores.

Rounder, but still fairly wide, shoulders... That's the newest in women's wear... Dolman and reglan sleeves seem to be coming back.

Curry's

WHEN you go into Curry's for a couple of weeks, and for a couple of weeks more, you'll wonder if Alley Oop has been busy in there... Because this drug store is all torn up, but still open for business.

The reason, in case you haven't heard, is that Curry's is enlarging... The store is going to be one-third wider by taking in part of the quarters where the Safeway store used to be... This will give Curry's 424 square feet more of floor space... But don't ask me to prove it, because I don't know how Vance Vaupel, the manager, figured it out... I skipped the grade in school where I would have learned how to do that kind of problem... (I think.)

Thursday of this week, Vance

told me, is the day the workmen are scheduled to break through the west wall of the store... The side where the cosmetics bar is located. Incidentally, with the extra space, Curry's is going to be able to have a larger and more modern cosmetics display... I saw the plans and they're wonderful.

Have you noticed how the coats of suits, both men's and women's, are MUCH longer?

Mud on Your Hose

MAN asked me the other day why women get splashes of mud on the backs of their stockings when the sidewalks and streets are wet... Because, he said, men don't... I asked him if he really watched men's legs that much... Which was the last word, because he wouldn't answer.

Anyway, those mysterious splashes aren't nearly so bad as the fountains of muddy water that used to splash up several years ago when cars pulled up to the curb to park on Main street... Since the city filled in those mud holes, a gal can walk down the street safely... Or can she?

Moe's Cosmetics

IN these days of skiing, it's well to prepare against sunburn from the snow... So I want to mention the Elizabeth Arden "Sports-Gelée," which you can find at Moe's cosmetics department.

It's a colorless jelly... Probably the only kind of sunburn guard you could get the man in your life to put on... It keeps the skin from drying... And will make you tan evenly, or, if you use it frequently, will keep you from tanning at all... Sports-Gelée is exclusive in Klamath Falls at Moe's.

Maybe She's Blue

READ the other day that the Duchess of Windsor has bought a dress to match her table appointments... Or maybe it was vice versa. Anyway... Wal's dinner gown has alternating cherry red and turquoise faillie bands... And she has an entire set of plates, glasses and candlesticks in the same cherry red... With cut-glass wine glasses rimmed in cherry red.

That's what I'd call a table set for a king... Even an ex.

COUNCIL STUDIES CHILD RAISING

The newly organized Mothers' council, sponsored jointly by the Mills PTA, and the Junior Women's circle of the Community Congregational church, meets in the community hall, twice monthly, to discuss the problems relative to child raising from babyhood on up through adolescence.

Leaders from this group attended the monthly meeting conducted by Mrs. Buena M. Maris, family relations expert from Oregon State college and they, in turn, lead the group through the discussion offered by her.

Problems or questions may be brought to this group for discussion and suggestions made as the possible solution. If desired, the problem may be written and given to one of the leaders, who will present it as an abstract problem, instead of a personal one.

Any woman who is interested is cordially invited to attend these meetings which are held on the second and fourth Tuesday of each month in the community hall.

Four-H News

Crooked River Health Club

The club was called to order by our president, William Patrick, on January 28. The president elected for the class was Jimmy Short, but he has gone away, so that automatically puts our vice president as president. We then elected a new vice president, Duane Stright.

For the program, a talk was given on "Health Inspection," by Blanche Schuchman; a talk on "Proper Diet" was given by our teacher, Mrs. Monroe; a play was given.

Our president elected new school and class-room monitors. The meeting was adjourned.

Fairhaven Fairy Cooks

Our leader, Mrs. C. V. Schultz, just returned from a trip to California, and we had our first meeting since December, on January 30. Most of the girls have in three progress cards. We hope to have in more. We cut parkerhouse rolls. The menu for our dinner was: meat loaf, baked potatoes, escalloped tomatoes, pear salad, rolls, jam and milk. We have a new member, Ruth Schultz.

13 Cooks of Altamont Jr. High

Our club met on Monday, January 20, from 3 to 4 p. m. We had roll call first. Since our president, Norma Tucker, and vice president, Shirley Conrady, were not there, Jean Capp of Cooking 3 presided. We had a talk on table setting by Billie Jean Blaine and a talk on eggs by Darlene Ghermann. The meeting was adjourned.

BETTY GREEN, News Reporter.

The Jolly Cooks

The club was called to order and the roll called, and then we gave a yell, and then we discussed old business, and we discussed what to do next time. We sang a song entitled, "The More We Get Together," and "Hail! Hail! the Club's All Here," and then we adjourned the meeting.

Willing Workers Meet

On Tuesday, January 17, the Willing Workers of Malin met for their weekly meeting. The meeting was taken up by the discussion of what article each member was going to make and the color of the article.

It was also discussed at the last meeting, that there be demonstrations given weekly: on January 21, Elinor Skeins will discuss color and what each type of person should wear. Violet English will talk on dress designs and neck lines, and Atha Griff will demonstrate transferring patterns.

We held our last club meeting at the home of Lewis Hagelstein. We made a motion that everyone absent pay 5 cents and the tardy pay 1 cent, starting next meeting. There were

NOSE PICKING

May be a Sign of

WORMS

Don't blame your child! It looks like just a nasty habit, but it may mean that ugly, crawling roundworms are starting trouble inside the child right now. Other warning signs are "picky" appetite, fidgeting, uneasy stomach, itching seat.

Anybody, anywhere, can "catch" roundworms! If you even suspect your child has them, get JAYNE'S Vermifuge right away! It's America's leading, proprietary, worm medicine. Scientifically tested, and used by millions for over a century.

Jayne's expels stubborn worms, yet acts gently. If no worms are there, it is just a mild laxative. Demand Jayne's Vermifuge.

Merrill Camp Cooking

Plans for a party to entertain our parents at a future meeting was discussed by members of the Merrill 4-H Camp Cooking club at its regular meeting.

The group made gingerbread after the meeting. The bread was such a success all the teachers of the primary grades were served hot gingerbread by the club members.

Cooking 1 met with our leader on January 27. Most of the time was spent in making out our project report cards and bringing them up to date.

A short business meeting was followed by a few club yells and songs. A new scribe was named: Mildred Miller, and Billie Ruth Lowry was appointed yell leader.

At our next meeting we are going to bake cookies.

Mrs. Byrnes requested that those who were absent have their report cards up to date at the next meeting.

Mr. Jenkins, county club agent, paid our group a short visit.

The Willing Workers

January 21, the club of Malin met for its weekly meeting. Elinor Skeins and Betty Kelfer gave a demonstration on the care of the fingernails. They will appear before the seventh and eighth grade health classes Wednesday, and the home economic class Thursday. Violet Vincent and Violet English were scheduled for the removal of stains, Margie and Atha Griffith were scheduled for patch and darn. It being impossible for these demonstrations at this scheduled point, they were postponed until next week's meeting, when Mary Belle Howell and Catherine McCully will demonstrate laying a pattern.

BLY PRESIDENT'S BALL BIG SUCCESS

BLY—the president's birthday ball drew a large crowd to Sherman hall on Saturday evening. The net proceeds of the affair were \$80. The donations included use of the hall, by Monte Cline, one dollar each from the orchestra members and \$15 from "march of dimes" contributions. The remainder was realized from dance ticket sales.

Chairman of the ball was Mrs. John Geisbeck. Special committees included, music, Mrs. Babe Green and Mrs. Monte Cline; publicity, Mrs. Max Cline; Mrs. Dave Campbell and Mrs. Leo Moll.

A floor show was presented by the high school pep and twirling squads and included a military drill, twirling, tap dancing and acrobatics.

BIEBER TO GET NEW SERVICE STATION

BIEBER—Floyd H. Thomas, wholesale distributor of Shell Oil company products in this territory, has received blueprints and will supervise construction of a new service station in Bieber on highway No. 299 just north of the Keene hotel. Thomas started Wednesday for Sacramento where he was to attend a sales conference of his company.

Mrs. Thomas, Shell office manager in Bieber, said: "This will give Bieber a completely modern station with all facilities for every greasing and servicing job. Equipment worth \$3000 will be installed and an experienced service station man will be the operator."

RECLAMATION MAN TALKS IN LAKEVIEW

LAKEVIEW—W. L. Chapman, of Redding, Calif., who is affiliated with the United States reclamation service was the speaker at the local chamber of commerce meeting yesterday.

Chapman gave a talk concerning the central valley water project and especially Shasta dam. He also showed a series of interesting pictures featuring the construction activities at the dam. The chamber secured Mr. Chapman as a speaker for the Alturas Rotary club Wednesday and for the Modoc Union high school.
