

WASHINGTON PAIR WIN DANCE PRIZE

First prizes at the Townsend masquerade dance Tuesday evening for the best and most appropriate costumes were awarded to Mrs. Zoro Miller and L. E. Luce, representing Martha and George Washington. Second prizes were given to James E. Swansen Sr., for an Indian blanket costume and to Mrs. Phyllis Stevens, whose costume was an old-fashioned gown.

Popular old-time dances featured the evening and the largest attendance of the year was on hand, over 100 being present. The next Townsend club dance will be held following the regular club meeting, Tuesday, March 4, in the KC hall. Members and friends are invited and prizes will be awarded to the best waltz couple.

At the meeting preceding the dance Tuesday, a letter from Governor Sprague was read in which the governor pledged his support to pension legislation favorable to Townsends and endorsed letters to US congressmen requesting their support of the new Townsend bill to be presented to congress this term.

The resignation of Carl Hammond as vice president of the club was accepted but election of his successor was deferred until March 4.

Norman Gage's appointment as floor manager for the dances was approved, and J. T. Totten was appointed ticket seller, to be assisted by H. O. Meyers. Mrs. Ada Larson, Mrs. Bertha Hoque and Mrs. Pearl Hornbeck were named as the ladies social floor committee, and the lunch concession was granted to Mr. and Mrs. Thomas Miller of the Doughnut shop.

Twelve new members were received into the club at Tuesday's meeting, bringing the total to about 50 since the first of the year.

FEATHERED FRIEND

VANDALIA, Ill. (AP)—A contrary chicken was responsible for the discovery of \$375 in gold coins here.

Miss Lottie Lawler was attempting to catch the chicken. It raced through a flower bed. So did Miss Lawler. She stumbled against an object, picked it up, and opened a sack containing the \$375.

Authorities believe the money belonged to a former neighbor of Miss Lawler, Miss Tillie Ernst, now of Kansas City, who reported such a loss some time ago.

Big Army Orders Stir Market for Unshorn Wool

BOSTON, Feb. 21 (AP)—The commercial bulletin will say of the Boston wool market tomorrow:

"Business has been hectic in the wool market this past week. The announcement of further government orders equivalent to 100 million pounds of grease wool, or more, led the mills evidently to anticipate their requirements. Hence, they bought contracts from the dealers of wool yet to be shorn very freely, around \$1.00 to \$1.05 for average to choice fine wools and around 97-98 cents for half-blood wools, scoured basis. They also bought further sizable weights of foreign half-blood and fine wools at firm prices."

"Dealers were thus spurred on to further contracting in the west and it is estimated that fully 80 million pounds of the new clip are under contract, mostly unshorn. Prices being paid range from 30 to 40 cents according to the character and staple of the wool, with most of the business around 35 cents for both medium and finer clips."

"Foreign markets are rather quiet but very firm. 'Cloth buyers for civilian purposes are finding it rather difficult to place contracts, in the face of the huge government orders."

"Mohair has been quiet but firm."

Large Peanut Crop Can Be Boon to Housewives

Just harvested is the largest peanut crop on record—a crop so big that it tops all previous records with tons of peanuts to spare, according to Albert Dickson, in charge of the peanut marketing program of the Surplus Marketing administration. The housewife, who defends her food budget by using surplus products will profit by a larger use of peanuts in her menus.

It is easy to make peanut butter. Use an ordinary meat grinder equipped with a very fine blade. The peanuts must be roasted first—either purchased that way or roasted in the oven at home. Use peanuts with the shells and skins removed, and grind the nuts two or three times so the butter is fine and granular, but not pasty. Mix a little salt with the peanut butter, and add a little bland table oil if it seems too dry. Pack into a dish or jar that can be covered tightly and keep in a cool place.

COMBINE WITH VEGETABLES
Combine peanuts with tomatoes or other vegetables in scalloped dishes, loaves, or croquettes. To make scalloped onions and peanuts, slice cooked onions into a baking dish and cover each layer with chopped peanuts and a sauce made of fat, flour, milk and salt. Top with a layer of buttered crumbs and bake in a moderate oven for about 20 minutes until the crumbs are golden brown.

PEANUT BUTTER BISCUIT
Two cups sifted flour, 1 teaspoon salt, 4 teaspoons baking powder, 4 tablespoons peanut butter, 2 tablespoons fat, milk. Sift the dry ingredients, and rub the peanut butter and fat into the flour with the tips of the fingers. Make a well in this dry mixture and stir in the milk to make a soft dough. Knead slightly, pat to about 1/4-inch thickness on a lightly floured

board, and cut in rounds. Bake in a hot oven (400 degrees F.) for about 15 minutes, or until lightly browned.

MENU
BREAKFAST—Tomato juice, cooked cereal, peanut butter biscuit, jelly, coffee, milk.

LUNCHEON—Scalloped peanut butter and onions, watercress sandwiches, stewed or canned green gage plums, sugar cookies, tea, milk.

DINNER—Fried ham steak, sour cream gravy, mashed potatoes, broccoli, apple brown Betty, coffee, milk.

SENATE APPROVES POLITICAL BILL

SALEM, Feb. 21 (AP)—The senate passed 22 to 6 today a bill by Sen. Rex Ellis (R-Umatilla) to make it illegal to publish false statements against candidates for public office.

Ellis said the bill was drafted because of a "smear campaign" conducted against him when he was a candidate for congress in the second district. He said the campaign consisted of false statements in newspapers.

Ellis explained he had no personal interest in the bill now, because "I may not be back among you any more. However, I just want to do something for the other legislators and candidates to protect them from this sort of thing."

Ellis was referring to a bill by Sen. Marshall Cornett (R-Klamath) to give Klamath county a state senator of its own. The bill would eliminate Ellis' district.

Cornett's bill was to have been considered today by the senate, but Cornett moved to have it postponed until Monday. He explained he wanted Sen. James A. Best (R-Umatilla), who now is ill, to be present when the bill is considered.

PIERCE ASKS AID FOR TIMBER MEN

WASHINGTON, Feb. 21 (AP)—Rep. Pierce (D-Ore.) in introducing in the house a bill (3458) to provide a forest credit division in the farm credit administration asserted landowners who wish to manage their forests for permanent production are discriminated against because of lack of long-time credits at low interest rates.

The measure would extend loans to private owners of forest lands only to those who provide for continuous production. Each borrower would be required to furnish ample mortgages.

The short term loans for intermediate or forest production credit would be restricted to not more than fifty per cent of the value of the property. They would run for three years but be subject to renewal for another three years. Loans to forestry cooperative associations would run for twenty years and not exceed sixty per cent of the value of the security while long term loans for forestry enterprises that need refinancing or for facilitating new ones would be restricted to thirty per cent of the value of the property and run for not more than 40 years.

SCENT
DALLAS, (AP)—Detectives George Williamson and L. M.

McKinney just followed their noses and there was the forger. A storekeeper recalled cashing a \$9.38 WPA check for a negro who bought a large supply of lotus blossom incense. The officers sniffed around the neighborhood until they found the incense—and a negro who had forged the payee's signature.
