

BOARD HEARS THROUGH-PARK TOLL PROTEST

The \$1 toll charged by the national park service for driving through Crater Lake national park was protested at a meeting in Portland Thursday.

For several years there has been frequent discussion of the toll charge, which is imposed on drivers even though they do not stop to look at the lake and merely use park roads en route between different points in this part of the state.

At its Portland meeting the commission suggested a negotiated contribution to upkeep of the park roads in return for elimination of the toll to through travelers.

PORTLAND, April 3 (AP)—The state highway commission announced today that it had approved Oregon's share of the nation's strategic military highway network which will be given priority in allocation of federal funds.

The designated highways, already approved by local officials of the public roads administration, still must be passed upon by the public roads administration in Washington, D. C., and the war department before they are placed on the official priorities list, however, Chairman Henry F. Cabel said.

The commissioners conferred with Hal D. Farmer of the public roads administration and T. H. Brundage of the forest service on readjustment of the forest highway program in anticipation that a federal allocation of \$1,119,000 would be cut.

Of this amount, \$130,000 will be diverted to maintenance and \$250,000 deferred until 1942, officials said. Projects on the deferred list will include surfacing a section of the John Day-Burns highway and grading of a section of the Flora-Enterprise route.

A grading and surfacing project on the Klamath Falls-Lakeview highway may be completed late this year.

Forest projects on which bids may be let shortly include surfacing and widening the Santiam highway from Suttle lake to the summit, grading and surfacing the Oregon Coast highway from Port Orford to Hubbard creek, and improving the John Day highway from Prairie City east six miles.

An \$85,000 forest funds allotment will be spent in surfacing seven miles of the mountainous section above Oakridge.

Election Ordered For Weyerhaeuser By Labor Board

WASHINGTON, April 3 (AP)—The labor board today ordered three separate elections within 30 days among employees of Klamath Falls branch of Weyerhaeuser Timber company, Klamath Falls, Ore., to determine collective bargaining representatives. The elections will be among conductors and brakemen in one group, firemen, engineers and hostlers in another, and electricians and machine shop workers in a third.

The above-mentioned elections order is a result of a hot three-cornered NLRB hearing here early in February. Trainmen through brotherhood locals, which are not affiliated with either the AFL or CIO, petitioned for the hearing but both the CIO and AFL intervened and presented their case for recognition.

It was believed here Thursday that all three disputants would appear on the ballot.

TOO LATE TO CLASSIFY

GRADUATION at Interstate Business college means a good job for you at good wages, 4-3

WANTED—Girl for office work. Must be good at shorthand and typing. Steady employment. Phone 6621. 4-5

WANTED—Girl for housework. Go home nights. References. Phone 4629. 4-3

CURTAINS home laundered and stretched. Reasonable. Mrs. Shafer. Phone 5647. 5-3mtf

COME to the Convalescent Home, 153 Granite, Ashland. 4-3

CARD OF THANKS

We wish to thank our friends, the employees of Ivory Pine company, also the employees of Long Bell company, for their kind sympathy and lovely floral offerings extended during our bereavement, the loss of our beloved mother and wife, Florence Davis, and the loss of our beloved son and husband, Leslie Herrick.

Cecil Davis and Family, Bertha Herrick and Family.

Editorials On News

(Continued from Page One)

ler may have been out-smarted by the Yugoslavs.

There has been almost a week of delay since their dramatic "revolution." This delay must have been immensely valuable to them in getting their military forces placed, if they intend to go to war. Hitler, for some reason, has been slower on the trigger than usual.

This must indicate that he doesn't WANT a Balkan war.

NAZIS RECALL OFFICIALS AS BREAK COMES

(Continued from Page One)

48 hours after their troops crossed the Yugoslav frontier.

Defense Secret

Whether the Yugoslav general staff would elect to defend the capital in event of an attempted invasion remained a military secret. Yugoslav warplanes circled over the city constantly, however.

German quarters declared frankly that recall of the legion staff to Berlin "carries grave implications of the inevitability of war breaking out soon."

As news that the German diplomats were leaving spread, envoys of other nations hastened to their offices to keep in close touch with the rapidly developing situation.

SETTLEMENT OF BIG FORD STRIKE LOOMS

(Continued from Page One)

statement of workers discharged for union affiliation, "abolition of the Ford spy system," establishment of a seniority system, and a shop steward system.

A Ford company statement said the strike resulted from "a gigantic communistic conspiracy to paralyze the industrial life of our nation."

Italian Students Attempt to Reach American Embassy

ROME, April 3 (AP)—Students attempted to reach the United States embassy and the Yugoslav legation for demonstrations today but were turned back by cordons of troops who blocked the approaches to both buildings.

Several score students paraded through the streets, carrying large Italian and German flags after cheering Japanese Foreign Minister Yosuke Matsuoka on his way to the station.

They first went to the Palazzo Borghese but troops prevented them from getting near the Yugoslav legation. The students then marched a mile to the Via Vittorio Veneto, where the United States embassy is situated, but again their approach was blocked.

Police chased about 200 demonstrators away from the U. S. embassy Monday night and steel-helmeted troops were posted around both the U. S. embassy and the Yugoslav legation, but the number of troops was reduced yesterday.

SPRAGUE ROAD TO BE TALKED AT PORTLAND

County court members were on their way to Portland Thursday to attend meetings of the state highway commission Friday.

Among matters to be discussed with the highway board, the court members said, is the Sprague River road. They stated they will propose that the state take over that section from the Lakeview highway to Sprague River as a part of the state secondary system.

The court pointed out that the county plans to do considerable work on this section of road this year, which should make it more acceptable to the state commission.

The commission refused to take over the entire road, from Chilcoquin to the Lakeview highway, when the matter was suggested to it some months ago. The highway from The Dalles-California highway to Chilcoquin is a state secondary road.

The court members said they will be at the Imperial hotel in Portland.

AIRLINER CARRYING 16 PERSONS MISSING

(Continued from Page One)

had been issued to all coast guard vessels and planes along the route to aid in a search for the plane.

Radio Useless

The New York office of Eastern Air Lines said the plane—northbound flight No. 14—left Miami on schedule at 7:30 a. m. (EST), pulled out of West Palm Beach at 8:16 a. m. and had not been heard from since.

"We can't contact them by radio," an official said. "The radio is full of static; there's a bad storm in the plane's vicinity, apparently. We're hoping that it's circling in an attempt to land or has already landed elsewhere."

The flight was in charge of Capt. Gerald O'Brien, with Pilot B. M. Crabtree and Flight Steward Al Marin, all of Miami, making up the crew.

The EAL office at West Palm Beach said the plane carried sufficient gas to reach New York in an emergency.

Senate Votes Boost In Farm Parity

WASHINGTON, April 3 (AP)—Rejecting economy pleas, the senate voted today to increase from \$212,000,000 to \$450,000,000 the "parity payments" provided in the annual farm appropriation.

The vote approving the larger sum was 61 to 9.

The house previously had approved \$212,000,000 for these benefit payments to farmers complying with the senate accepted the \$238,000,000 increase recommended by its appropriations committee. Of the total \$150,000,000 would be used to step up payments on this year's crops.

With this major controversy decided, leaders expected quick approval of the record-breaking \$1,340,610,744 farm bill.

Third Air Training Class To Begin Here on April 14

Applications are now being taken for the third air training class in Klamath Falls under the Civilian Pilot Training program, Max Guiley of the city airport said Thursday.

Applicants must be between the ages of 19 and 26, but may be either single or married. There are absolutely no educational requirements, Guiley stressed. He said that many prospective applicants in the past have been confused by the lack of knowledge regarding marital and educational requirements.

Applications are being taken at the Klamath Falls airport during the day and at the chamber of commerce, 323 Main street, from 6:30 to 8:30 p. m. Enrollees must be citizens of the United States and must pledge themselves, if selected for flight training, to apply for flight training in the army or navy if needed. The course is open to both men and women.

Training is divided into two parts. Ground school, the first division, is conducted on a competitive basis. Five of each 25 students who complete ground school work will be awarded flight scholarships.

All applicants must pass a physical exam. First ground school class will be held on April 14. Air work will begin early in June.

COMPANY OFFERS TO BARGAIN WITH CIO

An offer by the Kalpine Plywood company to recognize the CIO-Plywood, Box Shook and Door Workers council, local 9-243, as bargaining agent for Kalpine workers was made today in a letter to the CIO union with an invitation to negotiate any issues brought up by the union. The union immediately stated they were willing to bargain.

The offer, dated Wednesday, April 2, stated it would be effective "until such time as another bargaining agent may be certified to us by the national labor relations board or we have become convinced that you have abandoned your claims of bargaining agent or by legal means we have become convinced that a majority of our employees have designated some other bargaining agent."

A request that the CIO also ask their members who are employees of the company to report to work at once was contained in the letter. The firm guaranteed that no employee would be discriminated against for strike participation.

Meanwhile the Weed highway plant continued to hum, manned by a crew of workers who Wednesday walked through CIO picket lines. Thirty-nine men opened the operation after it had lain idle for four weeks, and it was believed additional men had been taken on since then. Most of the returning workers were believed to be members of the AFL. CIO pickets continued their patrol.

S. F. LIVESTOCK

SOUTH SAN FRANCISCO, April 3 (AP-USA)—HOGS: Salable 200. Active, around 20 cents higher; lead 200 lb. Ore-gons \$9.65, bulk medium Californias \$9.30-60; packing sows 25-50c higher, few \$7.50.

CATTLE: Salable 25. Fed steers, range heifers and cows absent; largely she stock run; few Holsteins \$6.50-7.00, cutters \$6.00-6.50, canners \$5.00-5.50; bulls nominally \$7.75-8.25. Calves: Salable none. Nominal; good to choice vealers quoted \$12.50-13.50; slaughter calves, \$9.00-11.00.

SHEEP: Salable none. Nominal; fed lambs absent, spring lambs scarce, quoted \$11.00-12.00; ewes weak, \$7.00 down.

UNDER RECORD

CORVALLIS, April 3 (AP)—Enrollment at Oregon State college totaled 4024 yesterday, three per cent lower than the record breaking registration on the same day of spring term last year.

EMERY PLANS RETURNING TO TEACHING POST

(Continued from Page One)

they plan to meet jointly for cooperative consideration of the school business, but each board will retain its technical identity, and will act independently in such matters as budgets and voting on employment of staffs.

The "working cooperation" now decided upon results from several years of local discussion of proposed consolidation of the districts, with a view to unifying administration under one head. The possible institution of junior high schools, which would include grades from both the elementary and high school districts, is one of the problems which have brought on the serious consideration of cooperation and ultimate consolidation.

Bicycle Recovery Delayed by Mumps

City police were advised Thursday by the owner of a bicycle found in a service station Tuesday, that the machine would be recovered by the owner as soon as he was over the mumps.

In this case, the bicycle will be kept in safe keeping, officers said.

HUNGARIAN PREMIER COMMITS SUICIDE

(Continued from Page One)

ern Hungary and across from Yugoslavia amid reports that Adolf Hitler was seeking Magyar armies for a push against that nation.

(The German radio, in a broadcast heard in New York by CBS, said the death was "a great loss to Hungary, and Germany mourns the loss of a great friend.")

Premier Teleki personally was known as pro-English rather than pro-German but sought to maintain the appearance of neutral independence in order to make his influence the greater on the Germans, whose drain of Hungary's food and other supplies often aroused cabinet controversies.

Varied Program of Skits Listed for Festival Friday

(Continued from Page One)

high school novelty band, Robert Belleu, director.

"Government Man," Royal Neighbors of America. Written and directed by Vesta Spetz.

"Shantytown Scandals," Okezie Camp Fire group. Mrs. C. A. Williams, director.

Trumpet trio, "Annie Laurie a la Modern," by Stanley McGhiey, Fred Floetke and Bob Fredrickson.

"The Gossipel Truth," Malin high school junior class. Elizabeth Moomaw, director.

"The Good Old Nick of Time," Bly Music and Drama club. Mrs. Carl Deering, director.

"Bluebeard," Bonanza high school pep club. Joanna Givan, director.

Advance ticket sale indicates that a record crowd will be in attendance, according to Harold Ashley, general business manager.

Izola Jensen, specialist in community and social organization, is well pleased with results of the dramatic numbers she has seen at dress rehearsal, according to Winnifred Gillen, home demonstration agent.

Russian Vessel Strikes Fatal Peacock Spit

(Continued from Page One)

steering apparatus failed. The weather was clear.

Thirty-seven members of the crew were removed in small boats this morning and taken to Hammond, Ore., where they are being held for immigration officials. Among the 19 remaining aboard was the ship's master, Captain S. Tookareff.

A. E. Holtz, of the coastguard, learned from one of the seamen that the ship's bulkheads were buckling, that steam connections were off, water connections broken and the engine room partially flooded. She was vying aground almost directly on a line with the bar, consequently exposed to the sea. There was little surf but if the wind increases the Vorovskii will catch the full force of the sea.

The Vorovskii is the first ship of any size to hit Peacock spit since the freighter Iowa galed up there in a terrific gale on January 12, 1936. She was lost with more than 30 crew men. No one survived.

Named in 1935

Principal Emery became principal of the high school in 1935, succeeding Paul T. Jackson. He has the distinction of being the only principal in the state who did not apply for the job. He was given the position when the vacancy occurred, after several years of serving as head of the English department and vice principal. He entered the school faculty in 1927.

On Thursday, Principal Emery expressed his appreciation of the cordial relationships he has had with school board members, faculty and students. "I have had excellent cooperation and every relationship has been pleasant," he said.

Emery's health has been such that administrative duties of the big school, second in size only to Salem, upstate Oregon, have weighed heavily upon him in the last year and he has seriously considered the advisability of returning to teaching work.

Enviably Record

He is enviable record of teacher hiring for the new year and will handle other administrative work through a part of the summer, it is expected.

Percy Murray, chairman of the high school board, said: "Under the leadership of Mr. Emery the high school has attained a most enviable record. The school board will feel keenly the loss of his leadership."

"Under his guidance the school has grown to be one of the largest in the state. The outstanding record of Klamath students at state institutions of higher education is certainly a direct reflection of the high type of instruction developed under Mr. Emery's supervision. He is a fine school man with an outstanding record."

"The board appreciates his genuine sincerity and hard work. I am sure every member will want Mr. Emery to remain in the school system that we may not lose the benefit of his outstanding teaching ability."
