

38,000 SACKS OF SPUDS UP FOR DIVERSION

According to information from George Cummings, AAA representative here in Klamath Falls, to handle the feed diversion program for potatoes, applications have been received for the diversion of 86,824 sacks of No. 2 or better potatoes. This amount is from the three counties—Klamath, Modoc and Siskiyou—about 38,000 being from Klamath. Ross Aubrey's office reports that dye has been applied to 22,305 sacks. Figures for each county show that 38,990 sacks have been authorized for diversion in Klamath county; 15,479 sacks in Modoc county; and 32,355 sacks in Siskiyou county, and to date 6305 sacks have been dyed and ready for feed in Klamath county; 4000 sacks in Modoc county and 12,000 sacks in Siskiyou county.

Anyone who has produced potatoes in compliance with the AAA program and who can feed the dyed potatoes to livestock, may make application and receive 25 cents per sack for such feeding. Applications can be made at the county agent's office or the AAA office.

Potato growers feel that the diversion program has had its effect in price increases and that the potato price situation has been relieved to that extent.

IMPROVEMENT SEEN IN JOB SITUATION

A decrease of nearly 18 per cent in February unemployment benefit payments and a drop of 25 per cent in the number of initial claims filed this year are new indications of the improvement in the job market during the past twelve months.

Checks sent out last month by the unemployment commission totaled \$421,442 as compared with \$511,766 for February, 1940. The first two months of 1940 saw 40,971 claims for jobless insurance filed, while this year the figure is 30,562.

The monthly report of the commission, as made public by Administrator Silas Gaiser, shows \$11,034,400 in the trust fund, compared with \$11,063,473 at the end of January and \$8,664,898 a year ago.

The active file of available workers also shows an 18 per cent decrease. Reports from 23 employment offices operating under the commission place the active file at 41,662 as compared with 50,685 a year ago.

POLICE ASKED TO LOCATE MAN, CAR

Police Thursday were asked to be on the lookout for a man aged about 25 years, wearing a cowboy hat, blue denim trousers and an old leather jacket, who Wednesday assertedly drove off in an used automobile belonging to the Turner Chevrolet company.

According to a report filed at headquarters the man took the car, a green roadster, out on trial and failed to return.

Another report turned into city police by Harry Carroll of the St. Francis apartments stated a spotlight was stolen from Carroll's car as it was parked in front of his residence on the night of March 12.

Federal Indian Agent John Arkell reported Thursday that a woman's saddle, washing machine, 30-30 rifle, and lines from a harness have been stolen from Mrs. Eleanor Butler McNease of Modoc Point.

Thursday's police court roster included seven drunks, 1 drunk and disorderly and 7 traffic violators.

The mass production of food, clothing and furniture, and the mechanization of household tasks have taken from youth the experience of doing chores in the home which used to lay the foundations of work habits in most young people.—Floyd W. Reeves, director, American Youth commission.

HOUSE REFUSES TO CUT HUNTER'S PAY

SALEM, March 13 (AP)—The house killed 46 to 12 today two bills to reduce the salary of Chancellor F. M. Hunter of the state system of higher education from \$10,000 to \$7500 a year.

The bills, by Reps. Richard L. Neuberger (D-Multnomah) and J. D. Perry (D-Columbia), would have provided that no state official could be paid a higher salary than the \$7300 a year paid to the governor.

Neuberger said it is unjust to pay the cost of maintaining Hunter's home, and he criticized the state for paying an annuity policy for Hunter, costing \$1350 a year.

He said Hunter actually receives \$17,000 or \$18,000 a year, asserting that if the state would buy his clothes and means, the state then would be paying all of Hunter's living costs.

Rep. A. Rennie (R-Benton) said he feared that if Hunter's salary were reduced, the state would lose his services.

Rep. James A. Rodman (R-Lane) said that Hunter's salary is not out of line with those of other states, and he added that "the salary of the governor should not be a yardstick for other salaries, because the governor's office is an office of honor. If you want to pay less for a chancellor, you can, but you will get a man worth just what you will pay him."

In explaining his vote against the bills, Rep. Warren Erwin (D-Multnomah) said "this is just a feud between Dick (Neuberger) and the chancellor," but Neuberger heatedly denied this, asserting "I hardly know the chancellor at all. Mr. Erwin just doesn't know anything about this."

AGREEMENT DRAWN ON SEED CONTROL

Aiming for closer coordination of activities under the Oregon seed law with those under the federal seed act, the state department of agriculture this month signed a cooperative agreement with the USDA agricultural marketing service.

The agreement will make the provisions of the federal seed act fully effective in protecting buyers of seed in interstate commerce, as well as protecting seed buyers from advertising in interstate commerce that may be in violation of the federal act.

The Oregon department will designate certain of its inspectors to draw samples of seeds subject to the federal seed act. Besides inspecting such seeds found within the state, these men will secure information and records relative to such shipments. The agreement entails expenditure of no special funds.

NOTED PRODUCER DIES OF ATTACK

BEVERLY HILLS, Calif., March 13 (AP)—Stuart Walker, 53, the noted producer and playwright, died of a heart attack early today.

Walker was the founder of the Portmanteau theatre, and directed repertory theatres in Buffalo, Detroit, Indianapolis and Cleveland before becoming a motion picture producer.

He was the author of the Portmanteau plays, a series which included "The Trimplet," "Nevertheless," "The Medicine Show," "Six Who Pass While the Lentils Boil," "The Lady of the Weeping Willow Tree," "The Very Naked Young Man," and "Sir David Wears a Crown." Walker was born at Augusta, Ky., in 1888.

Walker had been directing motion pictures since 1931, and at the time of his death was an associate producer at Paramount studio. Among his films were "Tonight Is Ours," "The Eagle and the Hawk," "Great Expectations," "Sons of the Legion" and "Emergency Squad."

He is survived by a son, Arthur H. Walker.

The Dominion of Canada produced 120,976,000 pounds of factory cheese during 1939.

As of Jan. 15, 1941, the US army air corps had a personnel complement of 96,189.

Atascosa county, Texas, is rated the leading watermelon producing county in the United States.
