

JCC PROPOSES STATE TOURIST WELCOME PLAN

A new project of statewide importance has been undertaken by the junior chamber of commerce. This is the "Welcome Tourist" idea and it will be discussed at the state convention here in Klamath Falls this coming weekend.

The object of this program is to educate those who come in contact with tourists in the state's recreational facilities and outstanding places of interest throughout the state. Along this line, Harold B. Say, head of the travel information bureau in the state of Oregon, will present a new technical film to the delegates entitled "The New Oregon Trail."

Of interest to the general public is the announcement that the Sunday morning breakfast, featuring the national president of the junior chamber of commerce, Mark Matthews, will be thrown open to the public. All persons interested in this are advised to call the chamber of commerce offices and make reservations. This feature will be held at the Willard hotel at 10 a. m. Sunday, May 4.

Woman Injured in Crash Near Beatty, Report Reveals

Several minor accidents were reported to the sheriff's office Tuesday.

Pauline Godewe, 35, Beatty, was reported injured in a crash near Beatty in an accident report filed by Virginia C. Heuvel, 2204 Eberlein street. Mrs. Heuvel said Pauline Godewe's back was sprained when the Heuvel car and another car, parked at the edge of the pavement, nicked fenders.

C. W. Kemper and Dr. Ray Oldenber were drivers of cars in a crash at Beatty, and William K. Johnson and Ivan Kandra reported a collision three miles from Rocky Point.

Columbia Lumber Parleys Continue; Proposal Rejected

PORTLAND, Ore., April 29 (AP)—CIO International Woodworkers of America and employers of the Columbia river logging area met today in another effort to prevent a strike of the 9000 CIO employees in the district.

Threat of a walkout increased last night with announcement by Frank Gordon, district union secretary, that an employers' offer of a 7 1/2-cent-an-hour wage increase was "not at all satisfactory."

Unionists have demanded a 15-cent increase, and Gordon warned a settlement must be reached soon or a strike would be called. Authority for the strike already has been voted to officials.

ROBBERS LOOT SAFEWAY SAFE ON EAST MAIN

Prowlers entered the Safeway store at East Main and Stukel streets sometime between 9 p. m. Sunday and 2:08 a. m. Monday morning, and made off with an undetermined amount of money, results of Saturday's and Sunday's business.

The lid of the safe, which is set in cement in the floor, was removed by the thieves and taken from the building, according to investigating police. It is understood that most of the money was in checks.

According to officers, the thieves left by the rear door as a padlock was found hanging in the hook with the door key in the lock. The store has been robbed several times in the past. It was reported.

BRITISH TOWN GETS BOMBING

SOUTHWEST COAST TOWN, England, Tuesday, April 29 (UP)—German bombers swept over this town in relays for about four hours last night and early today, bucking the heaviest anti-aircraft barrage heard here throughout the war.

The defense fire seemed to turn back many of the enemy planes at the outer fringe of the barrage. Nevertheless a formidable number of raiders broke through and poured many thousands of incendiaries and high explosives.

In the first quarter-hour of the attack alone, it was estimated at least 10,000 fire bombs rained on the town. They were followed by oil bombs.

The raiders also used many flares, as many as 50 floating over an area at one time.

Tentative reports indicated that the casualties and damage would be fairly light in comparison with the scope of the attack.

The incendiaries and oil bombs started several fires, the majority of which were controlled quickly.

Developing reports indicated that the damage spread over a considerable area.

Restaurant Robbed Saturday Night

L. H. Dolan reported to city police the burglary of his restaurant, formerly the Terminal Inn, at 1345 South Sixth street, sometime Saturday night. Prowlers pried the screen from a rear window, broke the glass, and opened the lock. An axe was found near the window.

A total of \$836 in silver was taken from the cash register.

Just as the prowlers were ready to sit down to eat, they were apparently frightened, as a glass coffee pot placed on the burner, was left without the contents consumed.

ADMIRAL SAYS VESSELS 2000 MILES AT SEA

(Continued from Page One)
eral George C. Marshall, army chief of staff, had reported on "the state of the army" and revealed that either today or tomorrow an army garrison would be dispatched to Trinidad. He added that "very shortly" new bodies of troops would move to Alaska.

Already, Marshall said, the army has garrisons in Alaska and the Kodiak Islands and in Newfoundland and Bermuda.

Earlier Jesse Jones, secretary of commerce, forecast that the national debt would rise to at least \$90,000,000,000 and warned "We have not yet made any sacrifices but they are in store for us, plenty of them."

"A few months ago we were worrying about whether we could afford to increase government borrowing authority above \$45,000,000,000," Jones recalled. "It seems probable now that it will grow to at least double that amount, even allowing for paying as much of this extraordinary cost as our economy can stand from current taxes."

"But whatever amount we have to borrow, we must continue to pay back the day the emergency is over."

The government's development work here will not change the status of the Klamath port as to public or private port use. There will be no military garrison at the port, but the government's purpose is to make it possible for fast military planes to land if necessary on the field here.

Traffic signals are scheduled by the highway commission for the following corners: Sixth, Seventh, Eighth, Ninth, Tenth and Eleventh on Main street; Ninth and Pine streets; South Sixth street and Klamath avenue; South Sixth and East Main streets.

The city is paying for about half of the cost of these signals, by virtue of a levy passed in May, 1940. The highway commission will pay half of the cost of signals on state highways. All of the intersections affected are on the state highway system, with the exception of Eleventh and Main streets.

Prior to passage of the ordinance, the council confirmed the appointment of the board of viewers which set appraisals for the city on these properties. On the board are R. H. Dunbar, A. R. Campbell and Henry Semon.

Court Action
It was also decided to start condemnation proceedings at next Monday night's council meeting on other land which the city wants for the airport and on which an agreement as to price has not been reached. This property is owned by Kelley brothers.

The civil aeronautics authority of the U. S. government has appropriated \$254,000 for the Klamath airport job, and has named the U. S. army engineers as construction agent.

Klamath voters in March authorized a levy to raise about \$68,000 for property purchase and other incidentals in expanding the airport.
