SCHOOL ORGANIZES BAND AT SPRAGUE

SPRAGUE RIVER—After several years of effort, success has been reached in the organization of a band for the Sprague River public school. The new organization under the direction of John Curry has been practicing for the last few weeks and will make its first public appearance at the graduation and achievement day programs on May 12, according to present plans.

The band is starting out with a membership of 15, with many students expressing desire and intention of joining in the near future. The present organization is as follows: saxophones, Mary Lou Gage, Patsy Crume, Roy Wilson, Wilfred Barkley, Patricia Schonekin; trumpets, Bobby Nelson, William Wolford, Bobby Clause, Charlotte Rumlhart; clarinets, Mike Short, Dorcas Cody, Jessie Coburn; trombones, Forrest Seright, Bob Carlini; mellophone, Maurice Christenson. The addition of drums and a bass horn will be made soon.

Addition of the band to the school music program is greeted with great enthusiasm by local people, as the school has lacked this important unit for concerts, programs, music festivals, and sport contests. Principal Roland Parks states the band will continue practice through the summer months and should be ready to give its first public concert in the fall.

TRAILER CAR WIFE

After high school she had married and now they live in a trailer car. And she had ideas of her own.

"You religious people bow your heads when you pray. If I ever become one with you, I would want to lift my face toward the heavens in prayer." So she began.

That was new to us. As a matter of fact does it matter what the posture in prayer? Here is a Portland family that has sent three into high school and college teaching and a fourth to give the Bible to India. In their family worship they remain seated and with heads bowed while the prayer is made. They never kneel.

Knees Like a Camel

Then there was James, back in the first century church. When they came to coffin him, his knees were found to be so calloused they called him Camel Kneel James. So much did he kneel. Again recall the English M.D. who founded the China Inland Mission back in the 1880's. He had a way of praying aloud as he walked the paths and roads; pleading the plight of China's millions in their poverty, disease and desperate sin. God must have heard, for the force of half a dozen at the first now numbers over thirteen hundred workers, sent out from America and across the water. With never an appeal for funds, they are kept in the field by prayer. The secret of this inflow of millions of dollars these seventy odd years is in the hundreds of prayer groups that meet each month to lay before the Lord of the harvest the needs of the workers and the work. When we pray for his Son's work, he brings it to pass. Hundreds of laborers and enough money.

But back to the wife in the trailer car. The Way of Life made clear and the questions answered by use of the Bible she asked—"If I have that heart belief, whom do I tell?" Tell God, we suggested. "With the heart man believeth unto righteousness," and with the mouth confession is made unto salvation." Next came—"Why not tell you, for you have made it all clear to me?" But she did not have to tell us; the new light in her face had already told us. Have you reading this, that joy, peace and hope? Tell God. Thank You for Salvation and tell the folks. This is God's command—"That we should believe on the name of His Son Jesus Christ and love one another as He—Christ—gave us commandment." O happy day that I found my choice; on Thee my Saviour and my God.

Italians List Toll Of Greek Attack

ROME, April 26 (AP)—The Italian high command reported Thursday that fascist forces lost 6000 dead and wounded, including 400 officers, in the final offensive against the Greeks on the Albanian front.

Stefani, official Italian news agency, estimated that 300,000 Italians and 400,000 Greeks fought along a 150-mile front in the 10-day "battle of Epirus" which began Easter Sunday.

The agency said that before the Greek left wing capitulated Italian troops had penetrated as much as 90 miles into Greece.

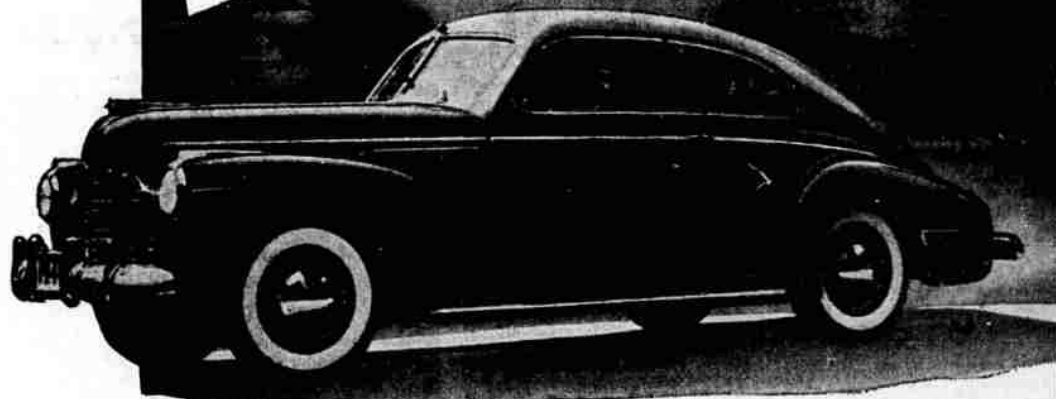

(The Greek high command declared that the Italians had not set foot on Greek soil up to the time of the capitulation, which they attributed to collapse of the Yugoslav army and the subsequent exposure of their northern flank to the Germans.)
