In the District of Columbia, employment was given 167,071 persons at the end of March, an increase of 5554 in the month.

Famous Wild Animal Expert To Bring Chimpanzees Here

Reuben Castang and "Grandma," 28-year-old performing chimpanzee.

The famous Castang chimpanzees will appear with the Polack Brothers Circus and thrill show here next week. The circus is sponsored by the Klamath Falls 20-30 club for the benefit of its milk fund.

Reuben Castang, trainer of the chimpanzees, is one of the world's most eminent living authorities on wild animals. His biography, entitled "Wild Animal Man" written by R. W. Thompson, has been published both in England and the United States. He is also the subject of a sketch in a handbook used by high school students in this country, called "Champions" and published by Harcourt Brace.

The son of a London animal importer, Castang was apprenticed as a youth to Carl Hagenbeck, the famous zoologist, in Hamburg, Germany. The first animals he trained were a herd of goats. Since then he has trained many different species of wild and domestic animals, including a group of polar bears which he broke as beasts of burden at the behest of Amundsen, the polar explorer. The bears were never used by Amundsen but the experiment was considered a success.

Castang lost all his animals while interned in Germany during the first World War and went to Africa to hunt more, becoming a close student of animal psychology and communication. He originally came to America some forty years ago and has encircled the globe several times since.

During the St. Louis World's fair in 1904 he had a mixed group of tamed wild animals on "The Pike," and at one time presented 12 elephants in a single act on the New York Hippodrome stage.

Castang is reputed to be the only animal trainer who has mastered fully tamed chimpanzees, which become vicious upon reaching adulthood. His "chimps" are Hollywood veterans, having appeared in a series of film comedies in which several present-day movie celebrities had their start. Jean Arthur made her first screen appearance with the "chimps."

In 1939, Castang and his chimpanzees were featured in Frank Buck's "Jungleland" at the New York World's fair.

How are men enslaved?

BY NORMAN CHANDLER, CHAIRMAN, NEWSPAPER PUBLISHERS COMMITTEE

STOP and think just a moment. A nation cannot be enslaved except by ITS OWN or by some other government.

It is Germany's GOVERNMENT, and Italy's and Russia's GOVERNMENTS, which have taken away men's freedom.

We, ourselves, fought our first American war because OUR OWN GOVERNMENT—the government of GEORGE III—threatened our liberties!

We have rejected governors, mayors and even presidents because they were risking our freedom, infringing our rights, or tolerating rackets or graft that put free men in chains.

Why do not the citizens of Germany and Italy rise and throw off the shackles? The answer in one sentence is: The GOVERNMENT controls the PRESS in those countries. Thus they control what people believe.

In America, the job you give the press is that of GUARDIAN. You demand that it WATCH THE GOVERNMENT. If the government serves you well, you are to be told so. If it serves you badly, the telling is to be just as swift and definite.

It never hurts to watch and report upon the doings of an honest man. He seldom

objects, so long as the truth is told about him. But when you hear a politician claiming that the newspapers are "after him," put it down that he will BEAR WATCHING. You can thank your stars that there is a force which can bring him quickly to time—A FORCE HE CANNOT CURB!

The public holds an "election" of its NEWSPAPERS every day—simply by buying or not buying. The same public can't get at its government except in one-, two-, four- or even six-year intervals. And even then, it can know what the true state of affairs is only if the press is free to report ALL THE NEWS.

When you realize that government alone can enslave the nation, a free and uncontrolled press seems mighty important. It becomes the eyes and the ears of all the rest of us who busy ourselves with our private affairs.

Put this down as the first barrier against dictatorship:

NO NATION WAS EVER ENSLAVED BY ITS OWN GOVERNMENT WHERE THE PRESS WAS COMPLETELY FREE!

Over 300 leading newspaper publishers join together to bring you this weekly message about the function of the press in a free nation. Newspaper Publishers Committee, 420 Lexington Ave., New York.
