

100 WORKERS ASSIGNED TO MONEY DRIVE

Beginning March 28 over 100 workers under the leadership of K. G. Klahn will call on citizens of Klamath Falls for contributions to the third annual Boy Scout-Girl Scout-Camp Fire fund financing drive.

Goal this year for the three organizations is \$5885.45 of which the Boy Scouts' budget of \$3500 comprises the biggest share. 1941 budget for the entire Modoc Area council of which Klamath Falls is a part, is \$5500. The amount raised by Klamath Falls in the fund drive is pooled with amounts raised in other sections of the council to make up the total budget.

Broken down the drive goal, if attained, will give the Girl Scouts \$819.25, Camp Fire girls \$804.50, Boy Scouts \$3500, expenses \$50 and 1940 deficit \$691.70. The campaign will continue as long after March 26 as is necessary to reach the \$5885.45 total.

Sparking the drive will be a parade of all scouts and Camp Fire girls of Klamath Falls at 10 a. m., Saturday, March 22. Several floats will also be included in the Main street spectacle.

Assisting Klahn with drive plans are C. S. Elliot, J. V. Owens, A. J. McDonald, A. M. Collier, E. M. Igl and W. A. Constans.

Navy Probes Loss Of Two Flyers in Bomber Crash

SAN DIEGO, Calif., March 13 (AP)—The navy today investigated the crash of a naval torpedo bombing plane and the death of two of its crew 65 miles north-east of here after the pilot had parachuted to safety.

Machinist's mates, Ralph Goff of Raccoon, Ky., and Dillard Darius Doga of Basil, La., were killed Tuesday night when the craft spun out of a thundercloud to the ground near French peak and burst into flames. This raised to 18 the number of dead in San Diego based navy planes since January 1.

The pilot, Ens. Walter Glenn Barnes of Coronado, Calif., told sheriff's deputies that he baled out shortly before his ship struck the ground. He walked back to the wreckage and found both his companions' bodies. One was burned in the plane. The other was thrown clear of the wreckage. Ens. Barnes was treated at the Ramona sheriff's office for shock and scalp wounds.

The craft was one of a group of five making a routine flight to El Centro. It was attached to the VT squadron 3, of the Saratoga air unit. The aircraft carrier is based at San Pedro but its planes operate from North Island in San Diego harbor.

Smuggled Gold Eyed By U. S.

SEATTLE, March 13 (AP)—A petition filed Wednesday in U. S. district court asked that \$52,628 in gold seized by customs agents from Elo E. Morland at the Canadian border February 11 be forfeited to the federal government.

Morland was charged with attempting to smuggle gold into this country in violation of the traffic act of 1930 and the gold reserve act of 1934. He is in jail in lieu of \$25,000 bond.

Shortly after Morland's arrest, Vancouver, B. C., authorities discovered an additional \$47,500 worth of gold in his hotel room there and arrested two men in connection with the case.

school on Monday afternoon, March 10th. The meeting was called to order by the president, Elmon Relek. The minutes of the previous meeting were read and approved. We made plans for the 4-H Fair, to be held the latter part of April. We also finished up our tree identification. The meeting was then adjourned.

On Saturday, March 8th, we went on a field trip to learn how to read a section map, run a section line, and how to read a compass. Mr. Pierce, our leader, had to attend a 4-H meeting in Klamath Falls; Mr. C. F. Peick of Klamath Agency was kind enough to take us out.

Four of the boys went. We went about a quarter of a mile west of Chiloquin. There Mr. Peick showed us where we were on the section map, and we got our bearings. Then he told us the relation between the rod and chain and the mile. While we were running the section line we saw the blazes on trees of the original cruise of this area made about 1880. We also laid out a plot in which we will plant our trees in the near future. This is part of our 4-H project. Roy Kephart, Secretary.

ALBANY PLYWOOD PLANT STRIKES

ALBANY, Ore., March 13 (AP) The AFL, Glaziers and Mill Workers unions called more than 150 employees of the Western Door and Plywood company Albany plant out on strike Wednesday night and established a picket line.

Walter Morris, plant manager, said a meeting of company officials and union leaders would be held tomorrow in the company's Portland office.

Morris said the employees made no demands and his first notice of trouble was the arrival of union representatives from Portland. He added that he believed Albany employees were satisfied with existing conditions.
