STOCK RALLY AIDS STEELS, OTHERS QUIET

NEW YORK, June 7 (AP)—Steels and specialties got their teeth in a fair-sized stock market rally today but many leaders were unable to bite off much in the way of rising prices.

Quotations began to harden in the final hour after considerable early hesitancy. While gains of fractions to a point or so were well sprinkled over the list at the close, numerous issues were off a trifle or unchanged.

Dealings picked up a bit on the attempt to lift trends and transfers for the two hours approximated 175,000 shares against 110,000 in the previous short session.

Forecasts of record mill operations next week proved a prop for the steels.

WHEAT PRICE RISES 3 CENTS A BUSHEL

CHICAGO, June 7 (AP)—Wheat prices advanced about 3 cents a bushel today in a moderately heavy trade to the highest levels since May, 1940. July wheat sold above \$1.01 and December near \$1.05.

Buying was inspired by reports of crop damage and threatened further deterioration in parts of the southwestern winter wheat belt due to too much moisture at harvesting time. Black rust was reported spreading under favorable weather conditions for this disease.

The market also was affected bullishly by establishment of loan rates ranging from 10 to about 14 cents above current futures prices and by a reduction in offerings of old wheat now moving through terminals.

Wheat closed 2 1/2-3 cents higher than yesterday, July \$1.01 1/2-1 1/4, September \$1.02 1/2-1.03; corn 1/4-1/2 cents higher, July 74 1/2-1, September 76 7/8-1; oats 1/2-3/4 higher.

ENGINEERING FIRM TAKES LOCAL MAN

George Stephenson of Klamath Falls is one of the five boys of the Oregon State college engineering school to be selected for a position with the Westinghouse Electric and Manufacturing company. George will graduate in June as a bachelor of science in electrical engineering.

He graduated from Klamath Union high school in 1934. The same year, he registered in Sacramento Junior college, transferring the following year to the Southern Oregon College of Education. He enrolled for the electrical engineering courses at Oregon State college in 1938.

A member of Phi Sigma Kappa social fraternity, he also holds memberships in other groups. He belongs to the Eta Kappa Nu, honorary mathematics fraternity; Tau Beta Pi and Sigma Tau, honorary engineering fraternities and Pi Mu Epsilon.

At Westinghouse he will train in preparation for a general engineering course or application.

British Take More Italian Prisoners In Kenya Advance

NAIROBI, Kenya Colony, June 7 (AP)—British east and west African troops have crossed the Omo river, in southern Ethiopia, at two points, have taken 2000 prisoners and have captured the town of Abalti and all Italian defenses in the region, British headquarters here announced today.

One force, advancing from the east toward Jimma, breached the Omo at a point where it was 50 yards wide and flowed through a broad valley commanded on the Italian side by a steep escarpment, a communique said.

The other force, advancing from Soddu, crossed the swift-flowing, swollen river at a point where it was 100 yards wide. The British said that as an obstacle, the Omo there "is comparable with Maidenhead (on the Thames) in flood."

The Italian force opposing the first imperial force "used its natural advantages to full effect and had prepared artillery and machinegun positions commanding the approaches," the communique said, but "the determination of our troops overcame all obstacles and resulted in the capture of the whole enemy defense in this area with 1000 European prisoners."

Portland Residents Oppose Talks by Lindbergh, Nye

PORTLAND, June 7 (AP)—Portland residents moved yesterday to prevent Senator Gerald P. Nye and Charles A. Lindbergh from using the civic auditorium and public school buildings for speeches scheduled here soon.

The Portland Americanization council said it believed the America First committee, which is sponsoring the speakers, should be opposed during the emergency proclaimed by President Roosevelt.

America First committee members said, however, that they did not contemplate use of the auditorium or the schools, but would hold the meeting in a nearby amusement park.

Five young men who are graduating from Oregon State college, Corvallis, Ore., as engineers, have been chosen by the Westinghouse Electric and Manufacturing company to join its graduate student course at East Pittsburgh, Pa. BRIDGES APPROVES ORTON'S REFUSAL

SEATTLE, June 7 (AP)—A telegram from Harry Bridges, west coast longshore leader, today commended the stand of O. M. Orton, International Woodworkers of America president, in his stormy controversy with the national mediation board.

Orton arrived by plane last night from the nation's capital with "no comment—I haven't heard anything or read anything for 12 hours."

Just after his arrival his headquarters released the text of a telegram from Bridges and Matt Meehan, longshore secretary, which stated:

"You have our unqualified and wholehearted support in your stand against the union-smashing proposals of the national defense mediation board. Congratulations on your courage and determination in the face of the extreme pressure that is being put upon you to sign away the fundamental rights and living standards of your membership."

Orton walked out of the mediation board Wednesday and issued a statement in which he accused the board of "labor-busting" tactics in connection with the strike of timber workers which has kept 12,000 to 20,000 out of work in Pacific Northwest mills and camps.

His action drew a lengthy attack from CIO President Philip Murray and from the office of production management's labor advisory committee.

Referendum Drive On Textbook Bill Dropped by Group

PORTLAND, June 7 (AP)—Sponsors of the referendum against free text books for all Oregon elementary schools dropped plans for a 1942 ballot test yesterday.

Floyd D. Moore, secretary of the Association Against Public Taxes for Private Schools, said not enough time was left to get the required number of signatures on petitions for the referendum.

The association had obtained 25,000 names on petitions which had been circulated against "a bill providing for free textbooks for private elementary schools," but they were invalidated by the state supreme court yesterday. The court said the title should have read, "A bill to provide textbooks for pupils attending standard elementary schools."

Public schools have had free textbooks for a number of years, but this year's legislature passed the law extending the service. The bill becomes effective this month.

Studios Upheld In Albany Case

PORTLAND, June 7 (AP)—Hollywood movie studios were upheld yesterday in their refusal to sell certain films to P. R. Henderson, Albany theatre operator.

Henderson had complained the studios were discriminating against him.

Arbiter Joseph K. Carson Jr., in the first such northwest ruling upheld the Metro-Goldwyn-Mayer, 20th Century-Fox, Warner brothers and R-K-O firms, who said the refusal to sell was based on inability to come to price terms.

NEWS OF THE THEATRES

"Sunny," long-awaited "dancy romancy" musical, with Anne Neagle and Ray Bolger co-starring, opens to Klamath Falls audiences at the Pine Tree theatre Sunday.

Singing Stars Susanna Foster and Allan Jones are merry and melodic as they're baton-guided by Heimo Haitto, one of the many talented youngsters who appear in Paramount's new comedy with music, "There's Magic in Music," which opens Sunday at the Esquire theatre. Margaret Lindsay and Lynne Overman are also featured in the musical. Jay Clarke on the stage.

"Meet John Doe," now at the Pelican theatre, brings Gary Cooper under direction of the great Frank Capra. Their last and much remembered picture was "Mr. Deeds Goes to Town."

Bob Feller, Order No. 2857, Receives Draft Blanks

CLEVELAND, June 7 (AP)—Order No. 2857, baseball's No. 1 pitcher, looked in the mailbox today for a selective service questionnaire addressed to Robert William Andrew Feller and averred he would be ready for the call—which may come in late August.

"I don't expect to ask for deferment—after all, why should I?" he said when he heard the news. "Everybody has to do his duty, and if they call me I'll do the best I can."

What branch of the service? "It doesn't matter, and anyway that's something to take up later," he said.

The series? He wouldn't predict the pennant chances of the Indians, who can thank Feller's

CLEVELAND, June 7 (AP)—Manager Roger Peckinpaugh of the Cleveland Indians believes "it wouldn't be too much out of line" to ask a short deferment if Bob Feller is called into the army in August.

right arm for their continuance in first place, but admitted he "would like to be in the world series. But it's all the same to me whether they call me one time or another."

How much the \$45,000-a-year Feller means to the Indians was demonstrated vividly yesterday when he shut out the Invigorated Athletics, 2 to 0, walking none and allowing four hits. It was his fourth victory since his staffings last won a game on May 24, his fourth shutout and 12th win of the season. His 11 strike-

JEWES FACING GERMAN RULES IN JUGOSLAVIA

By JACK FLEISCHER
United Press Correspondent

BERLIN, June 7 (AP)—Anti-Jewish restrictions were ordered today in the new state of Croatia, carved out of Yugoslavia, as Adolf Hitler and the chief of the Croat regime, Dr. Ante Pavelic, conferred at Berchtesgaden on the axis reorganization of the Balkans.

The visit of Pavelic to Hitler's Bavarian mountain-top retreat was the latest of a series of closely-guarded diplomatic moves between the axis and Balkan leaders, in Italy-German negotiations to correlate trade resources and raw materials supplies in southeastern Europe.

The official DNB agency reported from Zagreb that all Jews in Croatia have been ordered by official decree to list their property with the state within 20 days, under threat of severe punishment for evasions.

The Croatian Jews, it was reported, are being organized in ghetto manner, like the Jews of Nazi-occupied Poland, and are required to wear a "yellow spot" button with the letter "Z" for Zionist and the six-point Israeli star.

A Croat official decree forbids Jews to "masquerade" under assumed names.

Pavelic and Hitler had a two-hour conversation in the presence of Reichsmarshal Hermann Goering and Foreign Minister Joachim von Ribbentrop.

The Croat leader, whose tiny country was part of Yugoslavia until the German Balkan campaign, was the second Balkan statesman to be received by Hitler in recent days. King Boris of Bulgaria conferred with Hitler and Goering last week-end.

It is apparent an extensive German diplomatic campaign is in progress, but it is impossible from here to do more than point out that such activity exists.

Nova Kayos Jim Robinson In Third

MINNEAPOLIS, Minn., June 7 (UP)—Lou Nova, contender for Joe Louis' crown, knocked out Jim Robinson, a rangy Philadelphia Irishman, Friday night in the third round of their scheduled 10-round bout.

Nova's victory came as his supporters said it would—he blasted Robinson with rights and lefts for two rounds and then drove home two blistering right hooks to stop the contest.

The knockout was Nova's third victory since he hit the comeback trail last winter with his new theory in physical culture—his "cosmic" punch delivered from his "dynamic" position.

During the first round, Nova felt Robinson out and was content to trade a few punches that caused no damage. In the second round Nova went to work on the lanky Pennsylvanian, dropping him to the canvas with a left hook for a two count.

Buck Newsom Fined \$5000 By Tiger Owner

DETROIT, June 7 (AP)—The Detroit News said today that Louis Norman (Buck) Newsom, 1940 world series pitching hero of the Detroit Tigers, had been fined \$5000 by Owner Walter O. Briggs for "failure to get into proper condition."

Newsom was notified of the fine several days ago, the paper asserted. Two days ago the big right-hander was demoted from starting hurler and assigned to bullpen duty.

The News said the fine equals the highest ever assessed in baseball. Babe Ruth having paid the amount in 1925 when suspended by the New York Yankees for "general misconduct."

Spokane Defeats Vancouver 8-6

By The Associated Press
In a weird, hard-hitting game of protests and a triple play, the Spokane Indians added to their Western International league lead last night by defeating the Vancouver Capilanos, 8 to 6.

Yakima and Tacoma split a doubleheader in the league's only other contests, the Salem game at Wenatchee being rained out.

Vancouver protested a run scored by Spokane in the third inning of the contest in the British Columbia city. Frank Milani was scoring while Left Fielder Al Lingua dropped a fly with the bases full, then rifled the ball to the infield where putouts were made at third and second.

Pendergast Gets Two-Year Sentence In Federal Court

KANSAS CITY, June 7 (AP)—T. J. Pendergast, former democratic political boss, and R. E. O'Malley, one of his lieutenants, were sentenced today to two years each in prison by a three-judge federal court which found them guilty of contempt in deceiving it in Missouri's \$10,000,000 fire insurance settlement.

Both already have served federal terms of approximately one year for income tax evasions.

The government charged that while Pendergast was wielding the power which once helped elect Missouri governors and United States senators and while O'Malley was state superintendent of insurance, they accepted \$500,000 to help speed up a case in favor of fire insurance companies. The government said the payments were made by Chicago attorney representing the insurance companies. He since has died.

A misologist is a hater of argument.
