

GIRLS RECEIVE BONANZA HIGH HONOR RATINGS

It has been officially announced by the Bonanza school superintendent, E. L. Coyner, that the valedictorian and salutatorian for the class of 1941 have definitely been determined. Madge Fitzhugh and Marilee Givan have been awarded these respective honors.

Madge Fitzhugh has attended the Bonanza schools for 12 years. She was also valedictorian of her eighth grade class. Madge, an outstanding student, not only excels in scholastic ability, but in all types of extra-curriculum activities, which include debate, declamation and dramatics. She is a member of the Pep club, Glee club, and has held the following important offices: student body song leader, student body secretary, treasurer of the Girls' league, and class secretary of the class of 1940.

Marilee Givan entered Bon-

dent, Girls' league secretary, yell leader, G. A. A. treasurer and secretary. She has taken part in declamation, dramatics, and has been a member of the debate team for three years. Madge and Marilee have both helped earn their high school expenses through part time work. Madge has been employed by the N. Y. A. for the past year as the school librarian, while Marilee has instructed dancing pupils during her four years at high school.

Architect, Wife Found Dead in Car at Portland

PORTLAND, March 26 (P)—Deputy sheriffs found the bodies last night of Mr. and Mrs. Harold Doty, missing Portland architect and his wife, in an automobile in the Portland west hills.

They had been objects of a search since March 13. Deputy Coroner C. E. Shea said death apparently was due to asphyxiation. The bodies were in the front seat of a closed sedan and Shea said a hose had been attached to the exhaust pipe, diverting the fumes to the interior of the vehicle. The aperture at the top of the window through which the hose entered the car had been stuffed to make the compartment almost airtight, Shea said.

Doty, a well known local ar-

chitect and a former president of the Oregon chapter of American Institute of Architects, had been missing with his wife since March 5. Aimee Gorman, sister of Mrs. Doty, said. She recruited the police in a search on March 13.

Shea said circumstances indicated a suicide pact. Doty, he added, had been ill for some

time and he and his wife were devoted to each other.

Mrs. Doty was the daughter of Mr. and Mrs. Charles H. Spencer of Portland and was graduated from the University of Oregon. Three sisters, including Mrs. Gene S. Herron of Eugene, survive. Doty leaves a sister, Beatrice Doty of Tacoma.

DUMB YEGGS!
SEATTLE, (P)—An expert had to be called in to open a safe at the Marine By-Products company after robbers battered its hinges in futile efforts to force it.

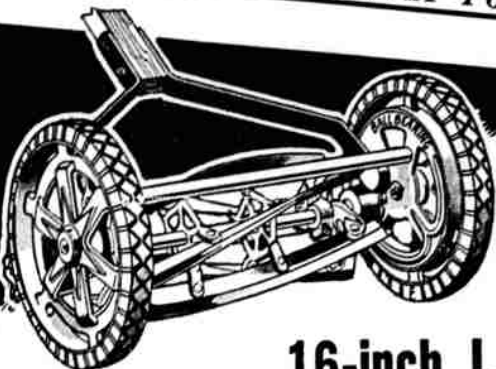

The safe-crackers, company officials explained, could have entered the vault merely by pulling on the door. It was unlocked—and empty.

Record-Holder
Youngest member in the history of the United States supreme court was William Johnson, who was 32 years old when appointed in 1804 by Thomas Jefferson. He served until 1834, when he died.
